Rural Infrastructure From A World Bank Perspective A Knowledge Management Framework:

Rural Infrastructure from a World Bank Perspective Louis Y. Pouliquen,1999 Rural infrastructure is critical to both economic and social development Its absence thwarts growth and typically the poor are those hurt the most The purpose of this paper is to serve as a basis for knowledge management on rural infrastructure In the 1970s the primary if not the unique objective of rural infrastructure lending was to get rural infrastructure built However the institutional aspects of how this infrastructure was to be built and later how it would be operated and maintained did not receive much attention Only recently has poverty alleviation through employment creation become an explicit objective of rural infrastructure investments This review tracks the poverty alleviation objective of rural infrastructure projects using three criteria 1 whether poverty was an explicit criterion in the selection of specific sub projects 2 whether poverty was addressed in the pricing of rural infrastructure services and 3 whether poverty was addressed through the creation of employment **Do Rural**

Maintenance Initiative: Report on the policy seminars ,1991 This is a three volume book that reports on a series of six subregional policy seminars organized by the World Bank and the Economic Commission for Africa ECA under the Sub Saharan Africa Transport Program to address the problems and issues of road deterioration and maintenance These policy seminars provided a forum in which policymakers from different countries lending experts in development and World Bank staff were able to share ideas and experience concerning development policies that relate to road transport and maintenance These reports are a guide to defining future activities programs and initiatives for reforming road maintenance policies in Africa

Rethinking Decentralization in Developing Countries Jennie Ilene Litvack,Junaid Ahmad,Richard Miller Bird,1998-01-01 In an effort to reduce poverty and improve nutrition this Bank operation assisted the Indian program Operation Flood to develop the dairy industry in India This study examines the policy changes instituted to support the aid flow to the dairy sector and discusses the lessons learned and benefits realized through improved dairy production It also

presents suggestions for improvement This program differs from other Bank efforts in that it focuses on a single commodity to alleviate poverty and raise living standards

Cities in a Globalizing World Un-Habitat,2012-06-25 The world has entered the urban millennium Nearly half the world s people are now city dwellers and the rapid increase in urban population is expected to continue mainly in developing countries This historic transition is being further propelled by the powerful forces of globalization The central challenge for the international community is clear to make both urbanization and globalization work for all people instead of leaving billions behind or on the margins Cities in a Globalizing World Global Report on Human Settlements is a comprehensive review of conditions in the world s cities and the prospects for making them better safer places to live in an age of globalization I hope that it will provide all stakeholders foremost among them the urban poor themselves with reliable and timely information with which to set our policies right and get the machinery of urban life moving in a constructive direction From the Foreword by Kofi Annan Secretary General United Nations Cities in a Globalizing World presents a comprehensive review of the world s cities and analyses the positive and negative impacts on human settlements of the global trends towards social and economic integration and the rapid changes in information and communication technologies In this Global Report the United Nations Centre for Human Settlements Habitat draws on specially commissioned and contributed background papers from more than 80 leading international specialists The report focuses on recent trends in human settlements and their implications for poverty inequity and social polarization It develops advance knowledge for urban planning and management policies in support and promotion of inclusive cities and good urban governance This major and influential report is the most authoritative and up to date assessment of human settlements conditions and trends Written in clear non technical language and supported by informative graphics case studies and extensive statistical data it should be an essential tool and reference for academics researchers planners public authorities and civil society organizations around the world
