Rules of Engagement: The Will to Live vs. the Will to Survive Lorenzo D. Leonard, 2019-01-29 Tribalism isn t new to the human experience In fact it s been around as long as humankind However lately the will to survive has grown with intensity and has given rise to a distorted sense of self importance and self indulgence Self interest has come to divide people and destroy a vital sense of community and civility that bonds a society Author Lorenzo D Leonard has studied this phenomenon and introduces an alternative way of life the will to live The education development and practice of commendable character exposes a person s innate qualities of good Leonard proclaims how the attainment of personal credibility and relevance becomes less of an external focus and more of an internal fulfillment through the process of character development However this is only the case when an individual can put aside the will to survive and embrace the will to live Tribalism becomes less of a concern when the qualities of transparency accountability integrity and community are adopted

The Rules of Engagement: The Will to Live vs The Will to Survive is a deep dive into the very ideas that transition people into being more humane with one another Within this literary body of work readers will recognize the signs of a life lived authentically as well as the limitations that come with a distorted sense of power and superiority

Disagreement among Christians is bound to happen In fact it s almost guaranteed But what happens when that disagreement turns to anger resentment and infighting And what happens when such infighting is taken into public view for all to see Is there ever a time where a battle of words is justified How do we know what doctrines and viewpoints call for a full fledged Christian assault and which ones call for a casual discourse And where is grace in it all These are all legitimate questions every Christian needs to address while deciding when and how to engage one another Rules of Engagement will take the reader on a thoughtful review of the Christian s higher calling Through this book readers will be introduced to a classification system to help them determine which types of doctrines are of high and low importance thus identifying which hills to die on and which hills to concede We cannot afford to fumble our way through Christian interaction since it is the very glory of God which is at stake and the supposed image of Christ that we bear **Rules of Engagement** Chris Davies,2020-06-06
