INTRODUCTION

Good leadership requires skills, knowledge, and understanding in the organization. Leaders manage time, need, solve complex issues, address conflict tactfully and delegate the task efficiently. It keeps an effective team to move forward, progress, and succeed. He has the capacity to develop better critical thinking, collaborative skills, organizational skills, and interpersonal skills. Leaders must be decisive and highly ethical in the process of leadership at all times (Mallillin, & Mallillin, 2019). The success of a good leader depends on how he/she handles responsibilities and management. Great leadership means managing daily activities required in the organization to move forward and better success. It means creating and leading the ideal condition and team of committed employees to work toward the goals to be accomplished. It influences the organizational leadership skills and performance of a leader and employees in the workplace. It supports vital leadership success and organizational needs. It influences the organizational leadership outcome in a competitive advantage and sustainability (Mallillin, 2021, pp. 17-28). It identifies the core values of a leadership performance. It includes leaders who treat their employees fairly, flexibility, and innovatively. It develops a role of leadership to highlight the performance of employees in the organization. It addresses the role of leadership in the organizational setting. It explores the quality of leadership in the organizational bearing and performance (Haile, 2023, pp. 653-673). On the other hand, good leadership skills in the organization influence competency, motivation, and sustainable productivity. It influences the competency and related productivity of leaders and distinguishes the process of effective leadership as to service delivery, perspectives, and human resource (Jumawan, et al. 2023, pp 906-917).

On the other hand, strong leadership is the key for the success of the organization which requires skills, knowledge, development that can lead to theory and practice. It is a perception for employees that is linked in the work environment through leadership behavior and action (Mallillin, et al. 2020). It influences the organization with direct leadership. Leadership has a powerful impact in the organization for employee experiences. The leader's action has an effect on the organization culture and level of employee work engagement. Leaders are responsible to foster respect, communication, and trust. It establishes a harmonious work environment. Leaders create and share a sense of ownership and sense of purpose to inspire the goals of employees growth and best work. Leaders demonstrate authentic care for employees and are committed to help with full potential. It directly influences the features of a strong leader in the organization. It identifies potential leaders to train and direct leadership positions. It addresses
