D.H. Lawrence's Final Fictions Ben Stoltzfus, 2024-04-08 D H Lawrence s Final Fictions A Lacanian Perspective explores how literature thinks more specifically how the reading of fiction influences behavior Lawrence writes passionately about our alienation from ourselves from other people and from the cosmos He believes that we need to heed the voices of our unconscious and he shows us how to meld body and mind so that psychoanalytically speaking Id and Ego can come together In this endeavor there is a salient convergence between Lawrence s writings and those of Jacques Lacan the French psychoanalyst In this book Stoltzfus examines the poetics of seven major fictions that Lawrence wrote between 1925 and 1930 five productive years that are referred to as his fabulation period In each of the book s seven chapters in tandem with Lacan s writings Stoltzfus analyzes seven major characters four of whom move from alienation to the renewal of self and the cosmos He argues that Lawrence s fiction is simultaneously descriptive and prescriptive by showing us how to circumvent dysfunction Stoltzfus brings literature and psychoanalysis together in readings that are both aesthetic and epistemological They are recipes for curing the Anthropocene

Nakabayashi, Masami,2011-10-16 In this study of the Lady Chatterley novels Masami Nakabayashi pays particular attention to D H Lawrence s language for the feelings and for the life of the unselfconscious sexual body The novels constantly find ways of verbalising the characters internalised experiences as they occur in states of unselfconsciousness Lawrence s language for sensual feelings and emotions has always been regarded as simply sexual and no previous critics have explored or made sense of the complexities of his peculiar but extremely sophisticated writing practice in the Lady Chatterley novels Lawrence was a habitual reviser of his work and despite the availability of reliable texts in the Cambridge edition few critics have traced the nature and significance of his changes from one draft to the next By examining and analysing the novels particular linguistic revisions Masami Nakabayashi reveals the textual impulse behind Lawrence s original conception and its subsequent change and development

Lake Garda Nick Ceramella,2013-11-13 Comes over one an absolute necessity to move This opening sentence of *Sea and Sardinia* 1921 is strikingly telling about D H Lawrence s life which can be considered both literally and metaphorically as a journey to the sun In this respect as the title of our symposium *Lake Garda Gateway to D H Lawrence s Voyage to the Sun* suggests he began his life long quest in Gargnano in 1912 This eponymous book draws together the papers presented at the Gargnano Symposium in 2012 to commemorate the centenary of the writer s stay in that paradise 3 September 1912 11 April 1913 The focus of our event was on Lawrence s sun search and travelling two thought provoking multifaceted topics for a sparkling critical debate expanding outside canonic criticism into music and painting This collection in fact comes with a CD featuring 12 songs poems by Lawrence put to music for soprano and piano by the American composer William Neil It also includes the reproduction of seven paintings from *Via D H Lawrence* out of a sequence of 25 in which the German painter Sabine Frank follows the writer s footsteps in the Garda area The result is a unique and stimulating book combining literature music and painting Thus it provides an invaluable enrichment for all of us meant to inspire intellectual confrontation and circulation of ideas in the domain of Laurentian studies This is the sort of book that any Laurentian reading either for academic purposes or pleasure cannot possibly miss
