**The Mighty Atom** Marie Corelli,1896 Marie Corelli lived in the time of Darwin and took real exception to the intellectual incursions then being made on territory previously reserved to matters of faith In its way it is a sad thing in The Mighty Atom a gifted writer rails against the evidence of man's senses There may be we'd say there are ways to reconcile the eternal with the evidence of our senses But surely a harangue in the cloak of fiction is not the way to do it rather more by railing at the dark she teaches folks to find the intellectual courage to step into it Regardless Corelli was a gifted writer and whether the tale she tells here is the one she intended or not she tells a fine and interesting tale Jacketless library hardcover
