Shurgot,2016-04-01 Making a unique intervention in an incipient but powerful resurgence of academic interest in character based approaches to Shakespeare this book brings scholars and theatre practitioners together to rethink why and how character continues to matter Contributors seek in particular to expand our notions of what Shakespearean character is and to extend the range of critical vocabularies in which character criticism can work The return to character thus involves incorporating as well as contesting postmodern ideas that have radically revised our conceptions of subjectivity and selfhood At the same time by engaging theatre practitioners this book promotes the kind of comprehensive dialogue that is necessary for the common endeavor of sustaining the vitality of Shakespeare s characters      **Approaches to the Medieval Self**

Stefka G. Eriksen,Karen Langsholt Holmqvist,Bjørn Bandlien,2020-09-21 The main aim of this book is to discuss various modes of studying and defining the medieval self based on a wide span of sources from medieval Western Scandinavia c 800 1500 such as archeological evidence architecture and art documents literature and runic inscriptions The book engages with major theoretical discussions within the humanities and social sciences such as cultural theory practice theory and cognitive theory The authors investigate how the various approaches to the self influence our own scholarly mindsets and horizons and how they condition what aspects of the medieval self are visible to us Utilizing this insight we aim to propose a more syncretic approach towards the medieval self not in order to substitute excellent models already in existence but in order to foreground the flexibility and the complementarity of the current theories when these are seen in relationship to each other The self and how it relates to its surrounding world and history is a main concern of humanities and social sciences Focusing on the theoretical and methodological flexibility when approaching the medieval self has the potential to raise our awareness of our own position and agency in various social spaces today      **Teaching and Reading New Adult Literature in High**

**School and College** Sharon Kane,2022-11-10 An introduction to the rapidly growing category of New Adult NA literature this text provides a roadmap to understanding and introducing NA books to young people in high school college libraries and other settings As a window into the experiences and unique challenges that young and new adults encounter New Adult literature intersects with but is distinct from Young Adult literature This rich resource provides a framework methods and plentiful reading recommendations by genre theme and discipline on New Adult literature Starting with a definition of New Adult literature Kane demonstrates how the inclusion of NA literature helps support and encourage a love of reading Chapters address important topics that are relevant to young people including post high school life early careers

relationships activism and social change Each chapter features text sets instructional strategies writing prompts and activities to invite and encourage young people to be reflective and engaged in responding to thought provoking texts A welcome text for professors of literacy and literature instruction first year college instructors researchers librarians and educators this book provides new ways to assist students as they embark upon the next stage of their lives and is essential reading for courses on teaching literature Journal of Nervous and Mental Disease ,1928 July 1918 1943 include reports of various neurological and psychiatric societies How We Became Human Pierpaolo Antonello,Paul Gifford,2015-10-01 From his groundbreaking *Violence and the Sacred* and *Things Hidden since the Foundation of the World* Ren Girard s mimetic theory is presented as elucidating the origins of culture He posits that archaic religion or the sacred particularly in its dynamics of sacrifice and ritual is a neglected and major key to unlocking the enigma of how we became human French philosopher of science Michel Serres states that Girard s theory provides a Darwinian theory of culture because it proposes a dynamic shows an evolution and gives a universal explanation This major claim has however remained underscrutinized by scholars working on Girard s theory and it is mostly overlooked within the natural and social sciences Joining disciplinary worlds this book aims to explore this ambitious claim invoking viewpoints as diverse as evolutionary culture theory cultural anthropology archaeology cognitive psychology ethology and philosophy The contributors provide major evidence in favor of Girard s hypothesis Equally Girard s theory is presented as having the potential to become for the human and social sciences something akin to the integrating framework that present day biological science owes to Darwin something compatible with it and complementary to it in accounting for the still remarkably little understood phenomenon of human emergence
