The British in Argentina David Rock, 2018-11-29 Drawing on largely unexplored nineteenth and twentieth century sources this book offers an in depth study of Britain's presence in Argentina Its subjects include the nineteenth century rise of British trade merchants and explorers of investment and railways and of British imperialism Spanning the period from the Napoleonic Wars until the end of the twentieth century it provides a comprehensive history of the unique British community in Argentina Later sections examine the decline of British influence in Argentina from World War I into the early 1950s Finally the book traces links between British multinationals and the political breakdown in Argentina of the 1970s and early 1980s leading into dictatorship and the Falklands War Combining economic social and political history this extensive volume offers new insights into both the historical development of Argentina and of British interests overseas **Historia de las elites en la Argentina** Leandro Losada, 2012-02-01 Un análisis de largo plazo y en perspectiva de los grupos y círculos que ejercieron el poder político condujeron la economía perfilaron las ideas de una época en la Argentina Ciertas miradas convencionales frecuentemente han se alado a las clases dominantes o a los sectores dirigentes como los principales

responsables de muchos de los problemas que atravesaron a los argentinos a lo largo de su historia. En este libro se ofrece un análisis de largo plazo y en perspectiva de la historia de las elites en la Argentina a partir de una serie de temas: su composición social, los atributos que cimentaron el poder, la riqueza y el status en diferentes contextos históricos, las prácticas sociales y las identidades. La exploración sostenida en los principales lineamientos ofrecidos por la historiografía más rigurosa se extiende desde el período colonial hasta el surgimiento del peronismo. De esta manera desfilan por estas páginas entre otras las modestas elites de la temprana Buenos Aires de los siglos XVI y XVII, las más opulentas del Interior colonial, las incipientes elites políticas e intelectuales surgidas con la Revolución de Mayo de 1810, la próspera elite terrateniente pampeana de fines del ochocientos y las elites políticas que alentaron o al menos asistieron a la reforma electoral de 1912. El libro evalúa además cómo mutó el lugar de las elites en la sociedad a lo largo de tan extenso arco temporal.

Estado y Nación al final de los imperios ibéricos João Paulo Pimenta, 2012-12-01 Este libro busca responder a la pregunta de cómo fue el proceso de invención de lo nacional dentro del espacio rioplatense a comienzos del siglo XIX a partir del análisis discursivo de la prensa periódica de la época. Los estudios sobre la cuestión nacional tienen un interés creciente dentro de la historiografía actual y trascienden las fronteras de la disciplina ya que cruzan antropología, lingüística, estudios culturales e historia. Este libro intenta dar cuenta del proceso simbólico de disolución de los imperios ibéricos en América y los primeros esbozos de lo que luego serán los estados nacionales modernos en la región Argentina, Brasil y Uruguay. En un período de transición en el cual los imperios aún no habían desaparecido por completo del horizonte político pero tampoco emerge con claridad un nuevo modo de representación se analizan aquí los mecanismos específicos de superación del Antiguo Régimen atendiendo no solo a las rupturas sino también a las continuidades en relación al viejo orden, ambas igualmente cruciales y necesarias para la consolidación de las naciones americanas.

Las fuerzas del orden Malcolm Deas, 2017-04-01 En estos doce ensayos escritos en las últimas décadas Malcolm Deas habla sobre historia militar y económica en Colombia, historia política venezolana y fronteras y choques culturales en las Américas. Con gran sentido de los contextos y un uso perspicaz de las fuentes, este texto ilumina personajes, hechos y fuerzas que en su mayoría comprenden episodios de finales de la Colonia y de las posteriores jefes de república. La prosa de Malcolm Deas se nutre de sutil ironía y humor ligero y sus ensayos por políticos que resulten tienen la ventaja de ser entretenidos. Armas, letras, economistas y tempranas economías, historia electoral, Francisco Miranda, el pensador y el militar, fronteras culturales en América y hasta el traslado de los huesos de Jorge Isaacs se conjugan en un libro abierto a los descubrimientos. Su diversidad y amplitud componen un panorama que anima a la historia comparada y que individualmente y en suma son una defensa del ensayo como género.

Caseros Alejandro Rabinovich, Ignacio Zubizarreta, Leonardo Canciani, 2022-02-01 A las 17 horas del 3 de febrero de 1852 prestigiosos especialistas revisitan a la luz de las investigaciones historiográficas más recientes la batalla de Caseros, el hecho fundante de la Argentina moderna, brindando un panorama enteramente novedoso sobre su carácter de acontecimiento bisagra de nuestra historia. El 3 de febrero de 1852

se enfrentan en la caada de Morón en las afueras de Buenos Aires las tropas de Juan Manuel de Rosas y las de Justo José de Urquiza. Se trata en total de alrededor de cincuenta mil hombres. Al tiempo que termina la batalla puede decirse que nace un nuevo país. En efecto, la historia argentina se divide en un antes y después de Caseros. Si embargo, ese hito tan mentado es uno de los menos abordados en su especificidad y materialidad concretas por nuestra historiografía para los trabajos que abordan el período previo al llegar a Caseros ya está todo dicho para los que tratan el período posterior. Alcanza con una mención ritual de la batalla en la primera página. En ocasión de su 170 aniversario, este libro explica el misterio de un enfrentamiento que además de un enorme combate es un punto de inflexión en el devenir histórico de la Argentina porque en él confluyen y en cierta medida se resuelven buena parte de los conflictos y tensiones acumulados desde la Revolución de Mayo. A su faceta puramente militar se suman pues dimensiones políticas económicas diplomáticas y sociales de importancia trascendental. Por eso estas páginas pertenecen a un grupo de especialistas que analizan Caseros en todas sus dimensiones desde la perspectiva privilegiada que ofrecen los aportes de la investigación académica más reciente.

Construir el estado, inventar la nación Juan Carlos Garavaglia, 2007

Cambio institucional y fiscalidad Michel Bertrand, Zacarías Moutoukias, 2018-03-21

Esta obra aborda los procesos de cambio institucional en España e Hispanoamérica durante los años que fueron desde la guerra de los Siete Años hasta la formación de los estados nacionales. Para mantener el hilo de esta historia global dichos procesos se analizan a través del prisma de la historia de las finanzas examinando los problemas fiscales en su interdependencia con transformaciones económicas sociales y culturales más amplias. Resultado de dos proyectos del programa ECOS que reunieron a especialistas argentinos, franceses y mexicanos así como a colegas de Alemania, España e Italia invitados a distintos encuentros, el libro ha intentado situarse en diferentes escalas de observación: la de la Monarquía que negocia y reforma los mecanismos de acceso y de circulación de recursos transformando así sus propios equilibrios políticos o en el otro extremo la de las arenas locales donde la cooperación y el conflicto de sus actores producen reconfiguraciones institucionales y territoriales o aun el ámbito de los dispositivos que atravesaban las diferentes escalas: los derechos de propiedad, los cuerpos y las articulaciones comunitarias o las dimensiones fiscales de la ciudadanía cuyas evoluciones acompañaban el tránsito del Antiguo Régimen al orden republicano.
