Ruee Vers Leau:

La Ruée vers l'intelligence Stéphane Marchand, 2012-09-05 Les pays qui gagneront dans la course économique sont les pays innovants ceux qui peuvent attirer former stimuler les meilleurs cerveaux de la planète Ceux qui acceptent d'investir sans espoir de retour immédiat dans la recherche fondamentale celle qui casse les codes annonce la rupture et invente l'impossible Les pays occidentaux ont longtemps tenu la corde avec leurs grandes universités en guise de world companies de la connaissance mais les émergents Chine en tête organisent la contre-attaque Les pays arabes armés de leurs pétrodollars se ravent aussi désormais en grands carrefours du savoir La taille n'est pas forcément un avantage Les petits notamment la Suisse et Singapour réalisent des prouesses L'argent ne suffit pas non plus L'intelligence de très haut niveau ne se déploie que dans un environnement propice de liberté et de rigueur Les chercheurs doivent la fois pouvoir définir l'ordre établi et se soumettre des processus d'évaluation draconiens Avec une question lancinante la vraie démocratie la démocratie intellectuelle est-elle une condition sine qua non d'une recherche performante Enfin cette bataille géante mondiale ne ressemble aucune autre car avant de s'affronter sur le développement et le marketing des produits les adversaires doivent coopérer étroitement

National Water Security Mustapha Besbes, Jamel Chahed, Abdelkader Hamdane, 2018-05-31 This book shows how the change of water paradigm has become urgent and provides evidence for new policies that expand water balance to green and virtual water The issue of water security concerns drinking water supply but also food safety linked to agricultural policy Both rain fed and irrigated agriculture play complementary roles in food security and the water issue implies a holistic view of water resources This view constitutes the book's backstory The reader will find original ideas that can be applied everywhere because the example of Tunisia is typically a basis to illustrate a universally prevalent situation The book deals with other important issues desalination wastewater recycling water quality groundwater overdraft water savings governance knowledge valuing education information upgrading the whole water systems for the future implies emancipation of the whole society

Water Communication Celine Herve-Bazin, 2014-04-14 Water Communication aims at setting a first general outlook at what communication on water means who communicates and on what topics Through different examples and based on different research and contributions this book presents an original first overview of water communication It sets its academic value as one distinct scientific domain and provides tips and practical tools to professionals The book contributes to avoid mixing messages targets and discourses when setting communication related to water issues The book facilitates coordination within the water sector and its organizations as water is a wide field of applications where inadequate words and language understanding between its stakeholders is one of the main obstacles today Water Communication provides and describes a general outlook and retrospective of the history of the water sector in terms of communication the landscape of organizations communicating on water and classification of topics the differences between communication information mediation raising awareness examples of communication campaigns on water Water Communication is a vital

Stopper la ruée vers l'Europe Pierre-Jules ZING TSALA, 2018-05-25T00:00:00Z En soixante ans l'économie du développement n'a pas produit les résultats escomptés en Afrique subsaharienne Si l'on impute globalement cet échec au néocolonialisme voire aux populations africaines elles-mêmes Pierre Jules ZING TSALA nous propose une analyse plus fine du retard de développement de l'Afrique Les véritables freins au développement résident selon l'auteur essentiellement dans les vides institutionnels la persistance de l'indigénisme l'oligarchie le manque de confiance entre les individus et par-dessus tout dans l'absence d'un esprit de bien commun En effet comment envisager par exemple la protection de l'environnement comme une priorité si la notion de bien commun n'est pas ancrée dans les mentalités Comment bâtir des pays solides et prospères si la confiance disparaît totalement des relations humaines S'appuyant sur des exemples de développement réussis l'auteur démontre que les progrès sont possibles Face à l'urgence migratoire il apparaît nécessaire d'apporter des solutions concrètes pour le développement de l'Afrique subsaharienne commencer par la émergence d'un gouvernement basé sur l'esprit de bien collectif

Economics as Rhetoric Anne Isla, 2024-07-26 Bernard Maris was killed in Paris on January 7 2015 during the terrorist attack against the satirical magazine Charlie Hebdo He remains one of the most original intellectuals of contemporary France but despite being a uniquely original heterodox thinker his international reputation has been compromised by the fact that his writings are inaccessible to non-French speakers This book remedies that By providing an overview of Bernard Maris life and intellectual trajectory as well as an English translation of an anthology of his most relevant writings this volume provides the international audience for the first time ever the chance to know and understand the contribution of this major heterodox economist An outstanding and

atypical figure in economic thought and a virulent critic of mainstream dominant economics he was also an all round actor and thinker of his time Through rigorous reasoning he questioned the notion of well being which he argued is too often conflated with having more Enslavement by work or the endless destructive accumulation of natural wealth is also inherent to the capitalist system Probably his most original contribution is his epistemological reflection on the very nature of economics and his appraisal of this discipline as a form of rhetoric This book will be of great interest to readers in heterodox economics economic methodology epistemology and French literature and culture more broadly

Accès À L'eau Pour Les Agricultrices Sahéliennes Rosnert Ludovic Alissoutin, Ramata Molo Thioune, 2024-11-29 Cet ouvrage collectif est r alis dans le cadre du projet de recherche Effectivité des droits conomiques des femmes cas de l acc s l eau usage agricole en Mauritanie au Niger et au S n gal initi par le RADI et appuy par le CRDI Il vise clarifier l origine les manifestations et les cons quences des clivages de genre dans l acc s l exploitation et le contr le de l eau productive Au del de l int r t qu elle pr sente pour la recherche cette probl matique s inscrit dans la m me dynamique de d fense des droits conomiques des femmes dans un contexte sah lien o les contraintes de maitrise de l eau facteurs de pauvret g n rent des tensions entre les diff rents besoins et int r ts d utilisation Le croisement des r sultats de la recherche obtenus dans les trois pays a permis de tirer de pr cieuses le ons sur la d marche d investigation essentiellement marqu e par le genre la participation et la comparaison et de tracer des pistes pour un acc s plus quitable des femmes aux ressources conomiques en g n ral et l eau usage agricole en particulier Dans ce sillage l une des originalit s de cette initiative scientifique sous r gionale c est la mise en place d un comit transnational de plaidoyer charg de favoriser la mise en uvre des recommandations de la recherche C est dire que le processus de recherche action est loin d tre termin This collective work was conducted within the context of the research project entitled Effectiveness of women s economic rights the case of access to water for agricultural use in Mauritania Niger and Senegal Initiated by the African Network for Integrated Development RADI and the International Development Research Centre IDRC it aims to explain the origins manifestations and consequences of the gender divide with regards to access use and control of productive water Beyond its significance for research this issue is also relevant to the dynamic protection of women s economic rights in the Sahelian environment where the difficult collection of water and the issues pertaining to poverty generate tensions between various consumption needs and interests The correlation between the research results obtained in the three countries emerges as a critical lesson on the investigative approach which is fundamentally marked by gender participation and comparison and also outlines the ways in which to promote women s equitable access to economic resources in particular their access to water reserved for agricultural use In this light one of the novelties of this sub regional scientific initiative is the establishment of a transnational advocacy committee responsible for promoting the implementation of the recommendations of the research This means that the research action process is far from being completed
