Pope John Paul II Speaks on Women Pope John Paul II, 2014 In *Pope John Paul II Speaks on Women* Brooke Williams Deely presents a comprehensive record of John Paul II's reflections. This collection brings to the forefront the full context and content of his original contributions. Since John Paul II encouraged women and men to expand what he has adumbrated, this book facilitates ongoing dialogue. The principle of the organization of the volume is chronological, compiling John Paul II's teachings on the subject of women arranged by date over the entire term of his Papacy. Since this influential Pope addressed the situation of women from the beginning of his pontificate, this overview of his writings and his spoken addresses best showcases the development and historical context of his thought.

Covenant of Love Richard Hogan, 2011-02-16 Pope John Paul II has had a profound theological and personal impact on Catholics and non-Catholics alike. In the scholarly tradition of Saint Augustine and Saint Thomas, he has found a new unity between faith and reason. The study of God says John Paul is also the study of humanity. He has come to vigorously insist on the rights and dignity of each human person and on the divine importance of the family. John Paul teaches that the keystone of Christian living today is the communion of persons, which is the family. *Covenant of Love* conveys this central message of his pontificate. It explores the influence of Christ on the modern family, human intimacy and sexuality, and illustrates the Pope's response to the violations of that familial communion: materialism, sterilization, premarital sex, abortion, polygamy, adultery, and lust, contraception, and artificial conception, and homosexuality. Written for the layman as well as for clerics, students, and educators, this volume will enhance the understanding and appreciation of Pope John Paul II's teachings. *Covenant of Love* presents the extraordinary new way that John Paul II is using to present a new synthesis of the faith that can be the means of renewing the faith of all Christians and of bringing more people to Christ. It sets out his philosophical and theological design for every Christian who seeks a closer relationship with God in the person of Christ in the Church and in the human heart. Fr. Richard M. Hogan holds a doctorate in medieval history from the University of Minnesota. Fr. John M. LeVoir holds a M.A. in theology from Saint Paul Seminary. Both are diocesan priests of the Archdiocese of Saint Paul, Minneapolis, with extensive pastoral experience. A splendid analysis of Pope John Paul II's teachings on sexuality, marriage, and the family. We see that the Pope's magnificent vision of the human person is ultimately grounded in the revealed truth that the human person is made in the image and likeness of God. William E. May, Catholic University of America.
