land ownership or citizenry New Women of Empire centers the compelling life histories of five young women and men in Los Angeles to illuminate how they negotiated overlapping imperialisms through new gender roles With extensive youth networks and the largest Japanese population in the United States Los Angeles was a critical site of transnational relations and in the 1920s and 30s Japanese American youth became politicized through active participation in Christian civic organizations By racially uplifting their peers through youth clubs athletics and cultural ambassadorship these young leaders reshaped Japanese and US imperialisms and provided the groundwork for future expressions of model minority respectability and Japanese American feminisms

Portraits of Women in International Law Immi Tallgren, 2023 This fascinating volume offers a set of biographies of women and gender non conforming people who made a difference in international law but who in most cases were never well known or have been forgotten These portraits describe each individual s engagement with international law the context in which they worked and the barriers they faced

Portraits of the L2 User Vivian Cook, 2002-08-06 Portraits of the L2 User treats second language users in their own right rather than as failed native speakers It describes a range of psychological and linguistic approaches to diverse topics about L2 users It thus provides an innovative overview of current second language acquisition theories results and methods seen from a common perspective

**Portraits of Second Language Learners** Chie Muramatsu, 2018-05-25 Using second language L2 socialization theory as a theoretical framework this book investigates the ways in which four advanced learners of Japanese on an immersion program in the USA exercise their agency to pursue their language learning goals The work presents their learner portraits and documents the different ways in which the four learners negotiate the meaning of their participations in the new community of practice navigate and shape the trajectories of their learning and eventually achieve their goals of learning from their emic perspectives The book re examines Norton s 2000 constructs of investment investigates its applicability and argues that L2 learners desires and drives for learning an L2 are more diverse unique and contextually situated than Norton s notion of investment alone can explain The research will be of interest to researchers and students in the fields of applied linguistics second language acquisition foreign language education and language and literacy education

**Portraits Of The Japanese Workplace** Andrew Gordon, 2018-02-07 In this groundbreaking volume one of Japan s most insightful contemporary labor analysts assesses the light and shadow of Japanese style management explaining why Japanese employees have stood apart from workers in other industrialized countries Kumazawa brings to life the intense combination of competition and community within Japanese workplaces He highlights dilemmas facing Japanese labor on the shop floor and in the labor movement His discussion ranges from the role of women to issues of quality control and self management Highly critical of the hierarchical and undemocratic nature of Japanese industry he offers a sympathetic view from the inside of the difficulties of surviving in the workplaces of contemporary Japan
