Copyright Office, 1977 Since '45 Katy Siegel, 2013-06-01 Since 45 details the collision of American history and modern art Since World War II New York has been the indisputable center of the art world and as Katy Siegel shows it has had a profound

influence on the preoccupations that contemporary art would come to have Tracing art history over the past decades she shows how anxieties over race mass culture the individual suburbia apocalypse and nuclear destruction have supplanted the legacy of European artistic traditions Siegel's study encompasses a variety of works including Rothko's planes of color Warhol's serial silkscreens Richard Prince's cowboys Robert Longo's Men in Cities Faith Ringgold's Black Light and Laurie Simmons's dollhouses and moves fluidly from discussions of artists' works art museums and galleries to cultural influences and significant historical events Rather than arguing on nationalist grounds or viewing American culture as representative of a now devalued nation Siegel explores how American culture dominated not only American artists but created conditions that now after the full globalization of the art world affect artists around the world Since 45 will interest all readers engaged in post war and contemporary art in the United States and beyond The Shock of the New Robert Hughes,2013-08-14 A beautifully illustrated hundred year history of modern art from cubism to pop and avant guard More than 250 color photos

did the avant garde dissolve and why In this thought provoking work Stuart D Hobbs traces the avant garde from its origins to its eventual appropriation by a conservative political agenda consumer culture and the institutional world of art

Twentieth-century American Art Erika Doss,2002 Offers an overview of twentieth century American art exploring the relationships between American art museums and audiences in the era *Catalog of the Library of the Museum of Modern Art: Rej* Museum of Modern Art (New York, N.Y.). Library,1976 **Arts in America: Art of the Native Americans, architecture, decorative arts, design, sculptures, art of the West** Bernard Karpel,1979 *American Artists On Art* Ellen Johnson,2018-02-20 From the Preface The fact that so much of modern art has devoted itself to the exploration and assertion of its own identity is reflected in but does not explain the increasing amount of writing and talking on the part of contemporary artists Rather the whole history of the changing role of art and artists in a democratic industrial and technological society stands behind the spate of artists words and the public s hunger for them even some of the general public out there beyond art s little circle Statements by artists appeal somewhat the way drawings do they bring us or at least they hold the promise of bringing us closer to the artist s thoughts and feelings and to an understanding of his or her modus operandi they hold the keys to a mysterious realm And sometimes they offer us the sheer pleasure of good reading Such is the primary raison d etre of this book Its other motivation is educational and stems from the frustrating lack in teaching contemporary art of any single compilation of statements by American artists from 1940 to the present This anthology differs in several respects from those others that do include documents of American art since 1940 The selection I have made is devoted exclusively to statements of artists it is limited to the last four decades it presents in a single volume a representative and fairly comprehensive coverage of major developments in American art beginning with Abstract Expressionism and whenever possible it cites the first or among the very earliest documents signaling a shift in the definition intent or direction of art Library Catalog of the Metropolitan Museum of Art Metropolitan Museum of Art (New York, N.Y.).
