Heinmiller**

Rural Life And Culture In The Upper Cumberland:

Rural Life and Culture in the Upper Cumberland Michael Birdwell, W. Calvin Dickinson, 2004-12-24 Seventeen original essays by prominent scholars uncover fascinating stories and personalities from the Upper Cumberland region of Kentucky and Tennessee often regarded as isolated and out of pace with the rest of the country but seen here as having a far richer history and culture than previously thought *Rural Life and Culture in the Upper Cumberland* Michael E. Birdwell, W. Calvin Dickinson, 2004-12-24 Tennessee History Book Award Finalist The Upper Cumberland region of Kentucky and Tennessee often regarded as isolated and out of pace with the rest of the country has a far richer history and culture than has been documented The contributors to *Rural Life and Culture in the Upper Cumberland* discuss an extensive array of subjects including popular music movies architecture folklore religion and literature Seventeen original essays by prominent scholars such as Lynwood Montell Charles Wolfe Allison Ensor and Jeannette Keith uncover fascinating stories and personalities as they explore topics including wartime hero Alvin C York Socialist Party Tennessee gubernatorial candidate Kate Brockford Stockton and even a thriving nudist colony the Timberline Lodge **People of the Upper Cumberland** Michael E. Birdwell, William Calvin Dickinson, 2024-01-12 Unified by geography and themes of tradition and progress the essays in this anthology present a complex view of the Upper Cumberland area of Tennessee and Kentucky a remote and in some ways mysterious region and its people The distinguished contributors cover everything from early folk medicine practices Oplless Walker to the changing roles of women in the Upper Cumberland Ann Toplovich to rarely discussed African American lifeways in the area Wali R Kharif The result is an astonishingly fresh contribution to studies of the Upper Cumberland area Randall D Williams s essay on the relatively unknown history of American Indians in the region opens the collection followed by Michael Allen s history of boating and river professions on the Cumberland River Al Cross and David Cross illuminate the Republican politics of the Kentucky section of the Upper Cumberland while Mark Dudney provides a first of its kind look at the early careers of distinguished Tennesseans Cordell Hull and John Gore Equally fresh is Mary A Evins s examination of the career of Congressman Joe L Evins and coeditor Michael E Birdwell and John B Nisbet III contribute an in depth piece on John Catron the Upper Cumberland s first Supreme Court justice Troy D Smith s essay on Champ Ferguson sheds new light on the Confederate guerilla Birdwell s second contribution an exploration of the history of moonshine provides insight into a venerable Cumberland tradition Pairing well with Walker s essay Janey Dudney and coeditor W Calvin Dickinson discuss the superstitions faced by early Upper Cumberland medical professionals Closing out the grouping of medical articles is Dickinson s second chapter which tells the story of Dr May Cravath Wharton and her contribution to the region s health care Laura Clemons explores the relationship between composer Charles Faulkner Bryan and his gifted African American pupil J Robert Bradley during the Jim Crow era Birdwell s third chapter and the collection s final essay examines race relations in the Upper Cumberland Offering a broad look at one of the most understudied regions of the

Volunteer State this significant addition to Tennessee history will prove insightful for students and academics with interdisciplinary and cross historical interests Michael E Birdwell is a professor of history at Tennessee Technological University and the author of several books including *Celluloid Soldiers* Warner Bros s Campaign against Nazism and *Rural Life and Culture of the Upper Cumberland* W Calvin Dickinson is a professor emeritus of history at Tennessee Technological University He is the author and editor of several books including *Sister States* *Enemy States* *The Civil War in Kentucky and Tennessee* and *Tennessee State of the Nation* now in its second edition [Dictionary of Southern Appalachian English](#) Michael B. Montgomery, Jennifer K. N. Heinmiller, 2021-06-22 The *Dictionary of Southern Appalachian English* is a revised and expanded edition of the Weatherford Award winning *Dictionary of Smoky Mountain English* published in 2005 and known in Appalachian studies circles as the most comprehensive reference work dedicated to Appalachian vernacular and linguistic practice Editors Michael B Montgomery and Jennifer K N Heinmiller document the variety of English used in parts of eight states ranging from West Virginia to Georgia an expansion of the first edition s geography which was limited primarily to North Carolina and Tennessee and include over 10 000 entries drawn from over 2 200 sources The entries include approximately 35 000 citations to provide the reader with historical context meaning and usage Around 1 600 of those examples are from letters written by Civil War soldiers and their family members and another 4 000 are taken from regional oral history recordings Decades in the making the *Dictionary of Southern Appalachian English* surpasses the original by thousands of entries There is no work of this magnitude available that so completely illustrates the rich language of the Smoky Mountains and Southern Appalachia [Tennessee's Experience During the First World War](#) Michael E. Birdwell, 2024-01-02 This book includes fourteen essays on Tennessee s experience during World War I The essays introduce a range of entry points to the conflict from typical soldier stories including Birdwell s own essay on Alvin York to politics agribusiness African Americans and present day recollections *Handbook to Life in America* Rodney P. Carlisle, 2009 Examines the history events and people of the early twentieth century in America *Kentucky* James C. Klotter, 1996-01-01 The first comprehensive history of Kentucky during the first half of the twentieth century presenting a sweeping view of these crucial years when the forces of continuity and change competed for primacy in the state *The Journal of Southern History* Wendell Holmes Stephenson, 2006 Includes section Book reviews **The Southern Historian** , 2005 *Confederate Outlaw* Brian D. McKnight, 2011-04-08 In the fall of 1865 the United States Army executed Confederate guerrilla Champ Ferguson for his role in murdering fifty three loyal citizens of Kentucky and Tennessee during the Civil War Long remembered as the most unforgiving and inglorious warrior of the Confederacy Ferguson has often been dismissed by historians as a cold blooded killer In *Confederate Outlaw* Champ Ferguson and the Civil War in Appalachia biographer Brian D McKnight demonstrates how such a simple judgment ignores the complexity of this legendary character In his analysis McKnight maintains that Ferguson fought the war on personal terms and with an Old Testament mentality regarding the

righteousness of his cause He believed that friends were friends and enemies were enemies no middle ground existed As a result he killed prewar comrades as well as longtime adversaries without regret all the while knowing that he might one day face his own brother who served as a Union scout Ferguson's continued popularity demonstrates that his bloody legend did not die on the gallows Widespread rumors endured of his last minute escape from justice and over time the borderland terrorist emerged as a folk hero for many southerners Numerous authors resurrected and romanticized his story for popular audiences and even Hollywood used Ferguson's life to create the composite role played by Clint Eastwood in *The Outlaw Josey Wales* McKnight's study deftly separates the myths from reality and weaves a thoughtful captivating and accurate portrait of the Confederacy's most celebrated guerrilla An impeccably researched biography *Confederate Outlaw* offers an abundance of insight into Ferguson's wartime motivations actions and tactics and also describes borderland loyalties guerrilla operations and military retribution McKnight concludes that Ferguson and other irregular warriors operating during the Civil War saw the conflict as far more of a personal battle than a political one

Civil War Biographies from the Western Waters Myron J. Smith, Jr., 2015-02-20 From 1861 to 1865 the Civil War raged along the great rivers of the Ohio and Mississippi valleys While various Civil War biographies exist none have been devoted exclusively to participants in the Western river war as waged down the Mississippi to the mouth of the Red River and up the Ohio the Tennessee and the Cumberland Based on the Official Records county histories newspapers and internet sources this is the first work to profile personnel involved in the fighting on these great streams Included in this biographical encyclopedia are Union and Confederate naval officers down to the rank of mate enlisted sailors who won the Medal of Honor or otherwise distinguished themselves or who wrote accounts of life on the gunboats army officers and leaders who played a direct role in combat along Western waters political officials who influenced river operations civilian steamboat captains and pilots who participated in wartime logistics and civilian contractors directly involved including shipbuilders dam builders naval constructors and munitions experts Each of the biographies includes where known birth death and residence data unit organization or ship involvement in the river war pre and post war careers and source documentation Hundreds of individuals are given their first historic recognition

Hidden History of Civil War Tennessee James B. Jones Jr., 2013-07-09 Join author James B Jones Jr on an exciting journey through the unknown and hidden history of Civil War Tennessee Tennessee's Civil War history is an oft told narrative of famous battles cunning campaigns and renowned figures Beneath this well documented history lie countless stories that have been forgotten and displaced over time strong Discover how Vigilance Committees sought to govern cities such as Memphis where law was believed to be dead See how Nashville and Memphis became important medical centers addressing the rapid spread of private diseases among soldiers and marvel at Colonel John M Hughes whose men engaged in guerrilla warfare throughout the state

Axis Prisoners of War in Tennessee Antonio S. Thompson, 2023-03-09 During World War II Axis prisoners of war received arguably better treatment in the U S than anywhere else Bound by the Geneva

Convention but also hoping for reciprocal treatment of American POWs the U S sought to humanely house and employ 425 000 Axis prisoners many in rural communities in the South This is the first book length examination of Tennessee s role in the POW program and how the influx of prisoners affected communities Towns like Tullahoma transformed into military metropolises Memphis received millions in defense spending Paris had a secret barrage balloon base The wooded Crossville camp housed German and Italian officers Prisoners worked tobacco lumber and cotton across the state Some threatened escape or worse When the program ended more than 25 000 POWs lived and worked in Tennessee Beyond the Mountains Drew A. Swanson,2018-11-15 *Beyond the Mountains* explores the ways in which Appalachia often served as a laboratory for the exploration and practice of American conceptions of nature The region operated alternately as frontier wilderness rural hinterland region of subsistence agriculture bastion of yeoman farmers and place to experiment with modernization In these various takes on the southern mountains scattered across time and space both mountain residents and outsiders consistently believed that the region s environment made Appalachia distinctive for better or worse With chapters dedicated to microhistories focused on particular commodities Drew A Swanson builds upon recent Appalachian studies scholarship emphasizing the diversity of a region so long considered a homogenous backwater While Appalachia has a recognizable and real coherence rooted in folkways agriculture and politics among other things it is also a region of varied environments people and histories These discrete stories are however linked through the power of conceptualizing nature and work together to reveal the ways in which ideas and uses of nature often created a sense of identity in Appalachia Delving into the environmental history of the region reveals that Appalachian environments rather than separating the mountains from the broader world often served to connect the region to outside places *William Macy Stanton* Delos Hughes,2025-09-08 In 1933 President Franklin Roosevelt s New Deal launched the Tennessee Valley Authority and the Subsistence Homesteads Division to help bring economic relief to families and communities devastated by the Great Depression With the creation of these new programs came a need for the infrastructure that could support them and for this the Roosevelt administration turned to William Macy Stanton Born to a Quaker family in Ohio in 1888 Stanton worked as an instructor of drawing and design at the University of Illinois School of Architecture before establishing an independent practice in Philadelphia in the early 1920s During the Depression he worked on architectural projects in Tennessee for the TVA including the town of Norris where the builders of Norris Dam would live As the New Deal era dawned Stanton moved to Crossville to design the proposed Cumberland Homesteads In addition to this work Stanton is widely regarded for his hotel designs including The Lafayette and James Madison Hotels in Atlantic City as well as his restoration of Quaker meetinghouses In this new biography Delos D Hughes weaves the story of Stanton s life and career together with the broader historical context of the Great Depression and New Deal initiatives The book is divided into three parts exploring Stanton s life and work before during and after his involvement with the Cumberland Homesteads Hughes examines the intersection of architecture and

social policy throughout Rich with historical photographs Stanton s own architectural drawings and other original imagery on nearly every page Hughes s work will delight architectural history enthusiasts and Tennessee history scholars

The Supernatural and the Circuit Riders Rimi Xhemajli,2021-06-22 In *The Supernatural and the Circuit Riders* Rimi Xhemajli shows how a small but passionate movement grew and shook the religious world through astonishing signs and wonders Beginning in the late eighteenth century early American Methodist preachers known as circuit riders were appointed to evangelize the American frontier by presenting an experiential gospel one that featured extraordinary phenomena that originated from God s Spirit In employing this evangelistic strategy of the gospel message fueled by supernatural displays Methodism rapidly expanded Despite beginning with only ten official circuit riders in the early 1770s by the early 1830s circuit riders had multiplied and caused Methodism to become the largest American denomination of its day In investigating the significance of the supernatural in the circuit rider ministry Xhemajli provides a new historical perspective through his eye opening demonstration of the correlation between the supernatural and the explosive membership growth of early American Methodism which fueled the Second Great Awakening In doing so he also prompts the consideration of the relevance and reproduction of such acts in the American church today

The Union Cavalry and the Chickamauga Campaign Dennis W. Belcher,2018-08-28 During the Chickamauga Campaign General Stanley s two Union cavalry divisions battled Forrest s and Wheeler s cavalry corps in some of the most difficult terrain for mounted operations The Federal troopers commanded by Crook and McCook guarded the flanks of the advance on Chattanooga secured the crossing of the Tennessee River then pushed into enemy territory The battle exploded on September 18 as Col Minty and Col Wilder held off a determined attack by Confederate infantry The fighting along Chickamauga Creek included notable actions at Glass Mill and Cooper s Gap Union cavalry dogged Wheeler s forces throughout Tennessee The Union troopers fought under conditions so dusty they could hardly see leading the infantry through the second costliest battle of the war

[The Rise of the G.I. Army, 1940-1941](#) Paul Dickson,2022-03-30 A must read book that explores a vital pre war effort with deep research and gripping writing Washington Times In *The rise of the G I Army 1940 1941* Paul Dickson tells the dramatic story of how the American Army was mobilized from scattered outposts two years before Pearl Harbor into the disciplined and mobile fighting force that helped win World War II In September 1939 when Nazi Germany invaded Poland and initiated World War II America had strong isolationist leanings The US Army stood at fewer than 200 000 men unprepared to defend the country much less carry the fight to Europe and the Far East And yet less than a year after Pearl Harbor the American army led the Allied invasion of North Africa beginning the campaign that would defeat Germany and the Navy and Marines were fully engaged with Japan in the Pacific Dickson chronicles this transformation from Franklin Roosevelt s selection of George C Marshall to be Army Chief of Staff to the remarkable peace time draft of 1940 and the massive and unprecedented mock battles in Tennessee Louisiana and the Carolinas by which the skill and spirit of the Army were forged and out of which

iconic leaders like Eisenhower Bradley and Clark emerged The narrative unfolds against a backdrop of political and cultural isolationist resistance and racial tension at home and the increasingly perceived threat of attack from both Germany and Japan **Tennessee Historical Quarterly** ,2010 *Upper Cumberland Country* William Lynwood Montell,1993
