The Russian Revolutionary Emigres, 1825-1870 Martin A. Miller, 2019-12-01 Originally published in 1986 Martin A Miller author of the definitive biography of the exiled revolutionary Peter Kropotkin traces the history of the first generations of Russians who went to Western Europe to devote their lives to anti tsarist politics Refusing to assimilate abroad and unable to return home the migr s political orientations were influenced by intellectual and social currents in both Russia and Europe Miller undertakes a major reassessment of the migr contribution to the Russian revolutionary movement Starting with Nikolai Turgenev who in 1825 was declared the first migr by a special act of the Russian government the exiles formed a unique social and political group Miller takes a biographical approach in tracing the progression from a disparate community of intellectuals unable to act together to promote their own program for change to a more cohesive second migr generation that provided the foundation for collective action and the development of a revolutionary ideology The creation of the Russian migr press Miller argues gave identity and momentum to the migr s and helped promote their program of revolution and a new social order The Russian Revolutionary Emigres 1825 1870 concludes with the death in 1870 of the leading migr figure Alexander Herzen and with an analysis of the impact upon the migr s of the emergence of the populist revolutionary movement within Russia The migr s overcame the loss of their homeland through their version of a future Russia one transformed into a new society where their ideals could be realized When two generations later Lenin returned to Russia after decades in Europe and made this vision a reality his actions built on the foundation laid by his nineteenth century predecessors

phases of the Luftwaffe's operations and organization from its camouflaged origin in the Reichswehr during the period of secret German rearmament following World War I through its participation in the Spanish Civil War and its massive operations and final defeat in World War II with particular attention to the air war on the Eastern Front. In the course of the crucial battles in the East at the close of 1942 the only important mission assigned to the Luftwaffe was that of providing for the support of the Army usually direct support on the field of battle. This remained the Luftwaffe's main mission throughout the year 1943 and was almost exclusively dependent upon Army operations. Therefore in this third volume on the war in Russia it is again necessary in fact even more than before to treat the ground situation in some detail.

1941: The Year Germany Lost the War Andrew Nagorski, 2019-06-04 Bestselling historian Andrew Nagorski brings keen psychological insights into the world leaders involved. Booklist during 1941 the critical year in World War II when Hitler's miscalculations and policy of terror propelled Churchill, FDR and Stalin into a powerful new alliance that defeated Nazi Germany. In early 1941 Hitler's armies ruled most of Europe. Churchill's Britain was an isolated holdout against the Nazi tide but German bombers were attacking its cities and German U-boats were attacking its ships. Stalin was observing the terms of the Nazi Soviet Pact and Roosevelt was vowing to keep the United States out of the war. Hitler was confident that his aim of total victory was within reach. But by the end of 1941 all that changed. Hitler had repeatedly gambled on escalation and lost by invading the Soviet Union and committing a series of disastrous military blunders by making mass murder and terror his weapons of choice and by rushing to declare war on the United States after Japan's attack on Pearl Harbor. Britain emerged with two powerful new allies, Russia and the United States. By then Germany was doomed to defeat. Nagorski illuminates the actions of the major characters of this pivotal year as never before. 1941: The Year Germany Lost the War is a stunning and entertaining. The Wall Street Journal examination of unbridled megalomania versus determined leadership. It also reveals how 1941 set the Holocaust in motion and presaged the postwar division of Europe triggering the Cold War. 1941 was the year that shaped not only the conflict of the hour but the course of our lives even now.
