Steinmetz, 2002-10 Places Luther's thought in the context of his theological predecessors and contemporaries introducing themes and problems that concerned Luther Includes three new essays **Martin Luther in Context** David M. Whitford, 2018-08-30 Martin Luther remains a popular oft quoted referenced lauded historical figure He is often seen as the fulcrum upon which the medieval turned into the modern the last great medieval or the first great modern or he is the Protestant hero the virulent anti Semite the destroyer of Catholic decadence or the betrayer of the peasant cause An important but contested figure he was all of these things Understanding Luther's context helps us to comprehend how a single man could be so many seemingly contradictory things simultaneously *Martin Luther in Context* explores the world around Luther in order to make the man and the Reformation movement more understandable Written by an international team of leading scholars it includes over forty short accessible essays all specially commissioned for this volume which reconstruct the life and world of Martin Luther The volume also contextualizes the scholarship and reception of Luther in the popular mind *Luther in Context* David Curtis Steinmetz, 1986-09-01 **Luther in Context** David C. Luther Bible Research in the Context of Volkish Nationalism in the Twentieth Century Julie M. Winter, 1998 The Luther Bible was the topic of a large amount of scholarly literature in Germany in the early twentieth century Close examination of this research reveals the strong nationalistic attitudes of its authors This book doubles as a Forschungsbericht of this literature and a study of the authors reasons for writing about the Luther Bible in Weimar Germany **Martin Luther** Robert Kolb, 2009-02-05 Martin Luther's theology presented a paradigmatic shift in defining God and humanity refuting the foundations of Aristotelian anthropology with a new emphasis on the Revealed God and his unconditioned grace Robert Kolb traces the development of Luther's thinking within the context of late medieval theology and piety at the dawn of the modern era *Kierkegaard and Luther* David Lawrence Coe, 2020-07-09 Søren Kierkegaard denounced nineteenth century Danish Lutheranism for exploiting Martin Luther's doctrine of justification without works as justification for an antinomian easy life Kierkegaard saw his own writing as a corrective I have wanted to prevent people in Christendom from existentially taking in vain Luther and the significance of Luther's life In 1847 Kierkegaard began an eight year reading of Luther's sermons forking through them for extracts to confirm his theological corrective rather than to comprehend the breadth of Luther's thought While he found much to laud Kierkegaard also found much to lance privately commenting that Luther was partially responsible for what he considered the problematic Lutheranism of his own day Furthermore David Coe argues Kierkegaard was unaware that his copy of Luther's church and house postils was a heavily abridged edition of extracts from those postils Therefore his appraisal of Luther begs to be investigated Kierkegaard and Luther examines the

Luther sermons Kierkegaard read what he praised and criticized missed and misjudged of Luther and spotlights the concord these two Lutheran giants actually shared namely the negative yet necessary role that Christian suffering *Anfechtung* *Anfechtung* plays in Christian faith and life *Martin Luther's Theology of Two Kingdoms in Buddhist and Christian Communities* Pa Yaw, 2024-05-29 Socially engaged religion teaches that people of faith have a responsibility to address and reduce suffering in all its forms both physical and spiritual including suffering resulting from social injustice exploitation oppression false faith and so forth True religion engages with society to alleviate suffering and bring transformation In other words religious violence is an obscenity a deviation from the true character of religion Martin Luther's Theology of Two Kingdoms in Buddhist and Christian Communities examines the principle of separation between religion and politics in the context of both Buddhist and Christian communities In predominantly Buddhist contexts such as Myanmar where a reciprocal relationship between religion and politics is expected separation is not effective Attempts by Christians to separate religion and politics cause the church to run away from tyranny and follow the state with blind obedience Martin Luther's model of two distinct but interconnected systems for religion and politics creates space for each institution to give constructive advice and criticism to the other for the health of all human beings **The Alternative Luther** Else Marie Wiberg Pedersen, 2019-09-18 Contributors to this book analyze areas of Martin Luther's and Lutheran theology that have otherwise been neglected or underrepresented in the five hundred years since the Reformation They constructively widen the scope of Luther and Lutheran theology by viewing both from the perspectives of the subaltern those whose voices are barely or rarely heard The book formulates an inclusive Lutheran theology that reaches out but does not close out The book's sections address Precarious Life from Luther's own precarious existence as an outlaw under a death sentence to other precarious life situations seen from various Lutheran perspectives Body and Gender addressing different aspects of gender and sexuality from new angles Women and Sexual Abuse focusing on present day problems of abuse in an encounter with Luther's exegesis of biblical texts of terror and Economy Equality and Equity addressing Lutheran views on economy and equality that break new ground regarding common goods and the Anthropocene Martin Luther in His Own Words Jack D. Kilcrease, Erwin W. Lutzer, 2017-04-18 Though most of the Protestant world can trace its roots back to the Reformation many people today have only a vague knowledge of Martin Luther's writings Didn't he write the Ninety Five Theses Jack Kilcrease and Erwin Lutzer step into this vacuum with a carefully selected collection of Luther's works Centered around the five solas of the Reformation sola Scriptura sola fide sola gratia sola Christus soli Deo gloria the selections offer readers an accessible primer on works that are foundational to the theology of Protestantism in all its forms Introductions to each writing include an explanation of the historical context and the theological significance of the piece Students of the Bible pastors teachers and seminary students will find this collection an enlightening introduction to Luther in his own words and a useful addition to their libraries Calvin in Context David Steinmetz, 2010-10-14 The book illuminates Calvin's thought by placing it in the context

of the theological and exegetical traditions ancient medieval and contemporary that formed it and contributed to its particular texture Steinmetz addresses a range of issues almost as wide as the Reformation itself including the knowledge of God the problem of iconoclasm the doctrines of justification and predestination and the role of the state and the civil magistrate Along the way Steinmetz also clarifies the substance of Calvin's quarrels with Lutherans Catholics Anabaptists and assorted radicals from Ochino to Sozzini For the new edition he has added a new Preface and four new chapters based on recent published and unpublished essays An accessible yet authoritative general introduction to Calvin's thought Calvin in Context engages a much wider range of primary sources than the standard introductions It provides a context for understanding Calvin not from secondary literature about the later middle ages and Renaissance but from the writings of Calvin's own contemporaries and the rich sources from which they drew

The Early Luther Berndt Hamm, 2017-01-01

The development of Martin Luther's thought has commanded much scholarly attention because of the Reformation and its remarkable effects on the history of Christianity in the West But much of that scholarship has been so enthralled by certain later debates that it has practically ignored and even distorted the context in and against which Luther's thought developed In *The Early Luther* Berndt Hamm armed with expertise both in late medieval intellectual life and in Luther presents new perspectives that leave old debates behind A master Luther scholar Hamm provides fresh insights into the development of Luther's theology from his entry into the monastery through his early lectures on the Bible to his writing of the 95 Theses in 1517 and *The Freedom of a Christian* in 1520 Rather than looking for a single breakthrough Hamm carefully outlines a series of significant shifts in Luther's late medieval theological worldview over the course of his early career The result is a more accurate nuanced portrait of Reformation giant Martin Luther
