Attacks on the Press Committee to Protect Journalists (CPJ), 2013-02-04. The world's most comprehensive guide to international press freedom. From Aleppo to Zacatecas, Beijing to Brasilia, the past decade has seen a sharp rise in the number of journalist imprisonments, assassinations, and disappearances worldwide. Caught between warlords and religious extremists, corrupt police, and drug cartels, and hemmed in by increasingly oppressive censorship laws, journalists have never been at such peril nor asked to pay such a high price for the ethical practice of their profession. Begun as a simple typewritten list in 1986, *Attacks on the Press* has grown to become the definitive annual assessment of press freedoms globally. Compiled by the Committee to Protect Journalists, it provides up to the minute analyses of media conditions, press freedom violations, and emerging threats to journalists in every corner of the world. In this 2013 edition, you will find front-line reports and analytical essays by CPJ experts covering an array of topics of critical importance to journalists, including journalist casualties at the front lines of conflicts in Syria, Nigeria, Somalia, Afghanistan, and other global hot spots; the curtailment of Internet freedoms across Southeast Asia, with an emphasis on the draconian measures now in place in Vietnam, Malaysia, and Thailand; the status of investigations into the disappearances of 35 journalists worldwide and why more than half of those disappeared went missing in Mexico and Russia; the rise in journalist imprisonments globally; the spate of new anti-terrorism laws that made it possible and the example set by the U.S. government in the wake of 9/11; the state of journalistic freedoms in Iran since the Green Movement and the practice of summary imprisonment of Iranian journalists; how the rise of mobile Internet technology and social media has engendered new dangers for journalists from both insurgent groups and the governments they are fighting; in addition to being an invaluable source of timely information and guidance for media professionals, *Attacks on the Press* gives voice to journalists globally, providing them with a platform for direct advocacy with governments and a seat in discussions at the UN, OAS, EU, AU, and other official bodies.

Save The Girl Avery Blake, Johnny B. Truant, 2019-02-26. HOLLIS AND MIA MIGHT NOT BE ABLE TO GET OUT OF THIS ONE. Hollis Palmer doesn't want to face Brendan Banks again; he was nearly killed the last time. But Brendan has kidnapped Mia and new friend Carol, possibly the only person who knows how to interpret the data discovered inside the briefcase Hollis stole from Mia's husband. Good news for Hollis: he has a plan. The bad news is that he has a knack for screwing up even the best-laid plans, and he just can't seem to stop making enemies. As if that weren't enough, the more Hollis learns about the data in the case, the more terrifying it becomes. Can he save the girl before it's too late?

Another outstanding entry in the Invasion universe. I couldn't stop reading this book, and I can't wait to dive in to the next one. I'm going to be very busy reading the next 98 weeks.
