**Russia and Europe, 1825-1878** Andrei Lobanov-Rostovsky, 1954      The Europecentric Historiography of Russia Elizabeth Beyerly, 2018-12-03 No detailed description available for The Europecentric Historiography of Russia      *The European Pentarchy and the Congress of Verona, 1822* I.C. Nichols, 2012-12-06 For one reason or another modern historians have neglected the Congress of Verona some because they thought the field already had been thoroughly plowed while others doubted that enough material could be found for more than an article or two on the subject Indeed not a single book length monograph of this international assembly has ever been published in any language This study therefore attempts to fill the gap by 1 explaining the genesis of the Congress 2 furnishing a comprehensive account of its work 3 revising some of the interpretations of Sir Charles K Webster Harold W V Temperley and others and 4 analyzing the significance of the Congress with emphasis on its contribution to the fall of the Quintuple Alliance a consequence aided by the dissimilar and often contradictory interests of the allies themselves This book is essentially a diplomatic history but diplomats of course do not live in a vacuum Numerous political social commercial financial and sometimes even religious factors impinge upon their consciousness      **Finland and Europe** Juhani Paasivirta, 1962-02-01 Finland and Europe was first published in 1982 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions In 1808 the Grand Duchy of Finland part of the Swedish kingdom since the thirteenth century was invaded and in 1809 annexed by Russia events which took place within the context of the Napoleonic wars but whose significance was obscure to most Finns and to the outside world as well During the nineteenth century Finnish national identity grew and Finland began to play a role in European politics This book traces the course of Finnish involvement in European affairs from the time when it became an autonomous Grand Duchy within the Russian Empire down to the First World War Juhani Paasivirta's analysis is centered upon eleven international crises including the Russian annexation of Finland the fall of Napoleon two revolutions in Poland the revolutions of 1848 the Franco Prussian War and the Paris Commune the Russo Turkish and Russo Japanese wars and the outbreak of the First World War Paasivirta writes from two vantage points he records the reactions to these events in Finland across a broad social and economic spectrum and the attitudes towards the Finnish situation in Sweden England France and Germany Finland's relationship with Russia and her necessarily realistic regard for the security of the Russian Empire were important matters faced by Finnish leaders Paasivirta shows how this delicate relation collapsed making way for a course that led to Finnish independence in 1917      **National and International Security** Michael Sheehan, 2018-01-18 This title was first published in 2000 This series brings together significant journal articles appearing in the field of comparative politics over the past 30 years The aim is to render accessible to teachers researchers and students an extensive range of essays to provide a basis for understanding the established terrain and new ground This volume introduces the undergraduate to a significant body of the

Braumoeller, 2013-02-11 Do great leaders make history Or are they compelled to act by historical circumstance This debate has remained unresolved since Thomas Carlyle and Karl Marx framed it in the mid nineteenth century yet implicit answers inform our policies and our views of history In this book Professor Bear F Braumoeller argues persuasively that both perspectives are correct leaders shape the main material and ideological forces of history that subsequently constrain and compel them His studies of the

Congress of Vienna the interwar period and the end of the Cold War illustrate this dynamic and the data he marshals provide systematic evidence that leaders both shape and are constrained by the structure of the international system

Theories of War and Peace Michael E. Brown, Owen R. Cote, Jr., Sean M. Lynn-Jones, Steven E. Miller, 1998-09-15 New approaches to understanding war and peace in the changing international system What causes war How can wars be prevented Scholars and policymakers have sought the answers to these questions for centuries Although wars continue to occur recent scholarship has made progress toward developing more sophisticated and perhaps more useful theories on the causes and prevention of war This volume includes essays by leading scholars on contemporary approaches to understanding war and peace The essays include expositions analyses and critiques of some of the more prominent and enduring explanations of war Several authors discuss realist theories of war which focus on the distribution of power and the potential for offensive war Others examine the prominent hypothesis that the spread of democracy will usher in an era of peace In light of the apparent increase in nationalism and ethnic conflict several authors present hypotheses on how nationalism causes war and how such wars can be controlled Contributors also engage in a vigorous debate on whether international institutions can promote peace In a section on war and peace in the changing international system several authors consider whether rising levels of international economic independence and environmental scarcity will influence the likelihood of war

Nesselrode and the Russian Rapprochement with Britain, 1836-1844 Harold N. Ingle, 1976 Count Karl Nesselrode Russian foreign minister 1816-1856 was a controversial figure in the government of Nicholas I The rapprochement with Britain perhaps his finest achievement was opposed at every step by Russians who regarded Britain as a rival It was later condemned by tsarist historians as an example of the cosmopolitan diplomacy that weakened their country in competition with the Western powers Soviet historians have followed their lead asserting that it was against national interests But Nesselrode did avoid war in a series of dangerous confrontations in Asia and the Near East outmaneuvering opponents who wanted to meet Britain head on and he managed to extricate Russia from diplomatic isolation at the same time Finally he advanced bipartisanship in an agreement on the Eastern Question that led to the renewal of the European concert He was working to extend the areas of cooperation particularly by promoting freer trade and commerce when his opponents more effectively countered his influence in the mid 1840s Jacket flap
