## **Rules And Precepts Of The Jesuit Missions Of Northwestern New Spain:**

Rules and Precepts of the Jesuit Missions of Northwestern New Spain Charles W. Polzer, 2016-10-18 An exceptionally valuable research tool for scholars The noted Jesuit historian has translated the rules and precepts that governed the mission expansion in the 1600s and 1700s in northwestern Mexico and has added authoritative commentary to make this work literally a manual on the missions

The Jesuit Missions of Northern Mexico Charles W. Polzer, 1991

**Salvation and Globalization in the Early Jesuit Missions** Luke Clossey, 2008-05-05 This is the first truly global study of the Society of Jesus's early missions Up to now historians have treated the early modern Catholic missionary project as a disjointed collection of regional missions rather than as a single world encompassing example of religious globalization Luke Clossey shows how the vast distances separating missions led to logistical problems of transportation and communication incompatible with traditional views of the Society as a tightly centralized military machine In fact connections unmediated by Rome sprung up between the missions throughout the seventeenth century He follows trails of personnel money relics and information between missions in seventeenth century China Germany and Mexico and explores how Jesuits understood space and time and visualized universal mission and salvation This pioneering study demonstrates that a global perspective is essential to understanding the Jesuits and will be required reading for historians of Catholicism and the early modern world

Rules and Precepts of the Jesuits Missions of Northwestern New Spain Charles W. Polzer, 1976

**The AOxford Handbook of Borderlands of the Iberian World** Danna A. Levin Rojo, Cynthia Radding, 2019-11-06 This collaborative multi-authored volume integrates interdisciplinary approaches to ethnic imperial and national borderlands in the Iberian World 16th to early 19th centuries It illustrates the historical processes that produced borderlands in the Americas and connected them to global circuits of exchange and migration in the early modern world The book offers a balanced state of the art educational tool representing innovative research for teaching and scholarship Its geographical scope encompasses imperial borderlands in what today is northern Mexico and southern United States the greater Caribbean basin including cross-imperial borderlands among the island archipelagos and Central America the greater Paraguayan river basin including the Gran Chaco lowland Brazil Paraguay and Bolivia the Amazonian borderlands the grasslands and steppes of southern Argentina and Chile and Iberian trade and religious networks connecting the Americas to Africa and Asia The volume is structured around the following broad themes environmental change and humanly crafted landscapes the role of indigenous allies in the Spanish and Portuguese military expeditions negotiations of power across imperial lines and indigenous chiefdoms the parallel development of subsistence and commercial economies across terrestrial and maritime trade routes labor and the corridors of forced and free migration that led to changing social and ethnic identities histories of science and cartography Christian missions music and visual arts gender and sexuality emphasizing distinct roles and experiences documented for men and women in the borderlands While centered in the colonial era it is framed by pre-contact

Mesoamerican borderlands and nineteenth century national developments for those regions where the continuity of inter ethnic relations and economic networks between the colonial and national periods is particularly salient like the central Andes lowland Bolivia central Brazil and the Mapuche Pehuenche captaincies in South America All the contributors are highly recognized scholars representing different disciplines and academic traditions in North America Latin America and Europe

The Jesuits Markus Friedrich,2022-03 Since its founding by Ignatius of Loyola in 1540 the Society of Jesus The Jesuits has been intimately involved in the unfolding of the modern world The young Jesuit order played a crucial role in the Counter Reformation especially in Poland southern Germany and several other parts of Europe The Jesuits were also participants in the establishment and spread of European empires engaging in missionary activity in east and south Asia in the 16th and 17th centuries and becoming central to the spreading of Christianity in the New World At the same time Jesuits often tangled with the Roman curia and the Pope leading to the suppression of the Jesuits in 1773 After the subsequent restoration of the order in 1814 the Jesuits continued to be leaders in Catholic education and theology In 2013 Jorge Bergoglio became the first Jesuit Pope taking the name Pope Francis I In this book Markus Friedrich presents the first comprehensive account of the Jesuits from a non Catholic perspective Drawing on his expertise as a historian of the early modern world Friedrich situates the Jesuit order within the wider perspective of European history In particular he places the Jesuits in the context of social cultural and imperial history showing that the Jesuits were not monolithic but rather were very sensitive to local context and that the order s core texts especially Ignatius s Spiritual Exercises were templates to engage with rather than instructions manuals to be followed slavishly

*The Creole Jesuits in Nueva España in 1767* Robert H. Jackson,2025-07-13 On June 25 1767 Spanish royal officials began to implement the order of King Carlos III to expel the members of the Society of Jesus Jesuits from all Spanish territories At the time of the expulsion there were some 2 400 Jesuits in Spanish America They played an important role in urban centers as educators and in the spiritual lives of city folk and they staffed frontier missions The King ordered that the Jesuits be exiled in the Papal States modern Italy but ironically the majority of the Jesuits in the Americas were born in the Americas This study focuses on the Jesuit Province of New Spain Mexico Cuba Guatemala at the time of the expulsion and offers a detailed analysis of the organization and activities of the Jesuits their identity through a prosogrographic study and architectural patrimony This study will be of interest to specialists in colonial Latin American history architecture and Jesuit studies and general readers

Redemptive Dreams Jason S. Sexton,2023-11-10 An essential piece in California Studies Redemptive Dreams Engaging Kevin Starr s California offers the first critical engagement with the vision of California s most ambitious interpreter While Starr s multifaceted and polymathic vision of California offered a unique gaze synthesizing central features big themes and incredible problems with the propitious golden dream his eight volume California Dream series along with several other books and thousands of published articles and essays often puzzled historians and other scholars Historians in the contemporary school of critical

historiography often found Starr's narrative approach seeking to tell the internal drama of the California story to be less attuned to the most important work happening in the field. Such a perspective fails to acknowledge key developments in historical subfields like Black and African American Studies, Chicana/o/x Studies, Asian Studies, Native Studies, and others that draw from the narrative in their critical work and how this relates to Starr's contribution. But it also neglects Starr as a theological interpreter. Along with being a major figure in California institutional life with literary output spanning genres from journalism to critical cultural and political commentary to history and memoir, Starr's unique contribution to California Studies as a distinctly Catholic historian has yet to be adequately understood. Through his lived experience as a devout Catholic to the particular theological features of this faith tradition that animated his views, this critical sociological perspective sheds new light on his project. With contributions from sociology, history, and theology akin to investigations appearing in *Theology and California: Theological Refractions on California's Culture* (Routledge), *Redemptive Dreams* offers interdisciplinary perspectives that highlight key features inherent in interdisciplinary theological reflection on place and illuminates these diverse disciplinary discourses as they appear in Starr's articulation of the California Dream. Such a vision remains important for reckoning with California's place in the world.

[Missionary Strategies in the New World, 1610-1690](#)  
Catherine Ballériaux, 2016-02-05. The study is an intellectual and comparative history of French, Spanish, and English missions to the native peoples of America in the seventeenth century c. 1610-1690. It shows that missions are ideal case studies to properly understand the relationship between religion and politics in early modern Catholic and Calvinist thought. The book aims to analyse the intellectual roots of fundamental ideas in Catholic and Calvinist missionary writings, among others: idolatry, conversion, civility, and police, by examining the classical, Augustinian, neo-Thomist, reformed Protestant, and contemporary European influences on their writings. Missionaries' insistence on the necessity of reform, emphasising an experiential, practical vision of Christianity, led them to elaborate conversion strategies that encompassed not only religious but also political and social changes. It was at the margins of empire that the essentials of Calvinist and Catholic soteriologies and political thought could be enacted and crystallised. By a careful analysis of these missiologies, the study thus argues that missionaries' common strategies: habituation, segregation, social and political regulations, stem from a shared intellectual heritage: classical humanist and above all concerned with the Erasmian ideal of a reformation of manners.

**Missions Begin with Blood**  
Brandon Bayne, 2021-10-26. Winner 2022 Frank S. and Elizabeth D. Brewer Prize. While the idea that successful missions needed Indigenous revolts and missionary deaths seems counterintuitive, this book illustrates how it became a central logic of frontier colonization in Spanish North America. *Missions Begin with Blood* argues that martyrdom acted as a ceremony of possession that helped Jesuits understand violence, disease, and death as ways that God inevitably worked to advance Christendom. Whether petitioning superiors for support, preparing to extirpate Native idolatries, or protecting their conversions from critics, Jesuits found power in their persecution and victory in their victimization. This book

correlates these tales of sacrifice to deep genealogies of redemptive death in Catholic discourse and explains how martyrological idioms worked to rationalize early modern colonialism Specifically missionaries invoked an agricultural metaphor that reconfigured suffering into seed that when watered by sweat and blood would one day bring a rich harvest of Indigenous Christianity

**How America's First Settlers Invented Chattel Slavery** David K. O'Rourke, 2005 From New England and Virginia to New Spain and the current Southwest North America s founding householders English and Spanish alike took the limited European practice of coerced labor and over the course of two hundred years transformed it into a depersonalized and brutal chattel slavery unlike anything that had existed in Europe What system of language and logic what visions of religious and civil society allowed men who saw themselves both as Christians and cultured humanists to dehumanize and enslave people whose cultures and accomplishments were evident to nearly all In this book we observe the progressive development of a mindset that allowed the settlers to see both Native Americans and Africans as others who did not merit human status

Indian Revolts in Northern New Spain Roberto Mario Salmón, 1991 This book surveys and evaluates Indian revolts in northern New Spain during the years 1680 1786 in terms of specific Indian revolts Spanish Indian policy over time and relations between Spaniards mestizo frontiersmen and Indians In this study northern New Spain refers to what is now the Mexican North and the southwestern United States

**Moquis and Kastiilam** Thomas E. Sheridan, Stewart B. Koyiyumptewa, Anton Daughters, Dale S. Brenneman, T. J. Ferguson, Leigh J. Kuwanwisiwma, Leigh Wayne Lomayestewa, 2020-05-12 The second in a two volume series Moquis and Kastiilam Volume II 1680 1781 continues the story of the encounter between the Hopis who the Spaniards called Moquis and the Spaniards who the Hopis called Kastiilam from the Pueblo Revolt in 1680 through the Spanish expeditions in search of a land route to Alta California until about 1781 By comparing and contrasting Spanish documents with Hopi oral traditions the editors present a balanced presentation of a shared past Translations of sixteenth seventeenth and eighteenth century documents written by Spanish explorers colonial officials and Franciscan missionaries tell the perspectives of the European visitors and oral traditions recounted by Hopi elders reveal the Indigenous experience The editors argue that only the Hopi perspective can balance the story recounted in the Spanish documentary record which is biased distorted and incomplete as is the documentary record of any European or Euro American colonial power The only hope of correcting those weaknesses and the enormous silences about the Hopi responses to Spanish missionization and colonization is to record and analyze Hopi oral traditions which have been passed down from generation to generation since 1540 and to give voice to Hopi values and social memories of what was a traumatic period in their past Volume I documented Spanish abuses during missionization which the editors address specifically and directly as the sexual exploitation of Hopi women suppression of Hopi ceremonies and forced labor of Hopi men and women These abuses drove Hopis to the breaking point inspiring a Hopi revitalization that led them to participate in the Pueblo Revolt and to rebuff all subsequent efforts to reestablish Franciscan missions and Spanish control Volume II portrays the

Hopi struggle to remain independent at its most effective a mixture of diplomacy negotiation evasion and armed resistance Nonetheless the abuses of Franciscan missionaries the bloodshed of the Pueblo Revolt and the subsequent destruction of the Hopi community of Awat ovi on Antelope Mesa remain historical traumas that still wound Hopi society today

**The Spanish Missionary Heritage of the United States** United States. National Park Service,1993

**A Jesuit Missionary in Eighteenth-Century Sonora** Raymond H. Thompson,Werner S. Zimmt,Dahlquist E. Robert,2014-04-01 In the very last year of the seventeenth century a ten year old boy in the city of Lucerne Switzerland announced to his parents that he wanted to become a Jesuit missionary and save souls in faraway lands Philipp Segesser got his wish when he was sent to northwestern Mexico in 1731 For the next thirty years he carried on an active correspondence with his family and religious affiliates His letters home translated and edited in this fascinating book provide a frank and intimate view of missionary life on the remote northwestern frontier of New Spain The editor s introduction sets the letters in biographical and historical context

**Dictionary of Mission** Karl Muller,Theo Sundermeier,Stephen B. Bevans,Richard H. Bliese,2006-01-30 Conceived and developed by two of Europe s most eminent missiologists in the country where the scientific and sustained study of mission first took shape the Dictionary of Mission represents the finest of the chorus of voices that comprise contemporary missiology The choice of topics and the authors to address them reflects what Christian mission has become a genuinely worldwide and ecumenical phenomenon That there would be entries on regional theological developments is indicative of how the world church is developing A host of other topics here explored show too how the landscape of mission is changing Taken as a whole then the Dictionary of Mission is a road map through this exciting and challenging terrain from the

Foreword

**The Elusive Quest for Equality** José F. Moreno,1999-01-01 The Elusive Quest for Equality documents both the plight and the struggle of Chicano communities over the past 150 years using the guiding themes of segregation Americanization and resistance in the history of education for Chicanos Chicanas The history of the Chicano community s quest for educational equality is long and rich Since the Treaty of Guadalupe Hidalgo formalized the conquest of half of Mexico s territory into what is now the U S Southwest Chicanos have fought to claim what was promised them in the Treaty the enjoyment of all the rights of U S citizens In terms of education they certainly have never had equal access opportunity or resources despite legal victories In this volume some of the leading scholars analyze why the quest for equality in education has remained so elusive They do so by documenting both the plight and the struggle of Chicano communities over the past 150 years using the guiding themes of the role of language segregation Americanization and resistance in the history of education for Chicanos Chicanas In the cover painting of this book Manuel Hernandez Trujillo captures the dualistic nature of the U S conquest of Northern Mexico reflecting both the losses and opportunities represented in his camino de espinas road of thorns This tension between cynicism and optimism pervades the essays in this volume something I see over and over again in discussions that focus on the significance of race in a democratic society To what extent does the past determine our

future and to what degree do our own expectations of the future influence our interpretations of the past It seems to me that these two interdependent questions continue to shape both our experience as Chicanos Chicanas and our understanding of what it means to be Chicano Chicana in the United States at the end of the twentieth century Manuel N G mez Vice Chancellor Student Services University of California Irvine from the Foreword [Hermenegildo and the Jesuits](#) Stefano Muneroni,2017-06-27 This book explores the cultural conditions that led to the emergence and proliferation of Saint Hermenegildo as a stage character in the sixteenth and seventeenth centuries It considers how this saint became a theatrical trope enabling the Society of Jesus to address religious and secular concerns of the post Tridentine Church and to discuss political issues such as the supremacy of the pope over the monarch and the legitimacy of regicide The book goes on to explain how the Hermenegildo narrative developed outside of Jesuit colleges through works by professional dramatist Lope de Vega and Mexican nun Juana In s de la Cruz Stefano Muneroni takes a global approach to the staging of Hermenegildo tracing the character s journey from Europe to the Americas from male to female authors and from a sacrificial to a sacramental paradigm where the emphasis shifts from bloodletting to spiritual salvation Given its interdisciplinary approach this book is geared toward scholars and students of theatre history religion and drama early modern theology cultural studies romance languages and literature and the history of the Society of Jesus **Plagues, Priests, and Demons** Daniel T. Reff,2004-12-06 Drawing on anthropology religious studies history and literary theory Plagues Priests and Demons explores significant parallels in the rise of Christianity in the late Roman empire and colonial Mexico Evidence shows that new forms of infectious disease devastated the late Roman empire and Indian America respectively contributing to pagan and Indian interest in Christianity Christian clerics and monks in early medieval Europe and later Jesuit missionaries in colonial Mexico introduced new beliefs and practices as well as accommodated indigenous religions especially through the cult of the saints The book is simultaneously a comparative study of early Christian and later Spanish missionary texts Similarities in the two literatures are attributed to similar cultural historical forces that governed the rise of Christianity in Europe and the Americas [Law, Education, and the Place of Religion in Public Schools](#) Charles Russo,2021-09-30 This text presents a comparative cross cultural analysis of the legal status of religion in public education in eighteen different nations while offering recommendations for the future improvement of religious education in public schools Offering rich analytical insights from a range of renowned scholars with expertise in law education and religion this volume provides detailed consideration of legal complexities impacting the place of religion and religious education in public education The volume pays attention to issues of national and international relevance including the separation of the church and state public funding of religious education the accommodation of students devotional needs and compulsory religious education The volume thus highlights the increasingly complex interplay of religion law and education in diverse educational settings and cultures across developing and developed nations Providing a valuable contribution to the field of religious secondary

education research this volume will be of interest to researchers academics and educators with an interest in religion and law international and comparative education and those involved with educational policy at all levels Those more broadly interested in moral and values education will also benefit from the discussions the book contains
