Luis Gonzalez Palma Poems Of Sorrow:

Luis González Palma Luis González Palma,1999 Luis Gonzalez Palma s photographs are marked by a rich texture of transcendent symbols and an open armed embrace of beauty Crowns roses and wings appear again and again yet his world is one haunted by grief He has said I live in a country Guatemala where there is mysticism and violence at the same time Where you are enjoying nature and the helicopters are flying overhead to bomb some region where you know that as you are working someone is being killed or someone is being baptized However Gonzalez Palma is no photojournalist His landscape is not Guatemala s but the soul s and it is filled with angels and terrifying mythic beasts The shadows that pervade it stem less from politics than from the sorrow of the human condition For all the pain in his work though he never takes us to the point where we must abandon all hope His subject is grief never despair Luis González Palma Luis González Palma,1999

Silence of the Gaze Luis Gonzlez Palma, 1999 **St. James Guide to Hispanic Artists** Thomas Riggs, 2002 Arranged alphabetically from Eduardo Abela to Francisco Zuniga this volume provides biographical and career information as well as critical essays on prominent Hispanic artists *A Beauty That Hurts* W. George Lovell, 2014-05-14 Though a 1996 peace accord brought a formal end to a conflict that had lasted for thirty six years Guatemala s violent past continues to scar its troubled present and seems destined to haunt its uncertain future George Lovell brings to this revised and expanded edition of *A Beauty That Hurts* decades of fieldwork throughout Guatemala as well as archival research He locates the roots of conflict in geographies of inequality that arose during colonial times and were exacerbated by the drive to develop Guatemala s resources in the nineteenth and early twentieth centuries The lines of confrontation were entrenched after a decade of socioeconomic reform between 1944 and 1954 saw modernizing initiatives undone by a military coup backed by U S interests and the CIA A United Nations Truth Commission has established that civil war in Guatemala claimed the lives of more than 200 000 people the vast majority of them indigenous Mayas Lovell weaves

documentation about what happened to Mayas in particular during the war years with accounts of their difficult personal situations Meanwhile an intransigent elite and a powerful military continue to benefit from the inequalities that triggered armed insurrection in the first place Weak and corrupt civilian governments fail to impose the rule of law thus ensuring that Guatemala remains an embattled country where postwar violence and drug related crime undermine any semblance of orderly peaceful life

Brief story about unease Luis González Palma, Rosina Cazali, 2010 The rich sepia tone of a photograph by Luis González Palma born 1957 is unmistakable he colors his prints by hand but always leaves the whites of his portrait subject's eyes untinted to elicit a disconcerting but penetrating gaze Working from Guatemala City since the 1980s and exhibiting internationally since about 1989 Palma has made his long term project the documentation of his country's indigenous Mayan population which governmental policy has ferociously repressed during the last half century Often collaged with symbols and objects Palma's pictures act as records of a population for whom violence and mysticism coexist Colloquia a more recent project gathers portraits of Guatemalan artists as part of a larger effort to establish a museum for contemporary Guatemalan art PHotoBolsillo's introduction to Palma's work surveys over two decades of his highly romantic and politically urgent photography

Holding Venus Keith Carter, 2000 In his most recent series Holding Venus Keith Carter continues to explore what he has referred to as the poetry of the ordinary that moment of transcendence when the commonplace becomes the extraordinary Myth and metaphor form the foundation of Carter's imagery which transforms the literal into the symbolic In this sense the notion of holding Venus remarks upon the connection between the earthly and the celestial at the same time that it attests to the fundamental human aspiration to realize that which is seemingly unattainable While his early work concentrated on evoking a sense of place and spirit in his native East Texas Carter has more recently turned his distinct perspective outward photographing in Italy France England and elsewhere Yet he approaches his subject matter with humor and celebration and with a probing eye for the human spirit regardless of time and place Often his subjects are merely apparitions whose forms are slightly obscured by optical distortions The imagery of Carter's enigmatic world explores the mythological the surreal and the intangible that infuse everyday rituals and moments
