Student safety and security are primary goals for the GEMS program. With these goals in mind, if an alternative form of transportation is needed (other than the bus mentioned above) it is best if advanced notice is needed and must be approved by the GEMS coordinator. In addition, the GEMS program assumes no obligation or liability after the 1:30pm pick-up time. Children should be picked up promptly. Parents and those picking up student interns from GEMS are asked to be very sensitive to the instructions placed on the sign when children need to be transported after the pick-up time. Any student intern that gets picked up after 1:30 minutes after the scheduled release time without prior arrangements may be banned from participating in the GEMS program for the remainder of the summer.

The Effect of Emerging Technologies and Products on Mental Health** Chao Guo, Stuart Gilmour, Peige Song, Aiping Fang, 2023-11-02 Emerging technologies and products such as digital health technology computing platforms wearable devices smartphone sensors and electronic gadgets have the potential to transform and empower society while simultaneously presenting unprecedented challenges in our life Some like electronic cigarettes e cigarettes are for entertainment some like online conference platforms are for convenience and some like social media have become a life necessity However there is an ongoing debate about whether the use of physical and virtual digital technology products can

do harm to mental health Some evidence based research shows that frequent use of social media may cause depression and anxiety and derived behavioral phenomena like cyberbullying and game addiction which negatively affect people s lives Other scholars think digital technology products could provide insights into timely personalized engaging and accessible intervention promotion and improvement of mental health Given the ubiquity of digital devices and their complex and subtle associations with mental health more research is needed to bring benefits to both research and daily life practices
