## **Rulers Of Ancient Europe:**

Rulers and Rulership in the Arc of Medieval Europe, 1000-1200 Christian Raffensperger, 2023-08-24 Rulers and Rulership in the Arc of Medieval Europe challenges the dominant paradigm of what rulership is and who rulers are by decentering the narrative and providing a broad swath of examples from throughout medieval Europe Within that territory the prevalent idea of monarchy and kingship is overturned in favor of a broad definition of rulership This book will demonstrate to the reader that the way in which medieval Europe has been constructed in both the popular and scholarly imaginations is incorrect Instead of a king we have multiple rulers male and female ruling concurrently Instead of an independent church or a church striving for supremacy under the Gregorian Reform we have a pope and ecclesiastical leaders making deals with secular rulers and an in depth interconnection between the two Finally instead of a strong centralizing polity growing into statehood we see weak rulers working hand in glove with weak subordinates to make the polity as a whole function Medievalists Byzantinists and Slavists typically operate in isolation from one another They do not read each other s books or engage with each other s work This book requires engagement from all of them to point out that the medieval Europe that they work in is one and the same and demands collaboration to best understand it

**War and State Formation in Ancient China and Early Modern Europe** Victoria Tin-bor Hui, 2005-07-04 The Eurocentric conventional wisdom holds that the West is unique in having a multi state system in international relations and liberal democracy in state society relations At the same time the Sinocentric perspective believes that China is destined to have authoritarian rule under a unified empire In fact China in the Spring and Autumn and Warring States periods 656 221 BC was once a system of sovereign territorial states similar to Europe in the early modern period Both cases witnessed the prevalence of war formation of alliances development of the centralized bureaucracy emergence of citizenship rights and expansion of international trade This book first published in 2005 examines why China and Europe shared similar processes but experienced opposite outcomes This historical comparison of China and Europe challenges the presumption that Europe was destined to enjoy checks and balances while China was preordained to suffer under a coercive universal status

**Ancient Europe** Stuart Piggott, Honour of Kings Ancient and American History Book 2 FULL COLOR TEXT Ellen Gerwitz, 2014-08-17 This FULL COLOR textbook is based on the premise that God created the world approximately 6 000 years ago It takes key events from both the Bible and world history and places them into a single time line Great care is taken to separate fact from myth so that students can clearly understand how history unfolded from 1 000 B C to 1 B C Photographs throughout the text enhance the student s learning After completing the ancient history section students will embark on a journey through an American history time line beginning with the Declaration of Independence in 1776 and ending in 1850 Multi level Non consumable Chronological time line Biblical world view Integrates both Bible and world

history American History time line Hands on learning activities Encourages understanding of overall historical time line  
Covers the history of all continents      **The Handbook of Religions in Ancient Europe** Lisbeth Bredholt Christensen, Olav Hammer, David Warburton, 2014-09-11 The Handbook of Religions in Ancient Europe surveys the major religious currents of Europe before Christianity the first continental religion with hegemonic ambition wiped out most local religions The evidence whether archaeological or written is notoriously difficult to interpret and the variety of religions documented by the sources and the range of languages used are bewildering The Handbook brings together leading authorities on pre Christian religious history to provide a state of the art survey The first section of the book covers the Prehistoric period from the Paleolithic to the Bronze Age The second section covers the period since writing systems began Ranging across the Mediterranean and Northern Celtic and Slavic Europe the essays assess the archaeological and textual evidence Dispersed archaeological remains and biased outside sources constitute our main sources of information so the complex task of interpreting these traces is explained for each case The Handbook also aims to highlight the plurality of religion in ancient Europe the many ways in which it is expressed notably in discourse action organization and material culture how it is produced and maintained by different people with different interests how communities always connect with or disassociate from adjunct communities and how their beliefs and rituals are shaped by these relationships The Handbook will be invaluable to anyone interested in ancient History and also to scholars and students of Religion Anthropology Archaeology and Classical Studies      *Kingdoms of Europe* Gene Gurney, 1982 An encyclopedia of European kings and queens from ancient times to the 20th century      *The Rise of Female Kings in Europe, 1300-1800* William Monter, 2012-01-24 In this lively and pathbreaking book William Monter sketches Europe s increasing acceptance of autonomous female rulers between the late Middle Ages and the French Revolution Monter surveys the governmental records of Europe s thirty women monarchs the famous Mary Stuart Elizabeth I Catherine the Great as well as the obscure Charlotte of Cyprus Isabel Clara Eugenia of the Netherlands describing how each of them achieved sovereign authority wielded it and more often than men abandoned it Monter argues that Europe s female kings who ruled by divine right experienced no significant political opposition despite their gender      **European History For Dummies** Seán Lang, 2011-01-04 Read about the world s smallest continent s incredible history From Greek gods and mad Roman emperors to kings queens Visigoths and Normans You meet Visigoths in Africa and Normans in Sicily an Italian who talked to his books and another who conquered a kingdom and gave it away Roman emperors who weren t Roman and Holy Roman Emperors who weren t holy or Roman This is the story of Europe s rich history rolled into one thrilling account in plain English European History For Dummies takes you on a fascinating journey through the disasters triumphs people power and politics that have shaped the Europe we know today and you ll meet some incredible characters along the way From Roman relics to the Renaissance World Wars and Eurovision this accessible guide packs in the facts alongside fun tidbits and brings the past alive You meet the two Catholic kings of Spain one was a woman and the Spanish king who never

smiled You discover a German monk who split Europe in two because he was so afraid of going to hell And what about the great European war that started when two nobles were thrown out of a window onto a dungheap Well at least they had a soft landing If you don't remember much of what you learned about European history at school if you didn't like those dry school textbooks if you think European history sounds a bit hard but you're interested anyway this is the book for you Inside you'll discover The varied history of the world's smallest continent its origins and its huge impact on the world How the Romans shaped the ancient world what they learned from the Greeks and what they lost to the barbarian tribes The many battles of the Middle Ages and the leaders who waged them The medieval people's great achievements in building and learning Europeans world explorers including Columbus and Vasco da Gama Unfortunate religious wars and the persecution of witches Europe's world domination in the 18th and 19th centuries The world wars of the 20th century European life today Get your own copy of European History For Dummies to learn all of that and more including the ten Europeans who dominated the continent ten unforgettable dates and ten European locales you'll absolutely want to visit

**A History of European Peoples** Clarence Perkins, 1927      **Cambridge Economic History of Europe** M. M. Postan, E. Miller, 1987

Annotation The second volume of The Cambridge Economic History of Europe first published in 1952 was a survey by an international group of specialist scholars covering trade and industry in pre-Roman Roman and Byzantine Europe the medieval trade of northern and southern Europe and the histories of medieval woollen manufacture mining and metallurgy and building in stone This second edition in addition to revising most chapters and the bibliographies appended to them also fills gaps which arose from the wartime and post-war circumstances in which the first edition was written New chapters provide accounts of the trade and industry of eastern Europe of medieval Europe's trade with Asia and Africa and of medieval coinage and currency Taken with volumes I and III of the series this volume is designed to complete a comprehensive review of the economic history of medieval Europe as a whole It was planned by the late Sir Michael Postan and was largely completed under his editorship

**Government Leaders, Military Rulers and Political Activists** David W. Del

Testa, 2014-01-27 In each volume an introductory essay outlines the history of the disciplines under discussion and describes how changes and innovations in these disciplines have affected our lives The biographies that follow are organized in an A-Z format each biography is divided into a life section describing the individual's life and influences and a legacy section summarizing the impact of that individual's work throughout history These biographies cover a diverse group of men and women from around the globe and throughout history Franklin Delano Roosevelt Mao Tse-tung and Genghis Khan are among the 200 well-known historical figures included in this volume Examples of other lesser-known yet important individuals covered in this work are Gustavus Adolphus Swedish empire creator Hatshepsut queen of ancient Egyptian dynasty and Jean Jaurès French socialist leader and pacifist Each synopsis provides information on each individual's enduring impact on the common understanding of fundamental themes of human existence

*Kings and Their Sons in Early Modern Europe* Mark Konnert,2018-12-01 Some of history s greatest dramas have unfolded in the stories of kings and their sons in early modern Europe and their conflicts presaged in some ways today s tensions in family run businesses In several notorious cases the kings despised their sons to the point of committing murder thus killing their own heirs Prof Konnert shows that these tragic dramas actually represent an extreme of the normal state of affairs rather than unusual occurrences They are different in degree not kind This book is the first to look at these episodes in a systematic and comparative fashion The stories are moving in themselves but viewed in their historical context they illuminate aspects of a past society which has faded from view in the 21st century Two of the most famous episodes those of Frederick the Great of Prussia and his father and of Peter the Great of Russia and his son are examined here as well as three less well known cases These episodes are put into historical context and the family dynamics of these royal dynasties are discussed showing not only how they differed from those of today but also from those of their more common contemporaries These tensions are also compared to those that have emerged in family run businesses where conflicts between fathers and sons are also very common Furthermore when the interests of the dynastic enterprise whether political or corporate take precedence over family life and personal happiness marriage practices can produce particularly toxic relations The cases examined here are unusual only in the degree of hostility rather than in its existence

**The History of Napoleon III., Emperor of the French ... With Illustrations** John Stevens Cabot ABBOTT,1869 *Ethnic Conflict and Indoctrination* Irenäus Eibl-Eibesfeldt, Frank K. Salter,1998 Violent ethno nationalist conflicts continue to mar the history of the current century yet no satisfactory answer to the question of why humans are susceptible to indoctrination by ideologies that lead to inter group hostility has so far been found In this volume an international team of leading scientists from many different fields approach this complex issue from a biological perspective treating indoctrinability as a predisposition that has its roots in humanity s evolutionary past

**Indoctrinability, Ideology, and Warfare** Irenäus Eibl-Eibesfeldt, Frank K. Salter,1998 Violent ethno nationalist conflicts continue to mar the history of the twentieth century yet no satisfactory answer as to why humans are susceptible to indoctrination by ideologies leading to inter group hostility has thus far been found This volume brings together an international team of leading scientists to address this complex issue from disciplines as diverse as anthropology psychology psychobiology sociology philosophy ethology sociology and political science Treating the processes of indoctrination as a biological phenomenon with physiological and psychological aspects these essays explore the answers to this pressing question in humanity s evolutionary past

*Gods, Sages and Kings* David Frawley,2000-11 Gods Sages and Kings presents a remarkable accumulation of evidence pointing to the existence of a common spiritual culture in the ancient

world from which present civilization may be more of a decline than an advance The book is based upon new interpretation of the ancient Vedic teachings of India and brings out many new insights from this unique source often neglected and misinterpreted in the West In addition it dicussesses recent archaeological discoveries in India whose implications are now only beginning to emerge Publisher     Beacon Lights of History: Great rulers John Lord,1886     States, Debt, and Power Kenneth H. F. Dyson,2014 States Debt and Power deals with one of the most pressing political and policy issues of the 21st century the so called crisis of debt with its effects on perceptions of state power and of the relevance and value of democratic politics and of European integration
