Nuestros Orígenes:

En busca de nuestros orígenes Carlos Marmelada, Alejandro Llano, Emilio Palafox, 2017-04-01 Compartimos infinitud de rasgos biológicos con el resto de los seres vivos. ¿Qué nos diferencia realmente de ellos? Es el hombre pura biología. ¿Hay algo en él que no proceda de la evolución? Son compatibles los conceptos de evolución y creación. ¿Qué datos aportan los descubrimientos científicos? La ciencia de la evolución humana aporta cada día más datos. Los descubrimientos llevados a cabo desde el comienzo del siglo XXI han supuesto avances espectaculares que ayudan a entender la evolución de nuestra familia biológica en los últimos siete millones de años. Este libro ofrece claves valiosas que ayudan a responder a esos interrogantes. **En Busca de la Cola**

LLUVIA Y GRANIZO Yleana Acevedo Whitehouse, 2014-02 Alrededor del volcán Popocatepetl los tiempereros cuidadores del temporal o graniceros incursionan cada noche al mundo onirico para comunicarse con el volcán manteniéndolo contento propiciando la lluvia y apaciguando el granizo que da a sus cosechas. Para los graniceros la comunicación con el volcán es de vital importancia sosteniendo una relación casi personal con él considerándolo un ser vivo consciente con el cual comulgan día a día. A través de las narraciones de los sueños de Don Epifanio el lector se adentra en el inconsciente colectivo que permea el universo de los graniceros en donde se manifiestan símbolos sincrísticos a través de sus sueños arquetípicos que ayudan a comprender mejor la fusión espiritual que aun se aprecia en México. *Orígenes* Amin Maalouf, 2012-09-15 Pertenezco a una tribu que desde siempre vive como nomada en un desierto del tamaño del mundo. Nuestros países son oasis de los que nos vamos cuando se seca el manantial. Nuestras casas son tiendas vestidas de piedra. Nuestras nacionalidades dependen de fechas y de barcos. Lo nico que nos vincula por encima de las generaciones por encima de los barcos por encima de la Babel de las lenguas es el murmullo de un apellido. La presente edición incluye como apéndice un pequeño álbum familiar del autor.

Confesiones De Un Psiquiatra Margarita Lourenco, 2011-06-03 Confesiones de un Psiquiatra un relato escrito en forma coloquial sin someterse a tradiciones o formatos literarios. El autor relata algunos fragmentos de su vida exitosa y azarosa en una forma sencilla a la vez que hace reflexiones sobre diversos temas que tienen alguna relación con sus vivencias desde aspectos muy comunes de la vida cotidiana hasta reflexiones sobre aspectos de tipo filosófico psicológico sociopolíticos entre otros. En sus relatos no sigue una forma cronológica exacta sino que muchas veces avanza y retrocede para comunicarse con el lector como si lo tuviera frente a él como un interlocutor válido. Siendo un libro motivador comunica no solo experiencias conducentes al éxito sino también comparte situaciones de fracaso y dolor y la forma de superarlas. Lo más característico es la transmisión en forma consistente de mensajes positivos que insiste en transmitir a sus lectores haciéndoles partícipes de las experiencias de un ser real y hasta cierto punto considerado reservado y enigmático como se suele pensar de un psiquiatra. El autor venció todas esas barreras y se revela tal como ha sido y sigue siendo a como lo haría en el sillón de un

psicoterapeuta o en el confesionario El autor esta consciente de los riesgos que puede correr un profesional de la salud mental que se destapa y desprende de todo prejuicio con la esperanza de poner a la disposicion de sus lectores un testimonio del cual pueda sustraer algo util para sus vidas y sus ocupaciones o profesiones Habiendo enfrentado tantas situaciones de alto riesgo el autor hace apologia del ejercito de angeles que lo han protegido y que el identifica con los seres a quien ha dado amor y respeto y que le han retribuido esos afectos en forma incondicional tanto en su familia como en muchas personas que fue encontrando en su largo recorrido por el mundo De formacion transcultural el autor ha podido convivir armoniosamente con personas de diversas creencias religiosas politicas y origen etnico El autor ha hecho muchas renunciias excepto renunciar a vivir en libertad lejos de los opresores de las libertades y derechos individuales y no renuncia a la esperanza de algun dia vivir en un mundo libre de prejuicios estereotipos y dictaduras depredadoras y brutales ni tampoco renuncia a la esperanza de que cada ser humano pueda aprender a usar los recursos personales que todos poseemos para ser ricos interdependientes y exitosos en vez de pobres lastimosamente dependientes y fracasados El mensaje que el autor intenta transmitir en sus confesiones es un mensaje de vida y prosperidad por medios eticos repudiando enfaticamente el lema de que los fines justifican los medios Crianza Responsiva Dr. Boyd D. Brooks,2020-09-01 This book identifies five problem areas in parenting that if left unchecked will produce problems in adolescence They are a Isolation b Unrestrainedness c no boundaries d poor parental accessibility e shame The antidote for all five are connection self control good boundaries accessibility to the parents and the parents ability to mitigate shame in their children s lives One of the primary differences between families who enjoy each other and families who do not enjoy each other is the way they approach conflict Reactive families do not possess the skills to resolve conflict while responsive families do All around us are adolescents who are isolated with little self control over their emotions They easily get into trouble because of poor parental boundaries and subsequently experience shame They do not have accessibility to their parents and do not know how to resolve their conflicts and confusion Young parents can avoid these deadly pitfalls beginning at the toddler stage by parenting in a responsive way They will raise children who know how to interact with others control their emotions respect and accept good boundaries enjoy accessibility with their parents and know how to mitigate shame when it occurs in their lives The reactive family is literally going in circles Their cyclical reactive patterns include inattentiveness misunderstanding put downs rejection shame and isolation They can be disconnected angry and resentful They are on an emotional merry go round and do not know how to get off On the other hand the responsive family has learned how to stop the cycle They have employed listening understanding and clarification When they apologize it means something When they forgive they do not bring it up again Instead of being rigid they have learned to be flexible They are connected and forgiving As a result they are emotionally strong and respectful of each other They enjoy spontaneous moments in a mutually satisfying way This book helps the reader identify deadly patterns that are draining the life out of their relationships and presents change as a real

possibility With the use of metaphors and word pictures the reader can see both kinds of families but also learn how to introduce change into their family the kind of change that is not easy but is transformative Parenting is a daunting task especially if you re young and inexperienced Today many parents find themselves disconnected from their children and overwhelmed with a sense of helplessness There are two basic approaches to parenting that can be used reactive parenting and responsive parenting Reactive parenting so prevalent in today s society is done in reaction to something whether a whining child or a parent s own anxiety It is impulsive and produces poor results As more and more young people reach adulthood without an adequate model of self regulation and conflict resolution the more visible this problem becomes On the other hand Responsive Parenting as described in Boyd s book is a principled approach to parenting It emphasizes the importance of preparing children for adulthood Responsive parenting is thoughtful and is in response to the child s best interests It takes the long view It listens and clarifies It apologizes and forgives It is flexible and extends freedom with responsibility It is accepting and affirming while being connected and supportive Boyd Brooks shows readers through easy to understand biblical principles how to build self esteem and confidence in their children and help them discover who they were meant to be
