The Voice of Southern Labor Vincent J. Roscigno,William F. Danaher,2004 The 1934 strike of southern textile workers involving nearly 400 000 mill

hands remains perhaps the largest collective mobilization of workers in U S history How these workers came together in the face of the powerful and coercive opposition of management and the state is the remarkable story at the center of this book The Voice of Southern Labor chronicles the lives and experiences of southern textile workers and provides a unique perspective on the social cultural and historical forces that came into play when the group struck first in 1929 and then on a massive scale in 1934 The workers grievances solidarity and native radicalism of the time were often reflected in the music they listened to and sang and Vincent J Roscigno and William F Danaher offer an in depth context for understanding this intersection of labor politics and culture The authors show how the message of the southern mill hands spread throughout the region with the advent of radio and the rise of ex mill worker musicians and how their sense of opportunity was further bolstered by Franklin D Roosevelt s radio speeches and policies Vincent J Roscigno is associate professor of sociology at Ohio State University William F Danaher is associate professor in the Department of Sociology and Anthropology at the College of Charleston

The Stonemans Ivan M. Tribe, 1993 The Stonemans is an eye opening slice of Americana a trip through nearly twenty years of country music history following a single family from their native Blue Ridge Mountains to the slums of Washington D C and the glitter of Nashville As early as 1924 Ernest V Pop Stoneman realized the potential of what is now known as country music and he tried to carve a career from it Successful as a recording artist from 1925 through 1929 Stoneman foundered during the Great Depression He his wife and their nine children went to Washington in 1932 struggling through a decade of hardship and working to revive the musical career Pop still believed in The Stoneman Family won the Country Music Association s Vocal Group of the Year

Award in 1967 After Pop's death a year later some of the children scattered to pursue their own careers Ivan Tribe relies on extensive interviews with the Stonemans and their friends in this chronicle of a family whose members have clung to their musical heritage through good times and bad *Linthead Stomp* Patrick Huber, 2008-10-20 Contrary to popular belief the roots of American country music do not lie solely on southern farms or in mountain hollows Rather much of this music recorded before World War II emerged from the bustling cities and towns of the Piedmont South No group contributed more to the commercialization of early country music than southern factory workers In *Linthead Stomp* Patrick Huber explores the origins and development of this music in the Piedmont's mill villages Huber offers vivid portraits of a colorful cast of Piedmont millhand musicians including Fiddlin' John Carson Charlie Poole Dave McCarn and the Dixon Brothers and considers the impact that urban living industrial work and mass culture had on their lives and music Drawing on a broad range of sources including rare 78 rpm recordings and unpublished interviews Huber reveals how the country music recorded between 1922 and 1942 was just as modern as the jazz music of the same era *Linthead Stomp* celebrates the Piedmont millhand fiddlers guitarists and banjo pickers who combined the collective memories of the rural countryside with the upheavals of urban industrial life to create a distinctive American music that spoke to the changing realities of the twentieth century South *Like a Family* Jacquelyn Dowd Hall, James L. Leloudis, Robert R. Korstad, Mary Murphy, Lu Ann Jones, Christopher B. Daly, 2012-12-30 Since its original publication in 1987 *Like a Family* has become a classic in the study of American labor history Basing their research on a series of extraordinary interviews letters and articles from the trade press the authors uncover the voices and experiences of workers in the Southern cotton mill industry during the 1920s and 1930s Now with a new afterword this edition stands as an invaluable contribution to American social history The genius of *Like a Family* lies in its effortless integration of the history of the family particularly women into the history of the cotton mill world Ira Berlin New York Times Book Review *Like a Family* is history folklore and storytelling all rolled into one It is a living revelatory chronicle of life rarely observed by the academe A powerhouse Studs Terkel Here is labor history in intensely human terms Neither great impersonal forces nor deadening statistics are allowed to get in the way of people If students of the New South want both the dimensions and the feel of life and labor in the textile industry this book will be immensely satisfying CHOICE **Mountaineer Jamboree** Ivan M. Tribe, 2021-11-21 *Jamboree* To many country music fans the word conjures up memories of Saturday nights around the family radio listening to live broadcasts from that haven of hillbilly music West Virginia From 1926 through the 1950s as Ivan Tribe shows in his lively history country music radio programming made the Mountain State a mecca for country singers and instrumentalists from all over America Wilma Lee and Stoney Cooper Little Jimmy Dickens Hawkshaw Hawkins Red Sovine Blaine Smith Curly Ray Cline Grandpa Jones Cowboy Loyce Rex and Eleanor Parker Lee Moore Buddy Starcher Doc and Chickie Williams and Molly O Day were among the many who came to prominence via West Virginia radio Wheeling's WWVA jamboree first broadcast in 1933 attracted a wide audience

especially after 1942 when the station increased its power The show s success spawned numerous competitors as new stations all over West Virginia followed WWVA s lead in headlining country music The state also played an important role in the early recording industry The Tweedy Brothers Frank Hutchison Roy Harvey Blind Alfred Reed Frank Welling and John McGhee Cap and Andy and the Kessinger Brothers were among West Virginians whose waxings contributed to the state s reputation for fine native musicianship So too did those who sought out and recorded the Mountaineer folksong heritage As Nashville s dominance has grown since the 1960s West Virginia s leadership in country music has lessened Young performers must now seek fame outside their native state But as Ivan Tribe demonstrates the state s numerous outdoor festivals continue to keep alive the heritage of country music s mountain mama *Habits of Industry* Allen Tullos,1989 *Habits of Industry* provides a richly descriptive social historical and cultural account of the Carolina Piedmont _the area between the Blue Ridge Mountains and the Coastal Plain_ over the course of 150 years By examining the social and religious c

Virginia's Blues, Country, and Gospel Records, 1902-1943 Kip Lornell,2021-12-14 During the years before World War II hundreds of traditional musicians were sought out by commercial record companies brought to New York or into local often makeshift studios to cut recordings that would be marketed as race and hillbilly music Virginia was home to scores of these performers several of whom were to become internationally known Among them were the Carter Family the Golden Gate Quartet Charlie Poole and the Stoneman Family whose music has touched millions of listeners far beyond the confines of the Old Dominion It is this historically important body of recordings from this unique period that forms the focus of Kip Lornell s study In it he combines biographical sketches and bibliographies of the artists and groups with comprehensive discographies of each covering not only the original 78 rpm issues but also American and foreign long play releases The entries incorporate new primary research and contemporary interviews with veterans of early recording sessions Numerous vintage photographs are also included some reproduced here for the first time **Death and Dying in Central**

Crissman,1994 James Crissman explores cultural traits related to death and dying in Appalachian sections of Tennessee Virginia Kentucky North Carolina and West Virginia showing how they have changed since the 1600s Relying on archival materials almost forty photographs and interviews with more than 400 mountain dwellers Crissman focuses on the importance of family and neighborliness in mountain society Written for both scholarly and general audiences the book contains sections on the death watch body preparation selection or construction of a coffin or casket digging the grave by hand the wake the funeral and other topics Crissman then demonstrates how technology and the encroachment of American society have turned these vital traditions into the disappearing practices of the past
