Cohen, 2012-10-30 Continuing its distinguished tradition of focusing on central political sociological and cultural issues of Jewish life in the last century Volume XXVI of the annual *Studies in Contemporary Jewry* examines the visual revolution that has overtaken Jewish cultural life in the twentieth century onwards with special attention given to the evolution of Jewish museums Bringing together leading curators and scholars *Visualizing and Exhibiting Jewish Space and History* treats various forms of Jewish representation in museums in Europe and the United States before the Second World War and inquires into the nature and proliferation of Jewish museums following the Holocaust and the fall of Communism in Western and Eastern Europe In addition a pair of essays dedicated to six exhibitions that took place in Israel in 2008 to mark six decades of Israeli art raises significant issues on the relationship between art and gender and art and politics An introductory essay highlights the dramatic transformation in the appreciation of the visual in Jewish culture The scope of the symposium offers one of the first scholarly attempts to treat this theme in several countries Also featured in this volume are a provocative essay on the nature of antisemitism in twentieth century English society review essays on Jewish fundamentalism and recent works on the subject of the Holocaust in occupied Soviet territories and reviews of new titles in Jewish Studies **Reinterpreting Mr. Keynes** Warren Young, Edward W. Fuller, 2022-01-19 This book examines the origins of the IS LM model one of the most significant innovations in the history of economic thought It shows that the complete IS LM model including the equations and diagram was produced by a group of economists who contributed their respective mathematical models of Keynes's General Theory including Champenowne Reddaway Harrod and Meade not to mention Hicks Furthermore the book discusses the implications of newly discovered archival material including a previously overlooked document showing that John Maynard Keynes himself was the first to present the IS LM model equations in a lecture he gave on December 4 1933 It focuses on the implications of this material in terms of understanding the evolution of Keynes's approach from 1933 to 1937 later interpreters of his General Theory and the ongoing debate between Keynesians and Post Keynesians on the nature of his system Given the revelations it presents this book will transform the profession's understanding of the origins of the IS LM model and modern macroeconomics **Shakespeare in Bloomsbury** Marjorie Garber, 2023-01-01 The untold story of Shakespeare's profound influence on Virginia Woolf and the rest of the Bloomsbury Group A spirited dance of minds Chris Vognar Boston Globe For the men and women of the Bloomsbury Group Shakespeare was a constant presence and a creative

benchmark Not only the works they intended for publication the novels biographies economic and political writings stage designs and reviews but also their diaries and correspondence their gossip and small talk turned regularly on Shakespeare They read his plays for pleasure in the evenings and on sunny summer afternoons in the country They went to the theater discussed performances and speculated about Shakespeare s mind As poet as dramatist as model and icon as elusive life Shakespeare haunted their imaginations and made his way through phrase allusion and oblique reference into their own lives and art This is a book about Shakespeare in Bloomsbury about the role Shakespeare played in the lives of a charismatic and influential cast including Virginia and Leonard Woolf Vanessa Bell Clive Bell Roger Fry Duncan Grant Lytton Strachey John Maynard Keynes and Lydia Lopokova Keynes Desmond and Molly MacCarthy and James and Alix Strachey All are brought to sparkling life in Marjorie Garber s intimate account of how Shakespeare provided them with a common language a set of reference points and a model for what they did not hesitate to call genius Among these brilliant friends Garber shows Shakespeare was in effect another if less fully acknowledged member of the Bloomsbury Group

A Russian Jew of Bloomsbury Galya Diment, 2011 A Russian Jew of Bloomsbury looks at the remarkable influence that an outsider had on the tightly knit circle of Britain s cultural elite Among Koteliansky s friends were Katherine Mansfield Leonard and Virginia Woolf Mark Gertler Lady Ottoline Morrell H G Wells and Dilys Powell But it was his close and turbulent friendship with D H Lawrence that proved to be Koteliansky s lasting legacy In a lively and vibrant narrative Galya Diment shows how despite Kot s determination he could never escape the dark aspects of his past or overcome the streak of anti-Semitism that ran through British society including the hearts and minds of many of his famous literary friends

Constellation of Genius Kevin Jackson, 2024-05-01 Ezra Pound referred to 1922 as Year One of a new era It was the year that began with the publication of James Joyce s Ulysses and ended with the publication of T S Eliot s The Waste Land two works that were arguably the sun and moon of modernist literature some would say of modernity itself In Constellation of Genius Kevin Jackson puts the titanic achievements of Joyce and Eliot in the context of the world in which their works first appeared As Jackson writes in his introduction On all sides and in every field there was a frenzy of innovation It is in 1922 that Hitchcock directs his first feature Kandinsky and Klee join the Bauhaus the first AM radio station is launched Walt Disney releases his first animated shorts and Louis Armstrong takes a train from New Orleans to Chicago heralding the age of modern jazz On other fronts Einstein wins the Nobel Prize in Physics insulin is introduced to treat diabetes and the tomb of Tutankhamun is discovered As Jackson writes the sky was blazing with a constellation of genius of a kind that had never been known before and has never since been rivaled Constellation of Genius traces an unforgettable journey through the diaries of the actors anthropologists artists dancers designers filmmakers philosophers playwrights politicians and scientists whose lives and works over the course of twelve months brought a seismic shift in the way we think splitting the cultural world in two Was this a matter of inevitability or of coincidence That is for the reader of this romp this hugely entertaining chronicle to decide

Literary

and Cultural Representations of the Hinterlands Ewa Kęłowska-Ławniczak, Dominika Ferens, Katarzyna Nowak-McNeice, Marcin Tereszewski, 2023-12-22 This interdisciplinary collection explores the diverse relationships between the frequently ignored and inherently ambiguous hinterlands and their manifestations in literature and culture Moving away from perspectives that emphasize the marginality of hinterlands and present them as devoid of agency and cultural currency this collection assembles a series of original essays using various modes of engagement to reconceptualize hinterlands and highlight their semiotic complexity Apart from providing a reassessment of hinterlands in terms of their geocultural significance this book also explores hinterlands through such concepts as nostalgia heterotopia identity formation habitation and cognitive mapping with reference to a wide geographical field Literary and filmic revisions of familiar hinterlands such as the Australian outback Alberta prairie and Arizona desert are juxtaposed in this volume with representations of such little known European hinterlands as Lower Silesia and Ukraine and the complicated political dimension of First World War internment camps is investigated with regard to Kapuskasing Ontario Rural China and the Sussex Downs are examined here as writers retreats Inner city hinterlands in Haiti India Morocco and urban New Jersey take on new meaning when contrasted with the vast hinterlands of megacities like Johannesburg and Los Angeles The spectrum of diverse approaches to hinterlands helps to reinforce their multilayered and multivocal nature as spaces that defy clear categorization

Keynes David Felix, 1999-03-30 Only a person of Keynes's unique character could have achieved what he did After teaching neoclassical economics for two decades he developed an extraordinary theory extraordinary in that it built upon the theoretical complex he intended to overthrow and extraordinary in that it provided the best guidance for defeating the Depression of the 1930s and managing an economy thereafter This biography shows how Keynes's personality left its stamp on his ideas the connections between his all too human quirks and his theorizing between his dominating personality and his success as a policymaker Although sympathetic to the man his aims and his accomplishments this is the first critical biography of John Maynard Keynes Based on the mass of material Keynes left behind including hundreds of letters the book shows how he thought rationalized and acted as well as the connections between the fallible human and the abstract theory It shows his transformation from an active homosexual to a contented married man the relationship giving him a personal and social stability that was important to his achievement It shows his superb confidence that he was right even when he completely

reversed his previous position and his unshakable resolution to see his ideas carried out This is A Critical Life critical because Keynes s life had a critical impact and because the book takes a critical look at that life *Lives for Sale* Mark Bostridge,2004-10-12 This is a collection of new essays by many of the best biographers now writing in Britain not only the established names but also the rising stars of the profession These biographers tales based on personal experience tell of the ups and downs of life writing of shocking discoveries and frustrating dead ends strange literary hauntings and curses bitter professional rivalries and problems with families and friends of biographical subjects and of ways in which the biographer s imagination can be inspired by a sense of place or touch of a letter **BOOK JACKET Carrington's Letters** Dora Carrington,2017-11-23 Carrington s beguiling letters take us beyond the Bloomsbury group to discuss sexual mores how to be an artist and what it is to be truly oneself Known only by her surname Dora Carrington was the star of her year at the Slade School of Fine Art and was friends with some of the greatest minds of her day including Virginia Woolf Rosamund Lehmann and Maynard Keynes For over a decade she was the companion of homosexual writer Lytton Strachey and stricken without him killed herself when he died in 1932 Though she never achieved the fame her early career promised in her determination to live life according to her own nature especially in relation to her work and her fluid attitude to sex gender and sexuality she fought battles that remain familiar and urgent today Now through her passionate playful and honest letters we can encounter the maverick artist and compelling personality afresh and in her own words *Kirkus Reviews* ,1990 Adult books are categorized by genre i e fiction mystery science fiction nonfiction Along with bibliographic information the expected date of publication and the names of literary agents for individual titles are provided Starred reviews serve several functions In the adult section they mark potential bestsellers major promotions book club selections and just very good books in the children s section they denote books of very high quality The unsigned reviews manage to be discerning and sometimes quite critical **Closet Queens** Michael Bloch,2015-05-28 Closet Queens is a fascinating study of gay men in twentieth century British politics from Lord Rosebery and Lord Beauchamp in Edwardian times to Michael Portillo and Peter Mandelson in our own era As all homosexual activity was illegal until 1967 and exposure meant ruin and disgrace such men were obliged either to repress their sexual feelings or else lead double lives indulging their tastes secretly while respectably married with children The need to cover up their sexuality while causing problems and disappointments often sharpened their skills as politicians they were masters of secrecy and subterfuge and knew how to take calculated risks An entertaining and insightful account of some extraordinary personalities Closet Queens opens doors into a hidden world Slightly Chipped Lawrence Goldstone,Nancy Goldstone,2000-05-05 Continuing the couple s love affair with book collecting that was first shared with readers in *Used and Rare* the Goldstones get hooked on the correspondence and couplings of Bloomsbury track down Bram Stoker s earliest notes for Dracula and discover new places to buy rare tomes meeting eccentric personalities along the way **The Biography Book** Daniel S.
