## **Reading The Cantos A Study Of Meaning In:**

*Reading the 'Cantos:' a Study of Meaning in Ezra Pound* Noel Stock, 1967      Reading the Cantos (Routledge Revivals)  
Noel Stock, 2010-11-30 First published in 1967 this is a study which tackles the central problem of meaning within Ezra Pound's *The Cantos*. It deals with the question of important critical issues as well as of interpretation and understanding. Students of modern poetry will derive great benefit from this vigorous and lucid analysis of Pound's masterpiece. Noel Stock's finding is radical: that *The Cantos* is not a really a poem at all but rather notes towards a poem. It is a collection of fragments of varying quality, some of extraordinary power and beauty but in no sense formed into a work of art.      Readings in the Cantos Richard Parker, 2022-07-01 The three volumes of *Readings in the Cantos* bring together in a ground-breaking format a number of critical readings by world-renowned scholars of the central modernist long poem *The Cantos* of Ezra Pound. Each contributor approaches either a single Canto or a defined small group of Cantos in isolation, providing a clear, informative and interpretive reading that includes an up-to-date assessment of sources and an idea of recent critical approaches. Together the contributors offer a remarkably diverse reading of *The Cantos* that at the same time demonstrates the coherence of Pound's text.      *Language, Sexuality, and Ideology in Ezra Pound's Cantos* Jean-Michel Rabaté, 1986-02-01 Ezra Pound's *Cantos* remains among the most influential and difficult of twentieth-century poetic writings. But now for the first time Rabat's powerful and original study presents a theory of reading adequate to the challenge of Pound's writing. Using elements from Lacanian psychoanalysis and Heidegger's powerful meditation of poetry and language, this book constructs a theory of reading which both gives full force to the strategies of writing deployed in the *Cantos* and to the historical and political situations to which those strategies are a response. This study provides a fresh reading of the familiar Pound canon: Homer, Dante, Ovid, but also of the less well-known Ruskin, Browning, Frobenius. Pound's practice of quotation is understood in the context of a new poetic discourse characterized by parapraxis, ellipsis, condensation, and autonomous voices which refer the division of the speaking subject back to an omniform intellect capable of taking on any new personality at will. Crucial to an understanding of Pound's situation is the relationship between Chinese and Greek culture, an analysis of which allows Rabat to elaborate the tragic dimension in Pound's life and works. This book also parallels and contrasts Pound with his major contemporaries such as Eliot and Joyce, and with his immediate heirs like William Carlos Williams, H. D., Zukofsky, and Olson.      *The Ezra Pound Encyclopedia* Demetres P. Tryphonopoulos, Stephen J. Adams, 2005-04-30 Ezra Pound forever changed the course of poetry. The author of a vast body of literature, his enormous range of references and use of multiple languages make him one of the most obscure authors, and because of his Fascism, anti-Semitism, and questionable sanity, one of the most controversial. This encyclopedia is a concise yet comprehensive guide to his life and writings. Included are more than 250 alphabetically arranged entries on such topics as Arabic history, Chinese translation, dance, Hilda Doolittle, Egyptian literature, Robert Frost, and Pound's publications. The entries are written by roughly 100 expert contributors and cite works for further

such as Pound's Cantos Yeats's Lake Isle of Innisfree and William Carlos Williams's Paterson and examines the role the sciences of rhythm played in racist discourses and fascist political thinking in the years leading up to World War II Recovering obscure texts written in France Germany England and America Golston argues that Rhythmics was instrumental in generating an international modern art and should become a major consideration in our reading of reactionary avant garde poetry **The Indian Journal of English Studies**, 1983 **University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Authors & titles** University of California (System).
