Michalos, Deborah C Poff, 2012-08-01 The Journal of Business Ethics was founded by Alex C Michalos and Deborah C Poff and published its first issue in March 1982 It is the most frequently cited business ethics journal in the world The Journal has always offered a multi disciplinary and international public forum for the discussion of issues concerning the interaction of successful business and moral virtue Its authors and readers are primarily scholars and students in social sciences and philosophy with special interests in the interaction of these disciplines with business or

corporate responsibility Since the field of business ethics grew simultaneously with the growth of the Journal a collection of its most cited articles is tantamount to a collection of the articles that had the greatest influence in defining the field over its first 30 years of development In this anniversary volume an overview of citation classics from the Journal is presented the 33 most frequently cited articles are reproduced and brief reflections on the impact of the Journal on the field are given from over 100 scholars who authored citation classics and or distinguished papers as well as those who served on the Editorial Board and or are recognized as leaders in the field
