Rural Reminiscences The Agony Of Survival Ed1:

Rural Reminiscences Kenneth Hassebrock, 2002-09 *Rural Reminiscences* is a poignant record of one family's survival during depressed economic times. It also details the management of a highly diversified farm operation that was changing from horsepower on the hoof to under the hood. It explains and describes the operation of farm machinery powered by draft horses and the frustrations farmers experienced as they tried to adapt to the internal combustion engine. *American Farming Culture and the History of Technology* Joshua T. Brinkman, 2024-05-06 Presenting a history of agriculture in the American Corn Belt, this book argues that modernization occurred not only for economic reasons but also because of how farmers use technology as a part of their identity and culture. Histories of agriculture often fail to give agency to farmers in bringing about change and ignore how people embed technology with social meaning. This book, however, shows how farmers use technology to express their identities in unspoken ways and provides a framework for bridging the current rural-urban divide by presenting a fresh perspective on rural cultural practices. Focusing on German and Jeffersonian farmers in the 18th century and Corn Belt producers in the 1920s, the Cold War, and the recent period of globalization, this book traces how farmers formed their own versions of rural modernity. Rural people use technology to contest urban modernity and debunk yokel stereotypes, and women specifically employed technology to resist urban gender conceptions. This book shows how this performance of rural identity through technological use impacts a variety of current policy issues and business interests surrounding contemporary agriculture, from the controversy over genetically modified organisms and hog confinement facilities to the growth of wind energy and precision technologies. Inspired by the author's own experience on his family's farm, this book provides a novel and important approach to understanding how farmers' culture has changed over time and why machinery is such a potent part of their identity. This book will be of great interest to students and scholars of agricultural history, technology, and policy, rural studies, the history of science and technology, and the history of farming culture in the USA. *From Prairie Farmer to Entrepreneur* Dennis Nordin, Roy V. Scott, 2005-01-18 Their account will inform readers with a detailed account of one of the great transformations in American life. BOOK JACKET *The Farm at Holstein Dip* Carroll Engelhardt, 2012-08-15 Carroll Engelhardt's parents grew up in homes without electricity on farms without tractors and began farming in the same way. As a farm boy in northeastern Iowa, he thought that history happened only to important people in earlier times and more exotic places. After decades of teaching, he at last perceived that history happens to us all, and he began writing this book. Set within the thoughtfully presented contexts of the technological revolution in American agriculture, the Second World War, the Cold War, and the emerging culture of affluence, *The Farm at Holstein Dip* is both a loving coming-of-age memoir and an educational glimpse into rural and small-town life of the 1940s and 1950s. Engelhardt writes about growing up in a spacious farmhouse where life was centered in the kitchen and frugality dictated that every purchase be weighed carefully. His chores grew up with him; he fed chickens and gathered eggs at age six.

rode a horse on the hayfork at nine or ten milked cows by hand at eleven and hired out to other farmers to load bales in the field and work in the haymow at fifteen The simple pleasures and predictable routines of a Saturday night at the movies in nearby Elkader Pioneer Days on the 4th of July Confirmation Sunday class picnics and baseball and basketball games play out against a background of rural decline alternating economic uncertainty and prosperity and Cold War anxiety next to polio he most feared Communist subversion and atomic blasts The values and contradictions imparted by this evolving mix of international national and local cultures shaped his coming of age Engelhardt brings us into the world of his fourth generation farm family who lived by the family and faith based work ethic and concern for respectability they had inherited from their German and Norwegian ancestors His writing has a particularly Iowa flavor a style that needs no definition to those who live in the state Readers will discover the appeal of his wry humorous and kind observations and appreciate his well informed perspective on these transformative American decades *The Prairie Winnows Out Its Own* Paula
