The TVA Regional Planning

and Development Program David A. Johnson, 2017-07-05 The Tennessee Valley Authority TVA is a world renowned model for regional planning and development Based along the Tennessee River and its series of hydro electric power stations dams and reservoirs the TVA development program envisioned a broad regional planning program The program focused on development opportunities and problems around the array of TVA dams and their reservoirs It also created new model towns and pioneered land use planning bringing together federal state and local agencies farmers foresters and industrial firms to further the economic social and physical conditions of what had been one of the most seriously lagging regions of the U S This book is based on the memoirs and experiences of Aelred J Gray former planner with the TVA who saw the big picture and introduced much of the pioneering work of the agency Gray worked as a staff planner at the TVA for nearly 40 years including a decade as its chief planner overseeing numerous changes and developments to the Authority s program As well as building up the regional industrial development and the foundation of state parks he also had a strong interest in the region s cities In the 1950s he introduced TVA s landmark Flood Prevention Program which became a national model His review of how this innovative and influential regional development agency functioned and changed through the decades will be of value to all those interested in planning practice planning history and regional politics Joint Volumes of Papers Presented to the Legislative Council and Legislative Assembly New South Wales. Parliament, 1922 Includes various departmental reports and reports of commissions Cf Gregory Serial publications of foreign governments 1815 1931

Rural Planning in Developing Countries Barry Dalal-Clayton, David Dent, Olivier Dubois, 2013-06-17 This book provides an international perspective on rural planning focused on developing countries It examines conventional development planning and innovative local planning approaches drawing together lessons from recent experience of rural planning and land use The authors examine past and current practice and ways that land use planning and management of natural resources can underpin sustainable local livelihoods They draw on case studies from Africa Asia and Latin America to present findings relevant throughout the developing world **Independent Offices and Department of Housing and Urban Development Appropriations for Fiscal Year 1971** United States.
