Brookes,2013-10-28 This book charts my journey as I travel the globe from my armchair by reading contemporary literature a trek that I started in London England back in May 2009 At this time it occurred to me that whilst a real life trip to every country in the world would be impossible due to lack of time work commitments and the cost I could explore the globe through literature in the company of international authors In doing this I mapped out a travel list of well over 270 destinations to visit every UN recognised state and a few more contentious ones and have been reading a book from each country as part of my literary expedition For particularly large countries such as China and Russia I am reading a book from each major region of that country In Volume 1 of my travels you will find details of the countries that I visited in my first year from England to Russia as well as reviews of the books that I have read and details of the authors and publication dates      Current Literature ,1894      How to Read World Literature David Damrosch,2017-09-05 The new edition of this highly popular guide How to Read World Literature addresses the unique challenges and joys faced when approaching the literature of other cultures and eras Fully revised to address important developments in World Literature and generously expanded with new material this second edition covers a wide variety of genres from lyric and epic poetry to drama and prose fiction and discusses how each form has been used in different eras and cultures An ideal introduction for those new to the study of World Literature as well as beginners to ancient and foreign literature this book offers a variety of modes of entry to reading these texts The author a leading authority in the field draws on years of teaching experience to provide readers with ways of thinking creatively and systematically about key issues such as reading across time and cultures reading works in translation emerging global perspectives postcolonialism orality and literacy and more Accessible and enlightening offers readers the tools to navigate works as varied as Homer Sophocles Kalidasa Du Fu Dante Murasaki Moliere Kafka Wole Soyinka and Derek Walcott Fully revised and expanded to reflect the

**Life Writing as World Literature** Helga Lenart-Cheng,Ioana Luca,2025-05-01 A global array of contributors explore the interplay between translation and circulation mediums and materialities and aesthetics and politics in how life writing is shaped by and becomes world literature We live in the age of popular self representation in that most people around the globe either produce or consume autobiographical material memoirs selfies blogs etc The current volume investigates this global phenomenon and examines how life writing and world literature converge Why do some personal stories get picked up translated circulated and taught in classrooms while others remain moored in local waters Do autobiographical stories that travel widely have something in common about them Or is it the other way around is it our notion of world literature that imposes uniform expectations on these diverse texts And what can we gain from studying these two fields in conjunction Life Writing as World Literature brings together experts who map regional and local autobiographical traditions from six continents These scholars explore the dynamic interplay between local and global aesthetics and sociopolitical concerns

presenting case studies that include prison narratives from communist regimes Japanese diaries multilingual Caribbean memoirs Indian auto biographical comics and stories by Taiwanese domestic workers To understand how and why some personal stories enter global dissemination contributors inquire into translation market mechanisms and circulation patterns while also exploring the affordances of new media and materialities when recording contemporary lives Life Writing as World Literature brings a fresh perspective to both fields world literature and life writing opening up exciting avenues of research

issues that Anglo American studies are facing at the beginning of the twenty first century with regards to both research and teaching Given the English language s status as a lingua franca the culture that produced it and that has been changing it the literature written in English and relevant linguistic and literary discourse have come to largely dominate critical theory globally Therefore the subjects of Anglo American studies and their traditional and modern concepts must be approached from a multidisciplinary perspective and must also be problematized in and determined by other spheres of the world especially at the universities at which they are studied This book consequently approaches both mainstream cultural literary linguistic and academic achievements and often by way of comparison those smaller more distant and marginalized fields traditionally subordinate studies as well as instances of cultural hybridization Given its concern with a broad field of culture literature linguistics and methodology of teaching English as a foreign language this book consists of two main parts comprising the closest research and teaching fields one attending to culture and literature and the other approaching linguistics and methodology

*Peter Carey* Keyvan Allahyari,2023-04-11 Peter Carey The Making of a Global Novelist recounts Peter Carey s literary career from his emergence in the Australian literary scene as a contributor to local literary magazines to when he published his fiction exclusively with large conglomerate publishers As Australia s most decorated author for a period nearing half a century Carey s career gives unparalleled insights into the global contemporary publishing and the making of global literary prestige from the periphery and significant cultural currency for Australian literature and culture worldwide Carey s fiction is not only a product of the global dynamic in literary publishing of the last quarter of the twentieth century but also it holds something of its productive tension for Australian writing and writers Allahyari retraces the fraught synthesis of an individual literary proclivity with a growing commercial cultural appetite the coincidence of Carey s career with the conglomeration of global publishing pushed further towards anti elitist popular aesthetics

**A New Vocabulary for Global Modernism** Eric Hayot,Rebecca L. Walkowitz,2016-11-29 Bringing together leading critics and literary scholars A New Vocabulary for Global Modernism argues for new ways of understanding the nature and development of twentieth century literature and culture Scholars have largely understood modernism as an American and European phenomenon Those parameters have expanded in recent decades but the incorporation of multiple origins and influences has often been tied to older conceptual frameworks that make it difficult to think of modernism globally Providing alternative approaches A New Vocabulary for Global Modernism introduces pathways through global archives and new frameworks that offer a richer more representative set of concepts for the analysis of literary and cultural works In separate essays each inspired by a critical term this collection explores what happens to the foundational concepts of modernism and the methods we bring to modernist studies when we approach the field as a global phenomenon Their work transforms the intellectual paradigms we have long associated with modernism such as tradition antiquity style and translation New paradigms such as context slum copy pantomime and puppets emerge as the archive extends beyond its European center In bringing together

and reexamining the familiar as well as the emergent the contributors to this volume offer an invaluable and original approach to studying the intersection of world literature and modernist studies      **Contemporary Literature: The Basics**
