Derek Walcott, The Journeyman Years, Volume 1: Culture, Society, Literature, and Art Gordon Collier,2013-12-06 During the same period in which Derek Walcott was pouring immense physical emotional and logistical resources into the foundation of a viable first rate West Indian theatre company and continuing to write his inimitable poetry he was also busy writing newspaper reviews chiefly for the Trinidad Guardian His prodigious reviewing activity extended far beyond those areas with which one might most readily associate his interests and convictions As Gordon Rohlehr once prescient ly observed If one wants to see a quoti dian workaday Walcott one should go back to his well over five hundred arti cles essays and reviews on painting cinema calypso carnival drama and lite rature articles which reveal a rich vari ous witty and scrupulous intelligence in which generous humour counterpoints acerbity These articles

capture the vitality of Caribbean culture and shed additional light on the aesthetic preoccupations expressed in Walcott's essays published in journals. The editors have examined the corpus of Walcott's journalistic activity from its beginnings in 1950 to its peak in the early 1970s and have made a generous selection of material from the Guardian along with occasional pieces from such sources as Public Opinion Kingston and The Voice of St Lucia Castries. The articles in Volume 1 are organized as follows: Caribbean society, culture and the arts; generally literature and society; periodicals; anglophone poetry; prose fiction and non-fiction; African and other literatures and the visual arts; Caribbean and beyond. The volume closes with a selection of Walcott's miscellaneous satirical essays. The volume editor Gordon Collier has written a searching introductory essay on a central theme here: a critical comparative analysis of Walcott's development as journalist against the historical background of press activity in the Caribbean, coupled with an illustrative discussion drawing on Walcott's newspaper articles of his attitudes towards prose fiction and poetry.

T Dot Griots Steven Green, Karen Richardson, 2004. Birthed at the popular open mic series La Parole, *T Dot Griots* is an intimate journey through previously undocumented Canadian experiences, reporting from Toronto's black communities in fiction, poetry, articles, plays and songs. The book features contributions by over forty writers of African descent, either raised in or residing in Toronto. The griot is a West African storyteller, traditionally responsible for presiding over all of the important milestones in the life of a community. *T Dot Griots* is a window into the communities occupied by black Canadian artists, depicting their experiences living in the African diaspora. The griot carried the important function of preserving the community's history and culture through songs and recitations. Now transported across the Atlantic Ocean, non-traditional methods of expression emerge to document the existence of a little-known group of people: the black community of Toronto. Toronto is widely acknowledged as the world's most culturally diverse city. *T Dot Griots* was produced to portray the rich cultural diversity existing within its African communities. The

anthology brings together spoken word poets and PhD s hip hop artists and playwrights students and professionals The book voices issues of racial inequality and immigrant experiences It illustrates numerous spiritual vantage points and political commentaries Most of all it is an unapologetically accurate representation of an ever growing canon of writers making Toronto their home who wish to acknowledge the many facets of African Canadian identity Immerse yourself in the words work and life of East West and Southern Africans Plunge into the hybridized dialect of Caribbean natives and descendents Wade through generations of celebrated cast of Toronto s outspoken voices Listen to the T Dot Griot tell the tale of the ages in a proudly Canadian style
