## **Rule Golden And Other Stories:**

The golden rule: and other stories for children Mary Catharine Hume- Rothery,1863      *Rule Golden* Damon Knight,1979-04-01      *The Legend of Gold and Other Stories* Jun Ishikawa,1998-10-01 The four stories and novella translated in this volume represent the best short fiction by Ishikawa Jun 1899 1987 one of the most important modernist writers to appear on the Japanese literary stage during the years before and after World War II Throughout his career Ishikawa resisted the tide of popular opinion to address issues of political and artistic significance and thereby paved the way for a generation of Japanese internationalists and experimentalists including Abe Kobo and Oe Kenzaburo Highly acclaimed and respected in Japan Ishikawa remains little known in the West in part because of the tendency of Western critics and readers of Japanese literature to focus on writers concerned with aesthetic issues Combining a strong interest in politics with a brilliant use of modernist techniques Ishikawa s work defies easy categorization Banned in 1938 Mars Song has been called the finest example of anti war fiction written during Japan s march to war in China and the Pacific In it Ishikawa denounces the chorus of jingoism that swept Japan and via a metafictional tale within a tale he warns against the suicidal destruction to which complicity in warmongering will lead The allegorical Moon Gems written in the spring of 1945 further explores the tenuous position of the writer moving against the current in a country not only still at war but very near defeat In The Legend of Gold and The Jesus of the Ruins both from 1946 Japan has been reduced to a charred wasteland yet Ishikawa envisions destruction as fertile ground for rebirth and resurrection Finally the semi surrealist novella The Raptor plumbs the meanings and possibilities of peace in the post Occupation era William Tyler s eminently readable translations are faithfully expressive of stylistic and tonal nuances in the original works In a perceptive introduction and the critical essays that follow Tyler emphasizes Ishikawa s importance as an anti establishment even resistance writer and argues that the writer s political iconoclasm goes hand in hand with the modanizumu of his literary experimentation The Legend of Gold will be of tremendous importance in enlarging a Western understanding of the development of the writer s role as social critic and the evolution of the modernist movement in postwar Japan      Her Weight in Gold; And other stories George Barr McCutcheon,2025-08-16 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage      The Gold Brick; And Other Stories Brand Whitlock,2025-08-16 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage      The Gold of the Sunbeams and Other Stories Tito Rajarshi Mukhopadhyay,2005 Two miracles underlie this work the author s age he is seventeen years old and the fact that he is severely autistic Both aspects enrich the substance of his narrative This talented young writer defying the general perception that autistic people imprisoned within themselves are unable to communicate with the outside world has been

writing stories of poetic prose and literary eloquence since before he was eight Tito's stories range from beautiful to funny and touching In the title story the young protagonist whose father has been imprisoned for gambling in the park must assume overnight the mantle of responsibility for his family which he does with great heroism until that authority has to be returned to his father and new problems begin In The Showers when a cyclone wreaks devastation in rural India Tito imagines the survivor's plight from the sorrow of losing their homes to the politics of rebuilding their lives In Broken Mirror we learn the history of a room from a broken mirror that hangs on the wall and which Tito imbues with emotions and memories In Grey Apple Green and White he gives life and character to colors the way the French symbolist poet Rimbaud gave colors to vowels The stories connect through a rich and complex imagery of smiles dust motes and margosa trees
