Ruskins Landscape Of Beatitude:

Ruskin's Landscape of Beatitude David Anthony Downes, 1984 This analysis of Ruskin as a critic of art architecture economics and literature offers a comprehensive overview for the understanding of a major and prophetic Victorian figure It augments existing readings of Ruskin's work and contains insights into Victorian culture art criticism the theory of criticism and economic history The author places Ruskin's work in the context of his life and relates it to current critical perspective as well He discusses *Modern Painters* *The Seven Lamps of Architecture* and *The Stones of Venice* demonstrating how Ruskin established an esthetic standard for religious art to produce the kind of Christian humanistic culture he desired *Examination of Unto This Last* focuses on Ruskin's view of capitalism while comments on other works provide background on his literary and social criticism The basic theme of the book underlines Ruskin's understanding of the relationship between esthetic and ethical forces in civilization **John Ruskin, the Pre-Raphaelites, and Religious Imagination** Sheona

Beaumont, Madeleine Emerald Thiele, 2023-06-26 This volume presents a collection of essays by leading experts which examine nineteenth century ideas about Christian theology art architecture restoration and curatorial practice The volume unveils the importance of John Ruskin's writing for today's audience and allies it with the dynamism of the Pre-Raphaelite religious imagination Ruskin's drawings and daguerreotypes as well as Pre-Raphaelite paintings stained glass and engravings are shown to be alive with visual theology artists such as Dante Gabriel Rossetti John Everett Millais Edward Burne Jones and Evelyn de Morgan illuminate aspects of faith and aesthetics The interdisciplinary nature of this volume encourages reflection upon praise truth and beauty The aesthetic conversations between Ruskin and the Pre-Raphaelites themselves become a form of sacra conversazione **Ruskin's God** Michael Wheeler, 1999-11-28 In this 1999 book Michael Wheeler challenges critical orthodoxy by arguing that John Ruskin's writing is underpinned by a sustained trust in divine wisdom a trust nurtured by his

imaginative engagement with King Solomon and the temple in Jerusalem and with the wisdom literature of the Old Testament In *Modern Painters* *The Seven Lamps of Architecture* and *The Stones of Venice* belief in the wisdom of God the Father informed Ruskin's Evangelical natural theology and his celebration of Turner's landscape painting while the wisdom of God the Son lay at the heart of his Christian aesthetics Whereas the author of *Modern Painters* sought to teach his readers how to see architecture paintings and landscapes the Victorian Solomon whose religious life was troubled and who created various forms of modern wisdom literature in works such as *Unto this Last* *The Queen of the Air* and *Fors Clavigera* wished to teach them how to live Nature's Covenant C. Stephen Finley, 2010-11-01 Nature's Covenant a reading of John Ruskin

including his neglected poems and early prose writings brings forth a fresh awareness of his career as an interpreter of landscape where landscape is conceived as a filter of human meaning of aesthetic and theological significance The book shows the correlation in Ruskin's work between the Reformed theology of his religious tradition and the Romantic poetics of literature that he sought to practice It reconstructs the particular hermeneutic of landscape that Ruskin developed a vision of

the natural world that depended equally upon the Romantic evangelical renovation of heart and eye and a remarkable articulation of the typology of nature Ruskin's own theoria or contemplation of nature's text the full scale development of which takes place in *Modern Painters II* is revealed and explored inviting renewed understanding of works both early and late especially of certain key chapters of such often neglected works as *The Requiem of St Mark's Rest* or the *Revision of Deucalion* Finley shifts the emphasis away from the secularized readings of this century to recover lost religious meanings in Ruskin's critical writing including his unpublished sermons No previous modern study has focused on Ruskin's religious upbringings and its influence on his mature writings while countering the critical received orthodoxy about his faith his unconversion and inevitable secularization often retold as part of the narrative of modernism which proclaimed the necessary supersession of Victorian superstition by modern enlightenment Because of its commitment to a reading of Ruskin's religious sense in light of his romantic inheritance *Nature's Covenant* is also a book about Victorian romanticism sharing in the current reevaluation of Wordsworth's later career and in the renewed scholarly attention to Sir Walter Scott **John**

Ruskin Andrew Ballantyne, 2015-06-15 John Ruskin 1819-1900 was the most prominent art and architecture critic of his time Yet his reputation has been overshadowed by his personal life especially his failed marriage to Effie Gray which has cast him in the history books as little more than a Victorian prude In this book Andrew Ballantyne rescues Ruskin from the dustbin of history's trifles to reveal a deeply attuned thinker one whose copious writings had tremendous influence on all classes of society from roadmenders to royalty Ballantyne examines a crucial aspect of Ruskin's thinking the notion that art and architecture have moral value Telling the story of Ruskin's childhood and enduring devotion to his parents who fostered his career as a writer on art and architecture he explores the circumstances that led to Ruskin's greatest works such as *Modern Painters* *The Seven Lamps of Architecture* *The Stones of Venice* and *Unto This Last* He follows Ruskin through his altruistic ventures with the urban poor to whom he taught drawing motivated by a profound conviction that art held the key to living a worthwhile life Ultimately Ballantyne weaves Ruskin's story into a larger one about Victorian society a time when the first great industrial cities took shape and when art could finally reach beyond the wealthy elite and touch the lives of everyday people

The Quest of the Absolute Louis Dupré, 2013-09-30 This eagerly awaited study brings to completion Louis Dupré's planned trilogy on European culture during the modern epoch Demonstrating remarkable erudition and sweeping breadth *The Quest of the Absolute* analyzes Romanticism as a unique cultural phenomenon and a spiritual revolution Dupré philosophically reflects on its attempts to recapture the past and transform the present in a movement that is partly a return to premodern culture and partly a violent protest against it Following an introduction on the historical origins of the Romantic Movement Dupré examines the principal Romantic poets of England Wordsworth Coleridge Shelley Keats Germany Goethe Schiller Novalis Hölderlin and France Lamartine de Vigny Hugo all of whom from different perspectives pursued an absolute ideal In the chapters of the second part he concentrates on the critical principles of Romantic aesthetics the

Romantic image of the person as reflected in the novel and Romantic ethical and political theories In the chapters of the third more speculative part he investigates the comprehensive syntheses of romantic thought in history philosophy and theology The Quest of the Absolute is an important work both as the culmination of Dupr s ongoing project and as a classic in its own right The book will meet the expectations of the specialist as well as appeal to more general readers with philosophical cultural and religious interests The Works of John Ruskin: Lectures on landscape.
