Noam Chomsky: On Power, Knowledge and Human Nature P. Wilkin, 1997-04-30 Noam Chomsky is among the most influential contemporary thinkers Peter Wilkin looks in particular at the philosophical basis of his social and political thought especially his ideal about power knowledge and human nature He shows how Chomsky s ideas can help to defend naturalism as in social and political thought Chomsky s critical writings of social inquiry and his normative ideas on libertarian socialism and human emancipation are interpreted as synthesising a number of important ideas and approaches at a time when these ideas have fallen out of favour

Walter Benjamin and the Aesthetics of Power Lutz Peter Koepnick, 1999-01-01 Walter Benjamin and the Aesthetics of Power explores Walter Benjamin s seminal writings on the relationship between mass culture and fascism The book offers a nuanced reading of Benjamin s widely influential critique of aesthetic politics while it contributes to current debates about the cultural projects of Nazi Germany the changing role of popular culture in the twentieth century and the way in which Nazi aesthetics have persisted into the present Lutz Koepnick first explores the development of the aestheticization thesis in Benjamin s work from the early 1920s to his death in 1940 Pushing Benjamin s fragmentary remarks to a logical conclusion Koepnick sheds light on the ways in which the Nazis employed industrial mass culture to redress the political as a self referential space of authenticity and self assertion Koepnick then examines to what extent Benjamin s analysis of fascism holds up to recent historical analyses of the National Socialist period and whether Benjamin s aestheticization thesis can help conceptualize cultural politics today Although Koepnick insists on crucial differences between the stage managing of political action in modern and postmodern societies he argues throughout that it is in Benjamin s emphatic insistence on experience that we may find the relevance of

his reflections today Walter Benjamin and the Aesthetics of Power is both an important contribution to Benjamin studies and a revealing addition to our understanding of the Third Reich and of contemporary culture s uneasy relationship to Nazi culture

Climate

Change - A Law Of Nature Fabian Brunner,2022-02-11 Instead of adapting to the changing climate all the relevant groups in German society have joined forces to combat climate change No attempt has been made to avoid technical efforts or costly measures The energy transition and the Green Deal have tremendous consequences for the state society and individuals Public debate has tended to ignore these consequences and has failed to consider the cost Dr Fabian Brunner analyses the mode of operation of the energy transition and comes to the conclusion that it has set in motion a spiral that will fundamentally transform the German economic system rather than the global climate Not only the climate has points of no return after which interventions will no longer be possible This also applies to the economy when these points have been passed it will no longer be possible to prevent an extreme loss of prosperity for future generations
