*Local Food Systems and Community Economic Development* R. David Lamie,Steven C. Deller,2020-05-21 Local Food Systems and Community Economic Development provides scholarly and practical knowledge on a range of issues often associated with local food system development Many people agree that there are unintended consequences associated with the manner in which our food supply chain has evolved These concerns range in focus from health to environment to economic structure to social justice But for each argument critical of our current food system there are to be found strong counter arguments the popular press is replete with stories that lean toward taking specific sides in these arguments often

demonizing those on the other side In this volume local food scholars strive to be fair balanced and as factual as possible in their arguments This even handed approach is appropriate as it should foster more sustainable community change and should lead us toward a stronger foundation for scholarly inquiry and ultimately more respect and credibility for efforts to better understand the phenomenon of local and regional food system development Amidst a deepening interest in local food systems as a community economic development strategy Local Food Systems and Community Economic Development will be of great interest to scholars of community development rural studies agriculture food systems and rural economy The chapters originally published as a special issue of Community Development
