Research Edgar Rodríguez-Dorans,2022-09-09 Narrative Portraits in Qualitative Research offers an analytical approach to qualitative data Through narrative portraiture research findings can be contextualised in broader social narratives without losing sight of the unique personal qualities of the research encounter Drawing a parallel between the artistic work of a portrait maker in depicting a subject sometimes an object and the work of the researcher in exploring people s experiences narrative portraiture invites a close up into a person s narrated and embodied experience and argues that one of the main research findings in qualitative research is the person themselves their circumstances and their life story The book proposes four approaches to narrative portraiture 1 a systematic approach to narrative analysis 2 the use of phronesis in narrative portraiture 3 the concept of imagined portraits as a collaborative approach between visual arts and social sciences and 4 the

use of performative portraits both as an analytic tool and product for research communication This book will help qualitative researchers create first person narratives that will give a glimpse into the participants lives in a way that is simultaneously deep concise and evocative This book will be suitable for those interested in narrative methods and qualitative research in health care education and the social sciences **English Portraits** Charles Augustin Sainte-Beuve,1875
