### **Real Mother A Novel:**

The Russian Revolutionary Novel Richard Freeborn, 1985-02-28 Professor Freeborn s book is an attempt to identify and define the evolution of a particular kind of novel in Russian and Soviet literature the revolutionary novel This genre is a uniquely Russian phenomenon and one that is of central importance in Russian literature. The study begins with a consideration of Turgenev's masterpiece Fathers and Children and traces the evolution of the revolutionary novel through to its most important development a century later in Pasternak's Doctor Zhivago and the emergence of a dissident literature in the Soviet Union Professor Freeborn examines the particular phases of the genre's development and in particular the development after 1917 the early fiction which explored the relationship between revolution and instinct such as Pil nyak s The Naked Year the first attempts at mythmaking in Leonov's The Badgers and Furmanov's Chapayev the next phase in which novelists turned to the investigation of ideas exemplified most notably by Zamyatin's We the resumption of the classical approach in such works as Olesha's Envy which explore the interaction between the individual and society and finally the appearance of the revolutionary epic in Gorky's The Life of Klim Samgin Sholokhov's Quiet Flows the Don and Alexey Tolstoy s The Road to Calvary Professor Freeborn also examines the way this kind of novel has undergone change in response to revolutionary change and he shows how an important feature of this process has been the implicit assumption that the revolutionary novel is distinguished by its right to pass an objective independent judgement on revolution and the revolutionary image of man This is a comprehensive and challenging study of a uniquely Russian tradition of writing which draws on a great range of novels many of them little known in the West As with other titles in this series all quotations have been translated A Companion to Indian Fiction in English Pier Paolo Piciucco, 2004 After The Pioneer Works By Scholars Such As Naik Narasimhaiah And Mukherjee And The Thirty Years Of Silence Which Followed Their Ground Breaking Achievements The Companion Appears On The Scene Striving To Reinvigorate The Tradition Of Panoramic Studies Of Indian Literature In English In The Intervening Period Indian Fiction In English Has Become Of Paramount Importance In The Wide Context Of Postcolonial Studies An Emergent Crop Of Novelists Belonging To The So Called New Generation Has Colourfully Paved The Way Towards New Artistic Horizons Re Interpreting Western Derived Literary Models With Inventive Approaches Complementary To Their Role There Is The Articulate Presence Of A Host Of Indian Scholars Who In Recent Years Have Significantly Influenced The Course Of This Analysis And Have Vitally Contributed To Enlarging Its Scope Well Beyond The Original Boundaries Of Studies In Literary Criticism The Companion Therefore Addresses The Exigencies Of Critics Teachers And Students Alike All Those Who Need To Find Quick Points Of Reference In This Wide Field Of Studies By Relying On A Team Of Authoritative Collaborators And Specialists From All Over The World Great Care Was Taken Not Only In Selecting Collaborators On The Basis Of Their Specialisation But Also Taking Into Account Their Cultural Background In Relation To The Author They Were To Discuss The Book In Fact Has Been Organised To Have What Have Been Deemed To Be The Most
