Reading German A Course And Reference Grammar

Princeton University

Reading German A Course And Reference Grammar:

Reading German Waltraud Coles, Bill J. Dodd, 1997 *Reading German* is a structured reading course designed to take a wide variety of users to an independent reading of authentic German texts. It is ideally suited for courses in colleges and universities for students or specialists in any discipline and for independent learners. Drawing on recent research into reading in a foreign language, the course chapters focus on the recognition and decoding of progressively complex written structures before rehearsing a variety of strategies such as skimming and scanning for negotiating longer and more complex texts. The book has four sections: a 16 chapter reading course, an extensive reference section containing a specially designed grammar of written German, a further exercises section for further work on recognizing structures, and a text corpus containing 23 texts of various types with facing English translations. Grammatical points explained in the reference section are frequently illustrated using examples located in the text corpus. The only other resource the user will need is a bilingual dictionary. Advice on how to use a dictionary is contained in the reference section.

Reading German Waltraud Coles, Bill J. Dodd, 2023 This structured reading course is designed to take a wide variety of users to an independent reading of authentic German texts. It is suitable both for college and university courses and for independent learners.

German Quickly April Wilson, 2004 *German Quickly* A Grammar for Reading German is a thorough straightforward textbook with a sense of fun. It teaches the fundamentals for reading German literary and scholarly texts of all levels of difficulty. It can be used as an introductory text for scholars with no background in German or it can serve as a reference text for students wishing to review German. The grammar explanations are detailed and clear, addressing common problems students encounter while learning to read German. This book includes thought provoking and entertaining reading selections consisting mainly of aphorisms and proverbs. There are also twelve appendices including a summary of German grammar, descriptions of German dictionaries, a partial answer key, strategies for learning German, and a humanities vocabulary section of about 3,800 words.
