## Reading The Enemys Mind:

**Reading the Enemy's Mind** Paul Smith, 2005 Major Paul H Smith U S Army retired who helped run the CIA s psychic research program code name Star Gate for over ten years at last tells his story Includes an eight page black and white photo insert *Reading the Enemy's Mind* Paul H. Smith, 2005-12-27 An up close and personal look behind the scenes of the government s psychic spy program as only an insider can A must read Harold E Puthoff PhD founder and former director of the CIA initiated Remote Viewing Program From behind the cloak of US military secrecy comes the story of Star Gate the project that for nearly a quarter of a century trained soldiers and civilian spies in extra sensory perception ESP Their objective To search out the secrets of America s cold war enemies using a skill called remote viewing Paul H Smith a US Army Major was one of these viewers With the Star Gate secrets declassified and the program mothballed by the Central Intelligence Agency the story can now be told of the ordinary soldiers drafted onto the battlefield of human consciousness Using hundreds of interviews with the key players in the Star Gate program and gathering thousands of pages of documents Smith reveals many secrets about how remote viewing works and how it was used against enemy targets Among these stories are the search for hostages in Lebanon spying on Soviet directed energy weapons investigating the bombing of Pan Am Flight 103 over Lockerbie Scotland tracking foreign testing of weapons of mass destruction combating narco trafficking off America s coasts aiding in the Iranian hostage situation finding KGB moles in the CIA pursuing Middle East terrorists and more This is a story for the believer and the skeptic a rare look at the innards of a top secret program and an eye opening treatise on the power of the human mind to transcend the limitations of space and time [Commencement Exercises](#) University of the Philippines, 1920 **The Mind of a Terrorist** Kaare Sørensen, 2016-06-07 With the Pacing of a Thriller a Veteran Journalist s Account of the Terrorist behind the Mumbai Attacks and a Planned Attack in Europe David Headley the American Pakistani also known as Daood Gilani lived a double life One day he would stroll through Central Park in his tailored Armani suit as a true New Yorker and the next he would browse in the bazaar in Lahore wearing traditional Pakistani clothes One day he would drink champagne at the most extravagant clubs on another he would prostrate himself in prayer in remote Pakistan and pledge fidelity to Allah Born in 1960 the son of an American mother and Pakistani father with one blue eye and one brown Headley grew up between East and West He was attracted to both worlds even working as an informant for the US government until one day he found he had to choose between the place of his birth and a radical form of Islam preaching global jihad This is the disturbing story of the mastermind behind the 2008 attacks in Mumbai that killed 166 people who two months later flew to Copenhagen to plan another act of terror with the help of al Qaeda sleeper cells in Europe Veteran journalist Kaare Sørensen has reconstructed his movements and planning in a tense feat of reportage His account based on extensive reporting eyewitness interviews and documentation including wiretaps court transcripts and emails by Headley accessed from a chat room cache of nine thousand messages offers unprecedented insight into the mind of

the terrorist The author has provided updates and a new preface for the English language edition *Mutants & Mystics* Jeffrey J. Kripal, 2011-09-30 In many ways twentieth century America was the land of superheroes and science fiction From Superman and Batman to the Fantastic Four and the X Men these pop culture juggernauts with their powers and abilities far beyond those of mortal men thrilled readers and audiences and simultaneously embodied a host of our dreams and fears about modern life and the onrushing future But that's just scratching the surface says Jeffrey Kripal In *Mutants and Mystics* Kripal offers a brilliantly insightful account of how comic book heroes have helped their creators and fans alike explore and express a wealth of paranormal experiences ignored by mainstream science Delving deeply into the work of major figures in the field from Jack Kirby's cosmic superhero sagas and Philip K Dick's futuristic head trips to Alan Moore's sex magic and Whitley Strieber's communion with visitors Kripal shows how creators turned to science fiction to convey the reality of the inexplicable and the paranormal they experienced in their lives Expanded consciousness found its language in the metaphors of sci fi incredible powers unprecedented mutations time loops and vast intergalactic intelligences and the deeper influences of mythology and religion that these in turn drew from the wildly creative work that followed caught the imaginations of millions Moving deftly from Cold War science and Fredric Wertham's anticomics crusade to gnostic revelation and alien abduction Kripal spins out a hidden history of American culture rich with mythical themes and shot through with an awareness that there are other realities far beyond our everyday understanding A bravura performance beautifully illustrated in full color throughout and brimming over with incredible personal stories *Mutants and Mystics* is that rarest of things a book that is guaranteed to broaden and maybe even blow your mind *Phenomena* Annie Jacobsen, 2017-03-28 The definitive history of the military's decades long investigation into mental powers and phenomena from the author of Pulitzer Prize finalist *The Pentagon's Brain* and international bestseller *Area 51* This is a book about a team of scientists and psychics with top secret clearances For more than forty years the U S government has researched extrasensory perception using it in attempts to locate hostages fugitives secret bases and downed fighter jets to divine other nations secrets and even to predict future threats to national security The intelligence agencies and military services involved include CIA DIA NSA DEA the Navy Air Force and Army and even the Joint Chiefs of Staff Now for the first time New York Times bestselling author Annie Jacobsen tells the story of these radical controversial programs using never before seen declassified documents as well as exclusive interviews with and unprecedented access to more than fifty of the individuals involved Speaking on the record many for the first time are former CIA and Defense Department scientists analysts and program managers as well as the government psychics themselves Who did the U S government hire for these top secret programs and how do they explain their military and intelligence work How do scientists approach such enigmatic subject matter What interested the government in these supposed powers and does the research continue *Phenomena* is a riveting investigation into how far governments will go in the name of national security **The Art of Psychological Warfare** Christopher Kingler, Is it really

possible to invade an enemy's mind and win without a fight Can you achieve your goals by having others do the dirty work for you Have you ever wondered why politicians speakers and performers get everything they want Are you tired of others always getting the better of you at work or in the rest of your life Do modern life hack tips always seem repetitive to you If you ask yourself these questions the answer is The Art of Psychological Warfare Psychological warfare has existed since the beginning of time Ancient documents such as The Art of War by Sun Tzu or historical people such as Alexander the Great Genghis Khan and Niccol Machiavelli are examples of people who understood the timelessness of military and psychological strategies With the progress of time up to the present day the art of war has become increasingly subtle and difficult to identify Since the mid twentieth century great advances in our knowledge of the most effective methods of mass communication and persuasion have been visible in a wide range of professional fields including journalism marketing public relations interrogation and public opinion studies However these successes have also had troubling implications propaganda subversion intimidation disinformation large scale lies deception counter insurgency brainwashing and manipulation of public opinion in which our individual freedom of thought is constantly under attack This manual provides a cutting edge distillation of some of the most influential concepts of dark psychology techniques honed over the centuries by politicians strategists speakers performers and sellers around the world This manual can be in your hands But use it with diligence Here are some areas that you will discover within The Art of Psychological Warfare What Sun Tzu and Machiavelli can teach you to destroy your enemies How to spot dark personalities and how to defend yourself from their influence The psychology of deception influence and domination The art of blackmail and manipulation How brainwashing works in sects organisations and brands How political propaganda and media tactics manage to do what they want with the masses The art of war applicable to work relationships and the business world This book is not a joke Like it or not out there there will always be people who will try to hurt you or try to use you for their own pleasure or benefit You are not the only person with access to psychological warfare methods If you don't already know it chances are you are a lifelong victim In this book the author studies the various forms of psychological warfare the dark personalities the key elements of this PsyWar and most importantly how we can fight back and win It is without doubt the best gift you can give to yourself The principles in this book are not hype they have survived through the ages and will continue long into the future After reading this book you will never be the same again

Authors of the Impossible Jeffrey J. Kripal, 2011-09-16 Outstanding and almost certainly controversial Kripal has promise to revitalize and extend the reach of religious studies Choice Most scholars dismiss research into the paranormal as pseudoscience a frivolous pursuit for the paranoid or gullible Even historians of religion whose work naturally attends to events beyond the realm of empirical science have shown scant interest in the subject But the history of psychical phenomena Jeffrey J Kripal contends is an untapped source of insight into the sacred and by tracing that history through the last two centuries of Western thought we can see its potential centrality to the critical study of religion Kripal

grounds his study in the work of four major figures in the history of paranormal research psychical researcher Frederic Myers writer and humorist Charles Fort astronomer computer scientist and ufologist Jacques Vallee and philosopher and sociologist Bertrand Russell Through incisive analyses of these thinkers Kripal ushers the reader into a beguiling world somewhere between fact fiction and fraud The cultural history of telepathy teleportation and UFOs a ghostly love story the occult dimensions of science fiction cold war psychic espionage galactic colonialism and the intimate relationship between consciousness and culture all come together in *Authors of the Impossible* a dazzling and profound look at how the paranormal bridges the sacred and the scientific An excellent book engaging witty and thoughtful Christopher Partridge Lancaster University Kripal demands nothing short of a paradigm shift in order to make sense of the odd the anomalous and the inexplicable Catherine L Albanese University of California Santa Barbara Quietly earth shattering Victoria Nelson author of *The Secret Life of Puppets* *The End of Materialism* Charles T.
