Eating the Ocean Brian Payne,2022-12-02 During the first half of the twentieth century Canadian fisheries regularly

produced more fish than markets could absorb driving down profits and wages To address this both industry and government sought to stimulate domestic consumption via increased advertising In *Eating the Ocean* Brian Payne explores how government funded marketing called upon Canadian housewives to prepare more seafood meals to improve family health and aid an industry central to Canadian identity and heritage The goal was first to make seafood a central element of a wholesome diet as a solution to a perceived nutritional crisis and second to aid industry recovery and growth while decreasing Canadian fisheries dependency on foreign markets But fishery managers and policymakers fundamentally miscalculated consumer demand wrongly assuming that Canadians could and would eat more seafood Fisheries continued to extract more fish than the environment and the market could sustain and the collapse of the nation's fisheries that we are now seeing has as much to do with failed assessments of market demand as it does with faulty extraction practices Using internal communications between industry leaders and Ottawa bureaucrats as well as advertising and promotional material published in the nation's leading magazines national and local newspapers and radio programming *Eating the Ocean* traces the flawed understanding of not only supply but demand a misguided gamble that caused fisheries to become the most mismanaged resource economy in early twentieth century Canada *Readers, Reading, and Librarians* William A. Frey, 2015-11-01 Heirloom dishes and family food traditions are rich sources of nostalgia and provide vivid ways to learn about our families past yet they can be problematic Many family recipes and food traditions are never documented in written or photographic form existing only as unwritten know how and lore that vanishes when a cook dies Even when recipes are written down they often fail to give the tricks and tips that would allow another cook to accurately replicate the dish Unfortunately recipes are also often damaged as we plunk Grandma's handwritten cards on the countertop

next to a steaming pot or a spattering mixer shortening their lives This book is a guide for gathering adjusting supplementing and safely preserving family recipes and for interviewing relatives collecting oral histories and conducting kitchen visits to document family food traditions from the everyday to special occasions It blends commonsense tips with sound archival principles helping you achieve effective results while avoiding unnecessary pitfalls Chapters are also dedicated to unfamiliar regional or ethnic cooking challenges as well as to working with recipes that are orphans surrogates or terribly outdated Whether you simply want to save a few accurate recipes help yesterday s foodways evolve so they are relevant for today s table or create an extensive family cookbook this guidebook will help you to savor your memories **Gift Upon Gift** Dr.

Sherri Brown,2010-08-11 This study builds upon recent scholarship exploring the significance of the Old Testament covenant metaphor in the Johannine writings By examining the Gospel of John as a whole through a narrative lens and focusing on several key dialogues the author sheds light on the dialogical nature of the revelatory process and the central role of covenant for the Fourth Evangelist Also incorporating recent scholarship that suggests the evangelist understood himself to be writing Scripture based upon fulfillment language present in summary statements across the Gospel and demonstrating a relationship between the Fourth Gospel and ancient drama that renders speech as action this work attempts to construct a new paradigm for reading John against the background of the Old Testament covenant metaphor The claim is twofold the Johannine story of Jesus Christ is a carefully crafted literary treatise theologically underpinned by discourse on covenant and Scripture and the Fourth Evangelist provides catechesis to a believing community on the nature of its faith in the God of Israel s ongoing covenant with the created order By grasping the theological fabric of the evangelist the richness of the dialogue and imagery of his Gospel is allowed to have its full voice in terms of covenant fulfillment and the ongoing commitment of God to a believing people *Doing Research/Reading Research* Paul Dowling,Andrew Brown,2012-12-06
