Some memories save you Others break you The city of Avestra lies in the mist between worlds Its bridges whisper in forgotten tongues Its runes glow with echoes of a time no one remembers And something beneath it all is waking Liora rises from sleep with images in her mind that don t belong to her Places she s never seen Lives she s never lived As the veil between realities begins to unravel she is drawn into a story that started long before her and may end with her alone *Veilshatter* is the story of a young woman caught between the weight of forgotten magic and the pull of something far older It is about soul binding power fractured memory and the fight to reclaim who you truly are This book is for readers who crave more than just adventure It speaks to those who love their fantasy with depth mystery and emotion Ideal for ages 16 and up especially those drawn to atmospheric worlds complex characters and stories that linger after the last page A novel of soul shadow and the fragile thread of memory **Herd Register** American
