

## 7TH LEVEL SPELL

### COALESCING TIDES

*7th-level transmutation*

**Casting Time:** 1 round

**Range:** Self (100-foot radius)

**Components:** V, S, M (a handful of sand from the sea)

**Duration:** Concentration, up to 10 minutes

**Classes:** Druid, Wizard

To cast this spell, you must declare so at the start of your turn and forgo your movement and actions for the round. On the start of your next turn, the spell is cast.

Summoning rapid currents, you create a 1-foot layer of raging tides on a 100-foot radius circle around you. All creatures moving within the area of the spell must expend an extra foot of movement for each foot they move. When you cast this spell, you can designate any number of creatures you see. When those creatures move within the spell's area, the raging tides flow with them and don't impose a penalty when they move.

While you maintain concentration, you can use your action to create up to three 15-foot radius circles of raging whirlpools. The areas you select must not overlap with each other. Each creature standing within a whirlpool must make a Strength saving throw. On a failed save, they take 6d8 bludgeoning damage, are knocked prone, and are pulled 10 feet towards the center of the whirlpool. On a success, they only take half the damage rolled. Afterwards, the whirlpools calm and turn back into raging tides.

You can end the effect of the spell by using a bonus action. After the spell ends, all the water disappears magically into the ground.

**At Higher Levels.** When you cast this spell using a spell slot of 8th level or higher, the damage of the whirlpools increases by 1d8 for each slot level above 7th.
