Wald, Clyde Wilcox**

Redeeming America Piety And Politics In The New Christian Right:

Redeeming America Michael Lienesch, 1993 This balanced and comprehensive study of Christian conservative thinking focuses on the 1980s when the New Christian Right appeared suddenly as an influential force on the American political scene only to fade from the spotlight toward the end of the decade In *Redeeming America* Michael Lienesch identifies a cyclical redemptive pattern in the New Christian Right's approach to politics and he argues that the movement is certain to emerge again Lienesch explores in detail the writings of a wide range of Christian conservatives including Jerry Falwell Pat Robertson Phyllis Schlafly and Tim and Beverly LaHaye in order to illuminate the beliefs and ideas on which the movement is based Depicting the thinking of these writers as a set of concentric circles beginning with the self and moving outward to include the family the economy the polity and the world Lienesch finds shared themes as well as contradictions and tensions He also uncovers a complex but persistent pattern of thought that inspires periodic attempts to redeem America alternating with more inward looking intervals of personal piety

[The Wiley Blackwell Companion to Religion and Politics in the U.S.](#) Barbara A. McGraw, 2016-04-15 The Wiley Blackwell Companion to Religion and Politics in the U S provides a broad inclusive and rich range of chapters in the study of religion and politics Arranged in their historical context chapters address themes of history law social and religious movements policy and political theory Broadens the parameters of this timely subject and includes the latest work in the field Draws together newly commissioned essays by distinguished authors that are cogent for scholars while also being in a style that is accessible to students Provides a balanced and inclusive approach to religion and politics in the U S Engages diverse perspectives from various discourses about religion and politics across the political and disciplinary spectra while placing them in their larger historical context

[Religious Responses to Marriage Equality](#) Luke Perry, 2018-05-11 The Supreme Court ruling in *Obergefell v Hodges* 2015 ended a 20 year political battle over same sex marriage in the USA The ruling in favor of a constitutional right for gays and lesbians to marry reflected growing social acceptance and political rights for gays and lesbians At the same time America remains a deeply religious country and many religious organizations have long opposed same sex marriage How do religious organizations interpret process and respond to shifting attitudes and public policy toward the LGBT community Examining how religious groups in America have responded theologically and politically to the legalization of same sex marriage the book provides case studies from across the American religious spectrum to explore how each group understands same sex marriage and has reacted theologically socially and politically to its new standing as a constitutional right Each case study focuses on formal statements made by church leaders incorporates original data gathered from interviews with regional and local religious authorities and analyzes existing polling data of adherents at large Offering a comprehensive examination of religious responses to marriage equality in the USA this book will interest scholars and students in the fields of religion and politics civil rights social change and public policy

[A Public Faith](#) Michael Cromartie, 2003 The essays in this volume take another look at the role of

evangelicals in American civic life The prominent contributors examine evangelicals beliefs and activity on topics ranging from bioethics to race relations and welfare reform to international human rights Taken together the essays show that contrary to what critics have proclaimed the social commitment of evangelicals extends considerably beyond family related issues and that their activity in the public sphere makes an essential contribution to the public good Co published with the Ethics and Public Policy Center

The Lost Soul of American Protestantism D. G. Hart, 2004-08-27 In *The Lost Soul of American Protestantism* D G Hart examines the historical origins of the idea that faith must be socially useful in order to be valuable Through specific episodes in Presbyterian Lutheran and Reformed history Hart presents a neglected form of Protestantism confessionalism as an alternative to prevailing religious theory He explains that unlike evangelical and mainline Protestants who emphasize faith s role in solving social and personal problems confessional Protestants locate Christianity s significance in the creeds ministry and rituals of the church Although critics have accused confessionalism of encouraging social apathy Hart deftly argues that this form of Protestantism has much to contribute to current discussions on the role of religion in American public life since confessionalism refuses to confuse the well being of the nation with that of the church The history of confessional Protestantism suggests that contrary to the legacy of revivalism faith may be most vital and influential when less directly relevant to everyday problems whether personal or social Clear and engaging D G Hart s groundbreaking study is essential reading for everyone exploring the intersection of religion and daily life

A Time of Paradox Glen Jeansonne, 2006-03-02 In this lively and provocative synthesis distinguished historian Glen Jeansonne explores the people and events that shaped America in the twentieth century Comprehensive in scope *A Time of Paradox* offers a balanced look at the political diplomatic social and cultural developments of the last century while focusing on the diverse and sometimes contradictory human experiences that characterized this dynamic period Designed with the student in mind this cogent text provides the most up to date analysis available offering insight into the divisive election of 2004 the War on Terror and the Gulf Coast hurricanes Substantive biographies on figures ranging from Samuel Insull to Madonna give students a more personalized view of the men and women who influenced American society over the past hundred years

Marie

Griffith, Melani McAlister, 2008-06-09 This collection of essays from a special issue of *American Quarterly* explores the complex and sometimes contradictory ways that religion matters in contemporary public life. *Religion and Politics in the Contemporary United States* offers a groundbreaking cross disciplinary conversation between scholars in American studies and religious studies. The contributors explore numerous modes through which religious faith has mobilized political action. They utilize a variety of definitions of politics ranging from lobbying by religious leaders to the political impact of popular culture. Their work includes the political activities of a very diverse group of religious believers: Christians, Jews, Muslims, Hindus, Buddhists, and others. In addition, the book explores the meanings of religion for people who might contest the term: those who are spiritual but not religious, for example, as well as activists who engage symbols of faith and community but who may not necessarily consider themselves members of a specific religion. Several essays also examine the meanings of secular identity, humanist politics, and the complex evocations of civil religion in American life. No other book on religion and politics includes anything like the diversity of religions, ethnicities, and topics that this one does, from Mormon political mobilization to attempts at Americanizing Muslims in the post 9/11 United States, from Cesar Chavez to James Dobson, from interreligious cooperation and conflict over Darfur to the global politics surrounding the category of Hindus and South Asians in the United States.

Jimmy Carter, the Politics of Family, and the Rise of the Religious Right J. Brooks Flippen, 2011 As Jimmy Carter ascended to the presidency, the heir apparent to Democratic liberalism, he touted his background as a born again evangelical. Once in office, his faith indeed helped form policy on a number of controversial moral issues. By acknowledging certain behaviors as sinful while insisting that they were private matters beyond government interference, J. Brooks Flippen argues, Carter unintentionally alienated both social liberals and conservative Christians, thus ensuring that the debate over these moral family issues acquired a new prominence in public and political life. The Carter era, according to Flippen, stood at a fault line in American culture, religion, and politics. In the wake of the 1960s, some Americans worried that the traditional family faced a grave crisis. This newly politicized constituency viewed secular humanism, in education, the recognition of reproductive rights established by *Roe v. Wade*, feminism, and the struggle for homosexual rights as evidence of cultural decay and as a challenge to religious orthodoxy. Social liberals viewed Carter's faith with skepticism and took issue with his seeming unwillingness to build on recent progressive victories. Ultimately, Flippen argues, conservative Christians emerged as the Religious Right and were adopted into the Republican fold. Examining Carter's struggle to placate competing interests against the backdrop of difficult foreign and domestic issues, a struggling economy, the stalled Strategic Arms Limitation Talks, disputes in the Middle East, handover of the Panama Canal, and the Iranian hostage crisis, Flippen shows how a political dynamic was formed that continues to this day.

Religion & Politics in America Dr. Mohamad Arif Zakauallah, 2011-09-14 This study discusses the dimensions and interactions of both religion and politics in the United States of America (USA) and with special reference to the strong influential role of Christian Evangelists in determining the US policies. Though the subject

was previously explored by several writers this book is special distinguished analyzing the historical background and the roots of Christian Evangelism all the way till their present status and power Remarkably the author presents in perfect doses a blend of ideology and events past and present updated till late 2006 all tied up in a well organized concise academic approach *The Politics of Gay Rights* Craig A. Rimmerman, Kenneth D. Wald, Clyde Wilcox, 2000-07 The contributors to this volume thoroughly investigate the politics of the gay and lesbian movement beginning with its political organizations and tactics The essays also address the strategies and ideology of conservative opposition groups **Terror in the Mind of God, Fourth Edition** Mark Juergensmeyer, 2017-03-28 Why would anybody believe that God could sanction terrorism Why has the rediscovery of religion's power in recent years manifested in such a bloody way What if anything can be done about it Terror in the Mind of God now in its fourth edition answers these questions and more Thoroughly revised and expanded the book analyzes in detail terrorism related to almost all the world's major religious traditions European Christians who oppose Muslim immigrants American Christians who support abortion clinic bombings and militia actions Muslims in the Middle East associated with the rise of ISIS al Qaeda and Hamas Israeli Jews who support the persecution of Palestinians India's Hindus linked to assaults on Muslims in the state of Gujarat and Sikhs identified with the assassination of Indira Gandhi and Buddhist militants in Myanmar affiliated with anti Muslim violence and in Japan with the nerve gas attack in Tokyo's subway Drawing from extensive personal interviews Mark Juergensmeyer takes readers into the mindset of those who perpetrate and support violence in the name of religion Identifying patterns within these cultures of violence he explains why and how religion and violence are linked and how acts of religious terrorism are undertaken not only for strategic reasons but to accomplish a symbolic purpose Terror in the Mind of God continues to be an indispensable resource for students of religion and modern society *In the Ruins of Neoliberalism* Wendy Brown, 2019-07-16 Across the West hard right leaders are surging to power on platforms of ethno economic nationalism Christianity and traditional family values Is this phenomenon the end of neoliberalism or its monstrous offspring In the Ruins of Neoliberalism casts the hard right turn as animated by socioeconomically aggrieved white working and middle class populations but contoured by neoliberalism's multipronged assault on democratic values From its inception neoliberalism flirted with authoritarian liberalism as it warred against robust democracy It repelled social justice claims through appeals to market freedom and morality It sought to de democratize the state economy and society and re secure the patriarchal family In key works of the founding neoliberal intellectuals Wendy Brown traces the ambition to replace democratic orders with ones disciplined by markets and traditional morality and democratic states with technocratic ones Yet plutocracy white supremacy politicized mass affect indifference to truth and extreme social disinhibition were no part of the neoliberal vision Brown theorizes their unintentional spurring by neoliberal reason from its attack on the value of society and its fetish of individual freedom to its legitimation of inequality Above all she argues neoliberalism's intensification of nihilism coupled with its accidental wounding of white male supremacy generates an

apocalyptic populism willing to destroy the world rather than endure a future in which this supremacy disappears **Terror in the Mind of God** Mark Juergensmeyer, 2003-09 Completely revised and updated this new edition incorporates the events of September 11 2001 into Mark Juergensmeyer's landmark study of religious terrorism **Parties, Power, and Change** Jessica Hejny, Adam Hilton, 2025-09-09 No detailed description available for Parties Power and Change *Liberalism Versus Conservatism* François B. Gérard, 2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what do these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title an author *A Companion to Ronald Reagan* Andrew L. Johns, 2015-04-20 A Companion to Ronald Reagan evaluates in unprecedented detail the events policies politics and people of Reagan's administration It assesses the scope and influence of his various careers within the context of the times providing wide ranging coverage of his administration and his legacy Assesses Reagan and his impact on the development of the United States based on new documentary evidence and engagement with the most recent secondary literature Offers a mix of historiographic chapters devoted to foreign and domestic policy with topics integrated thematically and chronologically Includes a section on key figures associated politically and personally with Reagan Rise of Baptist Republicanism Oran P. Smith, 2000-05 In its emerging Republicanism the SBC has taken on characteristics of its more active fellow travelers in the Christian Right forging alliances with former enemies African Americans and Roman Catholics playing presidential politics establishing a Washington lobbying presence working the political grassroots and declaring war on Walt Disney Each of these missions has been accomplished with calculating political precision

Unveiling the Magic of Words: A Review of "**Redeeming America Piety And Politics In The New Christian Right**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Redeeming America Piety And Politics In The New Christian Right Introduction

In the digital age, access to information has become easier than ever before. The ability to download Redeeming America Piety And Politics In The New Christian Right has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Redeeming America Piety And Politics In The New Christian Right has opened up a world of possibilities. Downloading Redeeming America Piety And Politics In The New Christian Right provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Redeeming America Piety And Politics In The New Christian Right has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Redeeming America Piety And Politics In The New Christian Right. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Redeeming America Piety And Politics In The New Christian Right. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Redeeming America Piety And Politics In The New Christian Right, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To

protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Redeeming America Piety And Politics In The New Christian Right has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Redeeming America Piety And Politics In The New Christian Right Books

1. Where can I buy Redeeming America Piety And Politics In The New Christian Right books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
