Griffin, 2019-07-30 Have a nice flight Cassie Tim Emily Brandon and Jay are on their way back from a camping trip flying from Idaho to New York City on Cassie's family's private plane. This might be a usual thing for the others but for Jay it's only his second time ever on a plane. And what starts as a normal flight soon veers desperately out of control. One of the regular pilots is sick so there's a replacement. Cassie has suddenly fallen ill for no reason. And Jay notices the plane is flying west instead of east. As the military works feverishly on the ground to find out what's going on the friends are trapped thirty seven thousand feet in the air on a plane that's clearly been hijacked. Only no one knows who's in control or why it's happening. Their only chance to survive is by working together but when everyone is a suspect trusting the wrong person is a deadly mistake. With each passing minute the gas gauge drops alliances shift and danger rises. Will anyone make it off Flight 21 alive?

*J.A.P.* EDWARD LANDERS, 2013-12 JAP is a story about a young man who somehow through a series of accidents intentions mistakes and drive became a Naval Aviator no mean feat by any accounts. Having survived the grim reaper several times during his eight years of flying on active duty with the Navy he has come to believe sort of that he is a good aviator and can take care of just about anything that arises in the realm of flying. He has disgustingly left active duty flying with the Navy as the result of witnessing inept officers who should never have made the grade continue to fly and serve without any leadership skills or command authority amounting to anything effective. Most of them were in the young man's opinion timid beings who were only concerned with keeping their status quo resulting in their refusal to make decisions let alone lead in any forward power projections. His decision to leave the Navy and throw his lot in with the airline pilot's career was based on his perception that an airline captain just had to be made of stronger stuff. That idea was also doomed to an early failure when he actually started to fly with the pilots who make up the airborne operation of the airline. He found the same weaknesses on the part of the airline pilots that he had witnessed in the Navy pilots he had flown with. Still struggling to find perfection the young man named Kruger in the book tries flying with the Naval Reserve pilots only to find once more that those pilots were even worse than the two groups that he had flown with earlier. Kruger's worst nightmare finally comes to pass when he finds himself making some bad mistakes and decisions just like all of the other pilots he has ever encountered. He has become a JAP or just another pilot like all of the others. In spite of all of the disappointments he encounters he still has fun and fulfillment flying and is convinced that he could really do no job other than flying. Flying has always been described as hours and hours of boredom punctuated by moments of stark terror. Kruger's experiences follow that pattern except the boring hours are interesting also. Kruger had always considered that the most exhilarating and exciting time you could ever experience was when you were right on the dangerous edge of things when you had less than a fifty percent chance of surviving the situation you were in and when you finally came out on top alive and well albeit that your heart was trying to go

into tachycardia and your breathing could only be described as panting There is no rush better than this There are no punches pulled in the book The author tells it like it really was without cutting corners or glossing over the facts It is what it was People are people and no one is perfect We all have warts no matter how good we look and usually the ones who boast the most and are the models of perfection are the ones who have the most faults As the Bible says Judge not lest ye be judged Kruger finds that to be very true and as a result he mulls each flight in his mind in an effort to try to perfect what he has just done There are no heroes in the book but there are a lot of truths if you can find them *Fancy's Way* Walter A Turner,2000-12-20 Lieutenant Dan Fancy is a top Navy pilot He has just been reassigned to Miramar Naval Air Station Fighter Town where he hopes to make a fresh start and jump start his career A failed marriage and a bout of heavy drinking have put him seriously off track Life at Miramar begins auspiciously as Fancy is reunited with old friends He begins to prove himself when plunged into rigorous training before Enterprise's six month deployment to the Western Pacific However when Fancy meets Cody Thorn and her daughter Amanda things take a turn he wasn't counting on The story gives readers a rare glimpse of life on an aircraft carrier illuminating the lives the men who fly the dangerous missions from the massive floating airfields Fancy must not only perform under the normal stresses of flying off a carrier but he must also do so under intense emotional stress when he learns that Cody has been seriously injured by her ex husband Unable to be at Cody's side the situation is a haunting reminder of the events that cost him his first marriage Fancy must continue to focus on his duties without allowing his personal anxieties to interfere with the demanding tasks before him *Dear Runaway* Peter Derk,2019-12-05 Dear Reader You hold in your hands a bunch of love letters none of which were sent Letters to friends family people I loved people who loved me There's an occasional famous person in there and the once in a while clerk at the grocery store They're all here Best Pete **Flight Deck** Edward Atkins,2006 **Navy Airman's Manual** United States.
