Readings In Moral Theology No 6 Dissent:

Loyal Dissent Charles E. Curran, 2006-05-01 Loyal Dissent is the candid and inspiring story of a Catholic priest and theologian who despite being stripped of his right to teach as a Catholic theologian by the Vatican remains committed to the Catholic Church Over a nearly fifty year career Charles E Curran has distinguished himself as the most well known and the most controversial Catholic moral theologian in the United States On occasion he has disagreed with official church teachings on subjects such as contraception homosexuality divorce abortion moral norms and the role played by the hierarchical teaching office in moral matters Throughout however Curran has remained a committed Catholic a priest working for the reform of a pilgrim church His positions he insists are always in accord with the best understanding of Catholic theology and always dedicated to the good of the church In 1986 years of clashes with church authorities finally culminated in a decision by the Congregation for the Doctrine of the Faith headed by then Cardinal Josef Ratzinger that Curran was neither suitable nor eligible to be a professor of Catholic theology As a result of that Vatican condemnation he was fired from his teaching position at Catholic University of America and since then no Catholic university has been willing to hire him Yet Curran continues to defend the possibility of legitimate dissent from those teachings of the Catholic faith not core or central to it that are outside the realm of infallibility In word and deed he has worked in support of more academic freedom in Catholic higher education and for a structural change in the church that would increase the role of the Catholic community from local churches and parishes to all the baptized people of God In this poignant and passionate memoir Curran recounts his remarkable story from his early years as a compliant pre Vatican II Catholic through decades of teaching and writing and a transformation that has brought him today to be recognized as a leader of progressive Catholicism throughout the world

Sixty Years of Moral Theology Curran, Charles E., 2020 Following the model of the previous volumes Charles Curran has gathered here fourteen articles relating to three areas in moral theology I Vatican II and Its Aftermath II Humane Vitae and Its Aftermath III Subsequent Developments

Dissent on Core Beliefs Simone Chambers, Peter Nosco, 2015-04-23 Difference diversity and disagreement are inevitable features of our ethical social and political landscape This collection of new essays investigates the ways that various ethical and religious traditions have dealt with intramural dissent the volume covers nine separate traditions Confucianism Buddhism Christianity Judaism Islam liberalism Marxism South Asian religions and natural law Each chapter lays out the distinctive features history and challenges of intramural dissent within each tradition enabling readers to identify similarities and differences between traditions The book concludes with an Afterword by Michael Walzer offering a synoptic overview of the challenge of intramural dissent and the responses to that challenge Committed to dialogue across cultures and traditions the collection begins that dialogue with the common challenges facing all traditions how to maintain cohesion and core values in the face of pluralism and how to do this in a way that is consistent with the internal ethical principles of the traditions

Conscience Charles E. Curran, 2004 A collection of

published articles from progressive to conservative on conscience edited by one of the foremost scholars in the field **The Sensus Fidelium and Moral Theology** Charles E. Curran, Lisa Fullam, 2017 Presents points of view on the sensus fidelium from a wide range of theologians and pastors and makes an outstanding contribution by widening its application to ethical and not only doctrinal issues *Restoration & Renewal* Joseph F. Egan, 1995-08-01 To find out more information about Rowman Littlefield titles please visit us at www.rowmanlittlefield.com **Defining the Truth About Contraception** Michael C. McGuckian S.J., 2021-03-22 This book proposes to offer a solution to the tension in the Church around the teaching of Pope Paul VI in *Humanae Vitae* that continues to this day The book covers the dissent that began immediately and develops a theology of magisterium that justifies dissent from non infallible teaching in the Church The book then goes on to examine the encyclical and reaches the conclusion that Pope Paul was correct in his judgment on the substantive issue but that there is a flaw in the reasoning of the encyclical that explains at least in part the on going dissent Historical Dictionary of Catholicism William J. Collinge, 2021-08-15 This work covers the whole history of Catholicism including the periods of Christian history prior to the present divisions into Catholic Orthodox and Protestant but within the earlier periods it focuses on the story line that leads to Catholicism in the Roman Rite and particularly to Roman Catholicism in the United States The *Historical Dictionary of Catholicism* Third Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on important persons and places as well as themes such as baptism contraception labor church architecture the sexual abuse crisis Catholic history doctrine and theology spirituality and worship moral and social teaching and church structure This book is an excellent resource for students researchers and anyone wanting to know more about Catholicism *Faith with Benefits* Jason King, 2017-01-02 Hookup culture has become widespread on college campuses and Catholic colleges are no exception Indeed despite the fact that most students on Catholic campuses report being unhappy with casual sexual encounters most studies have found no difference between Catholic colleges and their secular counterparts when it comes to hooking up Drawing on a survey of over 1000 students from 26 institutions as well as in depth interviews Jason King argues that religious culture on Catholic campuses can in fact have an impact on the school's hookup culture but when it comes to how that relationship works it's complicated In *Faith with Benefits* King shows the complex way these dynamics play out at Catholic colleges and universities There is no straightforward relationship between orthodoxy and hookup culture some of the schools with the weakest Catholic identities also have weaker hookup cultures And not all students define the culture in the same way Some see a hookup as just a casual encounter where others see it as a gateway to a relationship *Faith with Benefits* gives voice to students revealing how their faith the faith of their friends and the institutional structures of their campus give rise to different hookup cultures In doing so King addresses the questions of students who don't know where to turn for practical guidance on how to navigate ever shifting campus cultures reconciling their faith with their relationships Students parents

faculty administrators indeed anyone who cares about Catholic teenagers and young adults will find much of value in this book *Introduction to Christian Theology* Roger A. Badham, 1998-01-01 This book covers a broad spectrum of current perspectives in theology including evangelical liberal liberationist feminist and postmodern approaches A textbook for introductory theology classes in seminaries and colleges this wide ranging collection of essays also represents the best available resource for any reader seeking to explore and understand the diversity of current trends in theology and ethics

Water Shaping Stone Kathryn Lilla Cox, 2016-01-15 The Catholic Tradition requires the faithful to form and follow their conscience This is the case even with the recognition that consciences can be malformed and one can make errors in practical judgments Water Shaping Stone examines various aspects of this tradition regarding conscience by using among other sources twentieth century magisterial documents theologians works and Scripture Kathryn Lilla Cox argues that while the Magisterium retains teaching authority and a responsibility to help form consciences through its teaching focusing only on the Magisterium leads to incomplete formation A more holistic vision of conscience formation means considering the formation of the moral agent to be a multifaceted process that draws on for example teaching prayer rituals Scripture practices and virtues along with relationships with the Triune God and communities of accountability This vision of conscience formation retains the magisterial teaching authority while acknowledging discipleship as the theological basis for making and assessing practical judgments of conscience *Handbook of Roman Catholic Moral Terms* James T. Bretzke, SJ, 2013-10-14 The Handbook of Roman Catholic Moral Terms contains more than 800 moral terms offering concise definitions historical context and illustrations of how these terms are used in the Catholic tradition including Church teaching and documents James T Bretzke SJ places Catholic tradition in a contemporary context in order to illuminate the continuities as well as discontinuities of Church teaching and key directions of Catholic thought The author also provides extensive cross referencing and bibliographic suggestions for further research Designed to serve as a vital reference work for libraries students and scholars of theology priests and pastoral ministers as well as all adults interested in theological enrichment or continuing education the Handbook of Roman Catholic Moral Terms is the most comprehensive post Vatican II work of its kind available in English The Social Mission of the U.S. Catholic Church Charles E. Curran, 2010-12-16 How does the Church function in the world What is it called to do and what does it actually do Charles E Curran explores the social mission of the U S Catholic Church from a theological perspective analyzing and assessing four aspects the importance of social mission who carries it out how it is carried out and the roles that the Church and individual Catholics play in supporting these efforts In the early and mid twentieth century the Catholic Church in the United States tended to focus its social mission on its own charities hospitals and schools But the Second Vatican Council called the Church to a new understanding of social mission deepening its involvement in and commitment to civic social and political life in the United States and abroad Curran devotes particular attention to three issues that have reflected the Church s strong sense of social mission

since that time abortion war and peace and labor The Social Mission of the U S Catholic Church describes the proper role of bishops institutions and movements in the Church but insists that the primary role belongs to all the baptized members of the Church as they live out the social mission in their daily lives

The Origins of Moral Theology in the United States

Charles E. Curran, 1997-02-01 Charles E Curran presents the first in depth analysis of the origins of Catholic moral theology in the United States focusing on three significant figures in the late nineteenth century and demonstrating that methodological pluralism and theological diversity existed in the Church even then Curran begins by tracing the historical development of moral theology especially as presented in nineteenth century manuals of moral theology which offered a legal model of morality including a heavy emphasis on canon law He then probes the different approaches and ideas of three important writers Aloysius Sabetti a Jesuit who was a typical as well as the most influential American manualist Thomas J Bouquillon first chair of moral theology at Catholic University of America a neoscholastic who criticized the manuals approach as narrow and incomplete for failing to address principles virtues and the connection to systematic theology and clerical educator John B Hogan a casuist who developed a more inductive and historically conscious methodology Curran describes how all three men dealt in different ways with the increasing role of authoritative teachings in moral theology from the Vatican He also shows how they reflected their American context and the views of their own time on women and sexuality So little attention has been paid to the development of moral theology in this country that these authors are unknown to many scholars Curran s book corrects this oversight and proposes that the ferment revealed in their writings offers important lessons for contemporary Catholic moral theology

LGBTQ+ Educators in Catholic Schools

Ish Ruiz, 2024-08-08 Since 2007 a Catholic LGBTQ organization called New Ways Ministry has documented over 60 cases of LGBTQ educators and allies who have been fired from Catholic schools throughout the US The firings are met with significant local and national public outcry resulting in fragmented polarized and wounded Catholic school communities throughout the nation Who are these educators Why are they fired And is there a better way to respond to the presence of LGBTQ employees as well as students and families in Catholic education Dr Ish Ruiz responds to this controversy with a new theological framework based on Pope Francis s vision for a synodal Church that will aid Catholic schools in an effort to include LGBTQ educators while remaining faithful to the Catholic tradition His framework offers a multifaceted approach to this issue by examining the fields of pastoral ministry sexual morality ecclesiology and Catholic social teaching to craft an inclusive synodal vision for Catholic education More importantly Ruiz answers Pope Francis s calls for a Church that listens by lifting up the stories of LGBTQ educators and their invaluable contributions to Catholic schools This book calls upon Catholic school leaders including bishops diocesan officials school administrators and other stakeholders to treat LGBTQ educators with compassionate justice and to foster a school environment where all people regardless of sexual orientation or gender identity can feel respected welcomed and cherished as beings made in the Image of God
