Philosophy And The Criminal Law Principle And Critique:

Philosophy and the Criminal Law R. A. Duff, 1988 Lacey, Wells and Quick Reconstructing Criminal Law Celia

Wells, Oliver Quick, 2010-05-27 Since the publication of the first edition this textbook has offered one of the most distinctive and innovative approaches to the study of criminal law Looking at both traditional and emerging areas such as public order offences and corporate manslaughter it offers a broad and thorough perspective on the subject Material is organised thematically and is clearly signposted at the beginning of each section to allow the student to navigate successfully through the different fields This fourth edition looks at topical issues such as policing the Serious Crime Act 2007 and reform of the Fraud Act 2006 Relevant case law and extracts from the most topical and engaging debates on the subject give the subject immediacy The book is essential for both undergraduate and postgraduate study of criminal law and justice **The Limits**

of Criminal Law Carl Constantin Lauterwein, 2016-03-03 This book compares the civil and common law approach to analyze the question What sorts of conduct may the state legitimately make criminal Through a comparative focus on an Australian and German context this book utilizes interviews with Australian criminal law experts and contrasts them with the German model based on Rechtsgutstheorie By comparing the largely descriptive criminology based Australian approach with the more sophisticated German legal theory model the author finds the Australian approach to be suffering from a normative flaw illustrated by the distinction of different approaches to the offences of incest bestiality and possession of illicit drugs Carl Constantin Lauterwein discovers that while there is strength in the common law approach of describing the possible reasons for criminalizing certain conduct the approach could be significantly improved by scrutinizing the legitimacy of those reasons **The Realm of Criminal Law** R A Duff, 2018-06-27 We are said to face a crisis of over criminalization our

criminal law has become chaotic unprincipled and over expansive This book proposes a normative theory of criminal law and of criminalization that shows how criminal law could be ordered principled and restrained The theory is based on an account of criminal law as a distinctive legal practice that functions to declare and define a set of public wrongs and to call to formal public account those who commit such wrongs an account of the role that such practice can play in a democratic republic of free and equal citizens and an account of the central features of such a political community and of the way in which it constitutes its public realm its civil order Criminal law plays an important but limited role in such a political community in protecting but also partly constituting its civil order On the basis of this account we can see how such a political community will decide what kinds of conduct should be criminalized not by applying one or more of the substantive master principles that theorists have offered but by considering which kinds of conduct fall within its public realm as distinct from the private realms that are not the polity's business and which kinds of wrong within that realm require this distinctive kind of response rather than one of the other kinds of available response The outcome of such a deliberative process will probably be a more limited and a more rational and principled criminal law *The Oxford Handbook of Criminology* Rod Morgan, Mike

Maguire,Robert Reiner,2012-04-12 The approach of the year 2000 has made the study of apocalyptic movements trendy But groups anticipating the end of the world will continue to predict Armageddon even after the calendar clicks to triple Os

Human Flourishing: Volume 16, Part 1 Ellen Frankel Paul,Fred D. Miller,Fred Dycus Miller,Jeffrey Paul,1999-01-28 The essays in this volume examine the nature of human flourishing and its relationship to a variety of other key concepts in moral theory Some of them trace the link between flourishing and human nature asking whether a theory of human nature can allow us to develop an objective list of goods that are of value to all agents regardless of their individual purposes or aims Some essays look at the role of friendships or parent child relationships in a good life or seek to determine whether an ethical theory based on human flourishing can accommodate concern for others for their own sake Other essays analyze the function of families or other social political institutions in promoting the flourishing of individuals Still others explore the implications of flourishing for political theory asking whether considerations of human flourishing can help us to derive principles of social justice

Emerging Issues in Tort Law Jason W Neyers,Erika Chamberlain,Stephen G.A. Pitel,2007-05-29 In this book articles by leading tort scholars from Australia Canada Hong Kong Israel New Zealand the United Kingdom and the United States deal with important theoretical and practical issues that are emerging in the law of torts The articles analyse recent leading developments in areas such as economic negligence causation vicarious liability non delegable duty breach of statutory duty intentional torts damages and tort law in the family They provide a foretaste of the issues that will face tort law in the near future and offer critical viewpoints that should not go unheeded With its rich breadth of contributors and topics Emerging Issues in Tort Law will be highly useful to lawyers judges and academics across the common law world Contributors Elizabeth Adjin Tettey Kumaralingam Amirthalingam Peter Benson Vaughan Black Peter Cane Erika Chamberlain Israel Gilead Paula Giliker Rick Glofcheski Lewis N Klar QC Michael A Jones Richard Lewis John Murphy Jason W Neyers Ken Oliphant David F Partlett Stephen GA Pitel Denise Reaume Robert H Stevens Andrew Tettenborn Stephen Todd Shauna van Praagh Stephen Waddams David R Wingfield Richard W Wright

Altruism and the Criminal Law Andrew Ashworth,Juan Ignacio Piña Rochefort,2025-09-18 This book explores the foundations of the principle of altruism and its relationship to the criminal law examining the contrasting justifications for the duty of easy rescue and the duty of tolerance both of which are based on altruism Since the days of Lord Macaulay and James FitzJames Stephen it has been said that English law does not usually punish omissions and that altruistic duties are incompatible with the spirit of the common law This book aims to show that this is not an accurate description of English criminal law and that there is a strong case to be made for the opposite understanding based on principles advanced by authors such as Adam Smith Jeremy Bentham John Stuart Mill and others By analysing the duty of easy rescue which imposes on individuals a duty to take steps to rescue a person in danger if this can be done without risk to the rescuer or at least a duty to call the emergency services and by comparing it with the well known duties arising in cases of extreme necessity it can be shown that altruism has plenty to say

in different parts of the criminal law Having established the case for criminalising the failure to provide a simple rescue a detailed analysis is made of the form that this criminalisation should take bearing in mind the basic principles of English law and considering the strengths and weaknesses of the duty of easy rescue as it is formulated in various continental systems including the German French Spanish and Italian criminal codes *Responsibility in Law and Morality* Peter

Cane,2002-04-17 Lawyers who write about responsibility tend to focus on criminal law at the expense of civil and public law while philosophers tend to treat responsibility as a moral concept and either ignore the law or consider legal responsibility to be a more or less distorted reflection of its moral counterpart This book aims to counteract both of these biases By adopting a comparative institutional approach to the relationship between law and morality it challenges the common view that morality stands to law as critical standard to conventional practice It shows how law and morality interact symbiotically and how careful study of legal concepts of responsibility can add significantly to our understanding of responsibility more generally Central to this project is a distinction between two paradigms of responsibility the criminal law paradigm and the civil law paradigm Whereas theoretical discussions of responsibility tend focus on conduct and agency taking account of civil law reveals the importance of outcomes and the interests of victims and society to ideas of responsibility The book examines from a distinctively legal point of view central philosophical questions about responsibility such as its relationship with culpability challenging the common view that moral responsibility requires fault causation and personality It explores the relevance of sanctions and problems of proof and enforcement to ideas of responsibility as well as the relationship between responsibility and distributive justice and the role of concepts of responsibility in public law At the heart of this book lie two questions what does it mean to say we are responsible and what are our responsibilities Its aim is not to answer these questions but to challenge some traditional approaches to answering them and more importantly to suggest fruitful alternative approaches that take law seriously

Criminal Liability for Non-Aggressive Death Sally Cunningham,2016-05-13 The crime of manslaughter exists as a catch all offence to punish those who are blameworthy in causing the death of another but whose culpability falls short of that required for murder Manslaughter is an extremely broad offence and it has a difficult task in ensuring that all those who warrant punishment for non aggressive deaths are convicted Simultaneously it should not be too broad in covering those who do not warrant punishment for such deaths There is little consistency in whether a particular dangerous activity leads to liability for a specific offence or for the generic offence of manslaughter when death is caused This book examines the current law and includes a variety of perspectives on the subject with chapters on specific modes of killing as well as issues that permeate all areas The first half of the book deals with issues such as how any special offences for non aggressive death should relate to a hierarchy of homicide offences The second half deals with issues specific to different activities which may or may not justify the creation of specific homicide offences The book includes a comparative chapter on Australian law Breaking the Cycle of Mass Atrocities Marina Aksenova,Elies van Sliedregt,Stephan

Parmentier,2019-05-02 Breaking the Cycle of Mass Atrocities investigates the role of international criminal law at different stages of mass atrocities shifting away from its narrow understanding solely as an instrument of punishment of those most responsible The book is premised on the idea that there are distinct phases of collective violence and international criminal law contributes in one way or another to each phase The authors therefore explore various possibilities for international criminal law to be of assistance in breaking the vicious cycle at its different junctures **Definition in the Criminal Law**

Andrew Halpin,2004-10 This book investigates the role and scope of definition in criminal law the nature of legal materials and the diversity of perspectives on law **Punishment, Communication, and Community** R. A. Duff,2003-05-15 The

question What can justify criminal punishment becomes especially insistent at times like our own of penal crisis when serious doubts are raised not only about the justice or efficacy of particular modes of punishment but about the very legitimacy of the whole penal system Recent theorizing about punishment offers a variety of answers to that question answers that try to make plausible sense of the idea that punishment is justified as being deserved for past crimes answers that try to identify some beneficial consequences in terms of which punishment might be justified as well as abolitionist answers telling us that we should seek to abolish rather than to justify criminal punishment This book begins with a critical survey of recent trends in penal theory but goes on to develop an original account based on Duff s earlier Trials and Punishments of criminal punishment as a mode of moral communication aimed at inducing repentance reform and reconciliation through reparation an account that undercuts the traditional controversies between consequentialist and retributivist penal theories and that shows how abolitionist concerns can properly be met by a system of communicative punishments In developing this account Duff articulates the liberal communitarian conception of political society and of the role of the criminal law on which it depends he discusses the meaning and role of different modes of punishment showing how they can constitute appropriate modes of moral communication between political community and its citizens and he identifies the essential preconditions for the justice of punishment as thus conceived preconditions whose non satisfaction makes our own system of criminal punishment morally problematic Punishment Communication and Community offers no easy answers but provides a rich and ambitious ideal of what criminal punishment could be an ideal of what criminal punishment could be and ideal that challenges existing penal theories as well as our existing penal theories as well as our existing penal practices **Impassioned**

Jurisprudence Nancy E. Johnson,2015-06-05 In this volume of essays scholars of the interdisciplinary field of law and literature write about the role of emotion in English law and legal theory in the late eighteenth and early nineteenth centuries The law s claims to reason provided a growing citizenry that was beginning to establish its rights with an assurance of fairness and equity Yet an investigation of the rational discourse of the law reveals at its core the processes of emotion and a study of literature that engages with the law exposes the potency of emotion in the practice and understanding of the law Examining both legal and literary texts the authors in this collection consider the emotion that infuses the law and find that

feeling sentiment and passion are integral to juridical thought as well as to specific legislation The Routledge International Handbook of Criminal Responsibility Thomas Crofts, Louise Kennefick, Arlie Loughnan, 2024-12-23 Presenting cutting edge research and scholarship this extensive volume covers everything from abstract theorising about the meanings of responsibility and how we blame to analysing criminal law and justice responses and factors that impact individual responsibility Inviting exchanges across a burgeoning critical scholarship on criminal responsibility this Handbook showcases the diverse range of methodologies applied to the field including socio political approaches critical historical methods criminological and sociological perspectives and interdisciplinary studies bridging law and the mind sciences Spanning global networks of established and emerging scholars of responsibility for crime this book explores how we relate to one another as human beings under the spotlight of the criminal law In doing so it is hoped that the collection not only does justice to the vibrant landscape of criminal responsibility studies but inspires new directions and future synergies in this compelling field The Routledge International Handbook of Criminal Responsibility will appeal to scholars and students of criminal law criminal justice criminology sociology psychology neuroscience philosophy and socio legal studies as well as practitioners and policymakers working in related fields **Sentencing Multiple Crimes** Jesper Ryberg, Julian V. Roberts, Jan Willem de Keijser, 2018 Sentencing Multiple Crimes confronts the practical and theoretical challenges for the criminal justice system when punishing multiple crime offenders including the proportionality of the crimes committed the temporal span between the crimes and the relationship between theories about the punitive treatment of recidivists and multiple offenders It provides a comprehensive examination of the dynamics involved with sentencing multiple offenders from the perspective of several legal theories **Liberal Criminal Theory** A P Simester, Antje du Bois-Pedain, Ulfrid Neumann, 2014-12-01 This book celebrates Andreas von Hirsch s pioneering contributions to liberal criminal theory He is particularly noted for reinvigorating desert based theories of punishment for his development of principled normative constraints on the enactment of criminal laws and for helping to bridge the gap between Anglo American and German criminal law scholarship Underpinning his work is a deep commitment to a liberal vision of the state This collection brings together a distinguished group of international authors who pay tribute to von Hirsch by engaging with topics on which he himself has focused The essays range across sentencing theory questions of criminalisation and the relation between criminal law and the authority of the state Together they articulate and defend the ideal of a liberal criminal justice system and present a fitting accolade to Andreas von Hirsch s scholarly life Crime, Punishment, and Responsibility Rowan Cruft, Matthew H. Kramer, Mark R. Reiff, 2011-07-14 For many years Antony Duff has been one of the world s foremost philosophers of criminal law This volume collects essays by leading criminal law theorists to explore the principal themes in his work In a response to the essays Duff clarifies and develops his position on central problems in criminal law theory Some of the essays concentrate on the topic of criminalization That is they examine what forms of conduct including attempts

offensiveness and negligence can aptly qualify as criminal offences and what principled limits if any should be placed on the reach of the criminal law Several of the other essays assess the thesis that punishment is justifiable as a form of communication between offenders and their community Those essays examine the presuppositions about the nature and function of community and about the moral structure of atonement that must be embraced if communication is to be a primary role for punishment The remaining essays examine the nature and limits of responsibility in the law as they engage with philosophical debates over moral luck by investigating the ways in which the law can legitimately hold people responsible for events that were not within their control These chapters tie the first and third parts of the book together as they explore the relationship between the principles that determine a person's responsibility and the principles that determine which types of actions can appropriately be criminalized Finally Duff responds with comments that seek to defend and clarify his views while also acknowledging the correctness of some of the critics objections

Hybrid Justice

,2024-12-11 The last decade has seen the unexpected re emergence of hybrid and internationalised courts institutions which operate with varying combinations of national and international law procedure and staff Whilst the establishment of the permanent International Criminal Court should have made hybrid mechanisms largely obsolete hybrids have recently been established or proposed for atrocity crimes committed in Chad South Sudan Israel Palestine the Central African Republic Kosovo Syria Sri Lanka Myanmar The Gambia Liberia and Ukraine Hybrid Justice critically examines the resurgent promise of hybrid courts Focusing on the fields practices innovations and of hybrid courts the contributors evaluate hybrids success and in doing so help to clarify the conditions and mechanisms that makes hybrids likely to succeed in their mandates and impacts The authors focus on hybrid courts and resilience the resilience of hybrid mechanisms to withstand political and other pressures to deliver justice and accountability and the potential contribution of hybrids to the resilience of affected communities Borne out of a collaboration between lawyers academics and activists this edited volume provides a uniquely comparative account of the development of hybrid courts in recent years

Corporate Criminality and Liability for

Fraud Alison Cronin,2018-03-14 Through a rational reconstruction of orthodox legal principles and reference to cutting edge neuro science this book reveals some startling truths about the criminal law its history and the fundamental doctrines that underpin the attribution of criminal fault While this has important implications for the criminal law generally the focus of this work is the development of a theory of corporate criminality that accords with modern theory of group agency itself informed by advancements in contemporary philosophy and social science The innovation it proposes is the theoretical and practical means by which criminal fault can be attributed directly to the corporate actor where liability cannot or should not be reduced to its individual members

This is likewise one of the factors by obtaining the soft documents of this **Philosophy And The Criminal Law Principle And Critique** by online. You might not require more period to spend to go to the ebook foundation as without difficulty as search for them. In some cases, you likewise pull off not discover the publication Philosophy And The Criminal Law Principle And Critique that you are looking for. It will totally squander the time.

However below, taking into consideration you visit this web page, it will be fittingly unconditionally simple to get as competently as download lead Philosophy And The Criminal Law Principle And Critique

It will not acknowledge many grow old as we run by before. You can attain it even though affect something else at home and even in your workplace. therefore easy! So, are you question? Philosophy And The Criminal Law Principle And Critique Introduction

Philosophy And The Criminal Law Principle And Critique Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Philosophy And The Criminal Law Principle And Critique Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Philosophy And The Criminal Law Principle And Critique : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Philosophy And The Criminal Law Principle And Critique : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Philosophy And The Criminal Law Principle And Critique Offers a diverse range of free eBooks across various genres. Philosophy And The Criminal Law Principle And Critique Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Philosophy And The Criminal Law Principle And Critique Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Philosophy And The Criminal Law Principle And Critique, especially related to Philosophy And The Criminal Law Principle And Critique, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Philosophy And The Criminal Law Principle And Critique, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Philosophy And The Criminal Law Principle And Critique books or magazines might include. Look for these in online stores or libraries. Remember that while Philosophy And The Criminal Law Principle And Critique, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services.

Many libraries have digital catalogs where you can borrow Philosophy And The Criminal Law Principle And Critique eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Philosophy And The Criminal Law Principle And Critique full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Philosophy And The Criminal Law Principle And Critique eBooks, including some popular titles.

FAQs About Philosophy And The Criminal Law Principle And Critique Books

What is a Philosophy And The Criminal Law Principle And Critique PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Philosophy And The Criminal Law Principle And Critique PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Philosophy And The Criminal Law Principle And Critique PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Philosophy And The Criminal Law Principle And Critique PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Philosophy And The Criminal Law Principle And Critique PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. **How do I compress a PDF file?** You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. **Can I fill out forms in a PDF file?** Yes, most PDF viewers/editors

like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
