Routledge Revivals: A Rural Policy for the EEC (1984) Hugh Clout, 2017-11-22 First published in 1984 Hugh Clout's work contributes to one of the most debated and important topics of the time the European Economic Community Starting from the Mid 20th century Clout explains the profound socio economic and environmental changes that effected the countryside of Western Europe This work shows how the EEC's wide ranging Common Agricultural Policy added a measure of uniformity to farm policies Clout reveals that the transformation however was not an entirely healthy one The broad process of agricultural modernisation reinforced the numerical decline of farm workers throughout Western Europe weakened many rural communities and served to accentuate depopulation Clout's work ultimately argues forcibly that to produce such a programme for managing rural Europe would be a major challenge for the EEC in the future Handbook of European Policies Hubert Heinelt, Sybille Münch, 2018-01-26 This definitive Handbook addresses the current lack of research into European policymaking and development using an interpretive perspective Questioning areas that mainstream approaches tend to neglect contributors target the ways in which ideas arguments and discourses shape policies in the institutional context of the EU Administrative Law and Policy of the European Union Herwig C. H. Hofmann, Gerard C. Rowe, Alexander H. Türk, 2011-10-27 Administrative Law and Policy of the EU provides a comprehensive analysis of the administration of the European Union and the legal framework within which that administration operates The book examines the multifarious approaches techniques and structures of public administration in order to systematise and assess the solutions they offer to political social and economic problems The legal framework of administration is examined from the standpoint of how it meets the demands of specific policy objectives established by democratically accountable decision makers Administrative law structures and many of its underlying principles have developed in an evolutionary and isolated manner in each policy area While aware of the diversity of specific areas this book takes an overarching approach setting out the common rules and principles that constitute the general body of EU administrative law By integrating the disciplines of political and administrative science and administrative law the book offers a rich explanation and critique of the complex executive framework of the EU **The Oxford Handbook of Postwar European History** Dan Stone, 2012-05-17 The postwar period is no longer current affairs but is becoming the recent past As such it is increasingly attracting the attentions of historians Whilst the Cold War has long been a mainstay of political science and contemporary history recent research approaches postwar Europe in many different ways all of which are represented in the 35 chapters of this book As well as diplomatic political institutional economic and social history the The Oxford Handbook of Postwar European History contains chapters which approach the past through the lenses of gender espionage art and architecture technology agriculture heritage postcolonialism memory and generational change and shows how the history of postwar Europe can be enriched by looking to disciplines such as anthropology and philosophy The Handbook covers all of Europe with a notable focus on

Eastern Europe Including subjects as diverse as the meaning of Europe and European identity southern Europe after dictatorship the cultural meanings of the bomb the 1968 student uprisings immigration Americanization welfare leisure decolonization the Wars of Yugoslav Succession and coming to terms with the Nazi past the thirty five essays in this Handbook offer an unparalleled coverage of postwar European history that offers far more than the standard Cold War framework Readers will find self contained state of the art analyses of major subjects each written by acknowledged experts as well as stimulating and novel approaches to newer topics Combining empirical rigour and adventurous conceptual analysis this Handbook offers in one substantial volume a guide to the numerous ways in which historians are now rewriting the history of postwar Europe

German Agriculture in Transition G. Wilson,2001-05-21 A much needed contemporary analysis of the Common Agricultural Policy and Germany s role within it The authors investigate the effect of reunification on German policy today and ask whether she has acted as leader partner or obstructor in the formation of policy Their analysis includes social and environmental aspects as well as the economic and political with a special focus on the green agenda in European agriculture

the most important trajectories of Europe's development and the challenges faced by the continent today. No one interested in Europe will be able to ignore this extraordinary collection of scholarship. Professor Thomas Diez, University of Birmingham. In its range and comprehensiveness it will be hard to beat and it will certainly become an invaluable resource for sociologists, political scientists, historians, and all others seeking the best information and most up to the date approaches to the study of Europe today. Professor Krishan Kumar, University of Virginia. An impressive account of the state of the art of the study of contemporary Europe. This is an outstanding work and a definite companion to all those interested in contemporary Europe. Journal of Contemporary European Studies. Europe is one of the world's oldest civilizations. But what does it mean to be European today? What place does Europe have in global affairs? How should we analyze its key institutions, system of governance, and broader cultural, social, and political dynamics? This exhaustive and timely handbook explores the transformations that characterize contemporary Europe. Investigates how we can best study Europe. Consolidates European studies and provides a platform for future study. Increases the profile of European studies. The Handbook promotes the increasing diversity of perspectives employed in the study of contemporary Europe and EU integration and is situated within the context of Europe's transformations. It offers balanced coverage of political, social, economic, cultural, and institutional dimensions of Europe and includes chapters by leading authorities including Ulrich Beck, Craig Calhoun, Donatella della Porta, Claus Offe, Anssi Paasi, Ben Rosamond, Gurinder Bhambra, and Charles Tilly. Multidisciplinary in organization, inclusive in coverage, and cutting edge in scope. The SAGE Handbook of European Studies is a landmark resource for anyone interested in Europe.

The Diversion of Land C. Paul Burnham, Angela Edwards, Ruth Gasson, Bryn Green, Clive Potter, 2005-10-05. European agriculture is on the brink of a financial and ecological crisis. The authors assess the challenge facing policy makers and those involved in the industry, arguing for the preparation of an environmental agenda based on land organisation and diversion.

Landscape Protection in International Law Amy Strecker, 2018-08-23. Once the exclusive prerogative of domainiers, landscape has gained increasing importance in international law in recent years. Since the introduction of cultural landscapes within the UNESCO World Heritage Convention and particularly since the adoption of the European Landscape Convention, ELC emphasis has shifted beyond a scenic preservationist approach towards a more dynamic, human-centred one. The focus is not only on outstanding landscapes but also on the everyday and degraded landscapes where most people live and work. Landscape is land shaped by people; after all, and its protection, management, and planning have a number of implications for democracy, human rights, and spatial justice. Despite these links, however, there has been little legal scholarship on the topic. How does international law, which deals for the most part with universality, deal with something so region-specific and particular as landscape? What is the legal conception of landscape and what are the various roles played by international law in its protection? Amy Strecker assesses the institutional framework for landscape protection, analyses the interplay between landscape and human rights, and links the etymology and theory of landscape with its

articulation in law *Transformation of Resource Towns and Peripheries* Greg Halseth, 2016-07-01 Most developed economies including single industry and resource dependent rural or small town regions are transforming rapidly as a result of social political and economic change Collectively they face a number of challenges as well as new opportunities This international collaboration describes a critical political economy framework that will be useful for understanding these transitions *Transformation of Resource Towns and Peripheries* describes the multi faceted process of transition and change in resource dependent rural and small town regions since the end of the Second World War The book incorporates international case studies from Australia Canada Finland and New Zealand with the express purpose of highlighting similarities and differences in patterns and practices in each country Chapters explore three main themes how corporate ties and trade linkages are changing and impacting rural communities and regions how resource industry employment is changing in these small communities and how local community capacity and leadership are working to mitigate challenges and take advantage of new opportunities This book will be of interest to students of regional studies geography and rural and industrial sociology It will also have a strong appeal to policy makers and local regional development practitioners
