Proust/Warhol David Carrier, 2009 Proust Warhol Analytical Philosophy of Art employs three key intellectual tools the aesthetic theory of Arthur Danto the account of Proust by Joshua Landy and the analysis of the art of living by Alexander Nehamas Proust Warhol concludes with a discussion of an issue of particular importance for Warhol the relationship between art and fashion Jacket **Like Andy Warhol** Jonathan Flatley, 2023-01-04 There are over 30 books about Andy Warhol Jonathan Flatley's will be the first that is truly comprehensive there's so much more to Warhol than the famous silk screens of Marilyn Monroe or the Campbell's soup cans and the first to reveal the internal logic of the artist's life and his aesthetic activities showing what binds them together enabling us to see his art and life as a totality Here's a partial inventory of Warhol's doings movies this includes Warhol's affection for bad acting his collecting jewelry Art Deco furniture perfumes conversation tapes 10 000 hours snapshots 66 000 even scores of Polaroids of male genitals visitors to his studio were asked to drop their pants for the camera and in addition to the silk screens the paintings drawings prints sculptures as well as novels and memoirs there was even a monthly gossip magazine For one two year period everyone who came to his studio the Factory was obliged to take a screen test a collectivity of misfits misfitting together Warhol had an extraordinary talent for liking things Flatley appropriates liking as a central theme here showing how Warhol helps us see likeness across differences Like Andy Warhol is the best full length study of the artist and no single artist today is more representative of postmodern culture than Warhol The Great American Makeover D. Heller, 2006-11-27 The Great American Makeover is a collection of essays that explore the American makeover mythos that has been recently repackaged in the form of popular makeover television programs such as *Extreme Makeover* *The Swan* *Supernanny* and *Queer Eye for the Straight Guy* *Opacity and the Closet* Nicholas De Villiers, 2012 Looking beyond the closet at the lives and works of renowned queer public figures

Radical Theatrics Craig J. Peariso, 2014-12-01 From burning draft cards to staging nude protests much left wing political activism in 1960s America was distinguished by deliberate outrageousness This theatrical activism aimed at the mass media and practiced by Abbie Hoffman and the Yippies the Black Panthers and the Gay Activists Alliance among others is often dismissed as naive and out of touch or criticized for tactics condemned as silly and off putting to the general public In *Radical Theatrics* however Craig Peariso argues that these over the top antics were far more than just the spontaneous actions of a self indulgent radical impulse Instead he shows they were well considered aesthetic and political responses to a jaded cultural climate in which an unreflective tolerance masked an unwillingness to engage with challenging ideas Through innovative analysis that links political protest to the art of contemporaries such as Andy Warhol Peariso reveals how the put on the signature activist performance of the radical left ended up becoming a valuable American political practice one that continues to influence contemporary radical movements such as Occupy Wall Street

Materializing Queer Desire Elisa Glick, 2010-03-30 How did the queer subject come to occupy such a central and in many respects contradictory place in the modern world of the early twentieth century What role has capitalism played in the development of modern gay and lesbian identities *Materializing Queer Desire* focuses on the figure of the dandy to explore how and why gay and lesbian subjects became heroes of modern life Elisa Glick argues that the gay subject emerged out of the specifically modern capitalist contradiction between the public world of production and industry and the private world of consumption and pleasure Boldly bringing modernism into dialogue with Marxist and queer theory Glick offers an innovative materialist account of modern queer consciousness that challenges tendencies to oppose private eroticism and the systems of value that govern public interests In the process she illuminates the connections between aesthetic sexual and social formations in modern life between modernity's disruptive queer desires and their unfolding in an increasingly rationalized society
