PRÄSENTIERT

RUMBLE FISH ist ein mutiger Film, der Jugendliche in ihrer wirklichen Welt zeigt...präsentiert ein brutal packendes Ritual der Gewalt.

Ein faszinierender Film. Selten hat einer den Nerv der heutigen Jugend so genau getroffen.

Godfather Gene D. Phillips, 2014-04-23 This critical biography by the acclaimed film historian is certainly the definitive work on the director behind *The Godfather* and *Apocalypse Now* Publishers Weekly Gene Phillips blends biography studio history and film criticism to complete the most comprehensive work on Coppola ever written The force behind such popular and critically acclaimed films as *Rumble Fish* and the *Godfather* trilogy Coppola has imprinted his distinct style on each of his movies and on the landscape of American popular culture In *Godfather* Phillips argues that Coppola has repeatedly bucked the Hollywood factory system in an attempt to create distinct films that reflect his own artistic vision often to the detriment of his career and finances Phillips conducted interviews with the director and his colleagues and examined Coppola's production journals and screenplays Phillips also reviewed rare copies of Coppola's student films his early excursions into soft core pornography and his less celebrated productions such as *One from the Heart* and *Tucker The Man and His Dream* The result is the definitive assessment of one of Hollywood's most enduring and misunderstood mavericks

Phillips, Rodney F. Hill, 2010-08-27 Francis Ford Coppola's career has spanned five decades from low budget films he produced in the early 1960s to more personal films of recent years. Because of the tremendous popular success of *The Godfather* and the tremendous critical success of its sequel, Coppola is considered to be one of the best directors of all time. The entries in this encyclopedia focus on all aspects of Coppola's work from his early days with producer Roger Corman to his films as the director of the 1970s. This extensive reference contains material on all of the films Coppola has played a role in from screenwriter to producer to director including such classics as *Patton*, *The Godfather*, *The Conversation*, *The Godfather Part II*, and *Apocalypse Now*. Each entry is followed by a bibliography of published sources both in print and online making *The Francis Ford Coppola Encyclopedia* the most comprehensive reference on this director's body of work. **The Encyclopedia of Best Films** Jay Robert Nash, 2019-10-23 This all inclusive A-Z encyclopedia by one of the world's foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on. The work offers more than 5 000 three to five star entries: three stars good, four stars excellent, five stars masterpiece, and yes, author Jay Robert Nash has viewed every single one of them as well as many more that did not make the cut. In addition to a precis, each film's entry also includes a listing of the cast as well as the key principles involved in production from the director to the hair stylist. Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children. Unlike the industry rating system which can be influenced by studio lobbying, Nash objectively evaluates each film and confers upon it one of four recommendations for viewing: recommended, acceptable, cautionary, and unacceptable. Backmatter includes a list of top films by genre (i.e. animated, drama, sports, mystery, adventure, etc.) as well as an annotated name index listing all persons mentioned along with their dates of birth and death. Rounding out this essential volume for the film buff are over 500 still photos from the author's private collection. *Shot in Oklahoma* John Wooley, 2012-10-09 When inventor and movie studio pioneer Thomas Edison wanted to capture western magic on film in 1904, where did he send his crew? To Oklahoma's 101 Ranch near Ponca City. And when Francis Ford Coppola readied young actors Tom Cruise and Matt Dillon to portray teen class strife in the 1983 movie *The Outsiders*, he took cast and crew to Tulsa, the setting of S.E. Hinton's acclaimed novel. From Edison to Coppola and beyond, Oklahoma has served as both backdrop and home base for cinematic productions. The only book to chronicle the history of made-in-Oklahoma films, John Wooley's *Shot in Oklahoma* explores the variety, spunk, and ingenuity of moviemaking in the Sooner State over more than a century. Wooley's trek through cinematic history, buttressed by meticulous research and interviews, hits the big films readers have heard of but maybe didn't realize were shot in the state along with lesser-known offerings. We also get the films' intriguing backstories. For instance, President Theodore Roosevelt's fascination with a man purportedly able to catch a wolf in his hands led to *The Wolf Hunt*, shot in the Wichita Mountains and screened in the White House in 1909. Over time, homegrown movies such as *Where the Red Fern Grows* (1974) and *Rain Man* (1988) have given way to feature films including *The Outsiders* and *Rain Man* (1988). Throughout this tale, Wooley draws

attention to unsung aspects of state and cinematic history including early all black movies lensed in Oklahoma's African American towns and films starring American Indian leads With a nod to more recent Hollywood productions such as Twister 1996 and Elizabethtown 2005 Wooley ultimately explores how a low budget slasher movie created in Oklahoma in the 1980s transformed the movie business worldwide Punctuated with photographs and including a filmography of more than one hundred productions filmed in the state Shot in Oklahoma offers movie lovers and historians alike an engaging ride through untold cinematic history The Instructional Leader's Guide to Informal Classroom Observations Sally J. Zepeda, 2014-01-09 First published in 2008 Routledge is an imprint of Taylor Francis an informa company
