phrases and to throw a little light on their origins and on their growth Here one comes closely into contact with proverbs But proverbs have not been included qua proverbs A dictionary of proverbs deserves a volume to itself Only when a proverb has given rise to a word or phrase which is in fact a crystal of the proverb has attention been given to it About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
