International African Institute London      *Routledge Handbook of African Popular Culture* Grace A Musila, 2022-05-15 This handbook brings together an international team of scholars from different disciplines to reflect on African popular cultural imaginaries. These imaginaries in the sense of cultural productions, contexts, consumers, producers, platforms, and the material affective and discursive resources they circulate, are influential in shaping African realities. Collectively, the chapters assembled in this handbook index the genres, methods, mediums, questions, and encounters that preoccupy producers, consumers, and scholars of African popular cultural forms across a range of geohistorical and temporal contexts. Drawing on forms such as newspaper columns, televised English Premier League football, speculative arts, romance fiction, comedy, cinema, music, and digital genres, the contributors explore the possibilities and ambiguities unleashed by the production, circulation, consumption, remediation, and critique of these forms. Among the questions explored across these essays are the freedoms and constraints of popular genres, the forms of self-making, pleasure and harm that these imaginaries enable, the negotiations of multiple moral regimes in everyday life, and inevitably the fecund terrain of contradictions definitive of many popular forms which variously enable and undermine world-making. An authoritative scholarly resource on popular culture in Africa, this handbook is an essential read for students and scholars of African culture, society, and media.

**The Columbia Guide to West African Literature in English Since 1945** Oyekan Owomoyela, 2008-10-21 Composed by a premier scholar of African literature, this volume is a comprehensive guide to the literary traditions of Gambia, Sierra Leone, Liberia, Ghana, and Nigeria, five distinct countries bound by their experience with colonialism. Oyekan Owomoyela begins with an overview of the authors, texts, and historical events that have shaped the development of postwar Anglophone literatures in this region, exploring shifts in theme and the role of foreign sponsorship, and illuminating recent debates regarding language, identity, gender, and social commitments of various authors and their works. His introduction concludes with a bibliography of key critical texts. The second half of the volume is an alphabetical tour of writers, publications, concepts, genres, movements, and institutions, with suggested readings for further research. Entries focus primarily on fiction but also touch on drama and poetry. Featured authors include Chris Abani, Chinua Achebe, Chimamanda Ngozi Adichie, Cyprian Ekwensi, Uzodinma Chukuka, Iweala, Helen Oyeyemi, and Wole Soyinka. Topics range from the European origins of African literature and the West African diaspora to the development of an African personality, the establishment of a regional publishing industry, and the global literary marketplace. Owomoyela also discusses such influences as the postwar emergence of Onitsha Market Literature, the Mbari Club, and the importance of the Noma Award. Owomoyela's portrait points to the major impact of West African literature on the evolution of both African and world literatures in English. Sure to become the definitive text for research in the field, *The Columbia Guide to West African Literature in English Since 1945* is a vital resource for newcomers as well as for advanced scholars seeking a deeper understanding of the region's rich literary heritage.

poetry with an exploration of the broader political cultural and intellectual contexts within which West African writers work Anglophone literatures form the central focus of the book with comparative comments on vernacular literature francophone writing and oral literatures and detailed discussion of selected francophone texts in translation e g Senghor Tadjou Beyala Ba Sembene BOOK JACKET      The Oxford History of the Novel in English Simon Gikandi, 2016-09-05 Why did the novel take such a long time to emerge in the colonial world And what cultural work did it come to perform in societies where subjects were not free and modes of social organization diverged from the European cultural centers where the novel gained its form and audience Answering these questions and more Volume 11 The Novel in Africa and the Caribbean since 1950 explores the institutions of cultural production that exerted influence in late colonialism from missionary schools and metropolitan publishers to universities and small presses How these structures provoke and respond to the literary trends and social peculiarities of Africa and the Caribbean impacts not only the writing and reading of novels in those regions but also has a transformative effect on the novel as a global phenomenon Together the volume s 32 contributing experts tell a story about the close relationship between the novel and the project of decolonization and explore the multiple ways in which novels enable readers to imagine communities beyond their own and thus made this form of literature a compelling catalyst for cultural transformation The authors show that even as the novel grows in Africa and the Caribbean as a mark of the elites mastery of European form it becomes the essential instrument for critiquing colonialism and for articulating the new horizons of cultural nationalism Within this historical context the volume examines works by authors such as Chinua Achebe Nadine Gordimer George Lamming Jamaica Kincaid V S Naipaul Zoe Wicomb J M Coetzee and many others      Reading Contemporary African American Literature Beauty Bragg, 2014-11-12 Reading Contemporary African American Literature focuses on the subject of contemporary African American popular fiction by women Bragg s study addresses why such work should be the subject of scholarly examination describes the events and attitudes which account for the critical neglect of this body of work and models a critical approach to such narratives that demonstrates the distinctive ways in which this literature captures the complexities of post civil rights era black experiences In making her arguments regarding the value of popular writing Bragg argues that black women s popular fiction foregrounds gender in ways that are frequently missing from other modes of narrative production They exhibit a responsiveness and timeliness to the shifting social terrain which is reflected in the rapidly shifting styles and themes which characterize popular fiction In doing so they extend the historical function of African American literature by continuing to engage the black body as a symbol of political meaning in the social context of the United States In popular literature Beauty Bragg locates a space from which black women engage a variety of public discourses
