

What were the primary differences by the eighteenth century between Russia and the West?

1. Dominance of the nobility greater than in West
2. dependent on increasingly coercive system of serfdom as West was developing different labor patterns
3. by 1649 serfdom was a hereditary caste
4. failure of urbanization
5. remained almost entirely agricultural
6. lack of substantial merchant class left state in control of capitalizing industrial development
7. could not avoid dependence on West.

Russia And The West In The Eighteenth Century:

Russia and the West in the Eighteenth Century Study Group on Eighteenth-Century Russia,1983

Eighteenth-century Russia Study Group on Eighteenth-Century Russia. International Conference,2007 This volume brings together forty papers from the Study Group s very successful international conference held in Wittenberg in 2004 The contributors include scholars from Russia Britain Germany Italy and the US papers are written in English and in Russian Topics range widely over the life of the Empire and its emerging modern society institutions and discourses The volume brings together new research on literature and its social context on cultural models and reception on social groups and individuals on history law and economy it offers an exciting interdisciplinary insight into Imperial Russia in the long eighteenth century

Russia and the West in the Eighteenth Century David M. Griffiths,1979 **Politics and Culture in Eighteenth-Century Russia** Isabel De Madariaga,2014-06-17 This is a collection of thirteen major essays on eighteenth century Russia by one of the most distinguished Western historians They illustrate and explore three major themes the development of the Russian state and Russian society in the years when Russia was changing from a minor power on the European periphery to a major actor on the continental stage the influence of western ideas and western thought on Russian politics and culture and the impact of the Enlightenment on Russia This is a substantial contribution not just to the history of Russia but to early modern Europe generally

A Rosicrucian Utopia in Eighteenth-Century Russia Raffaella Faggionato,2006-01-18 The author undertakes an investigation into the history of Russian Freemasonry that has not been attempted previously Her premise is that the Russian Enlightenment shows peculiar features which prevent the application of the interpretative framework commonly used for the history of western thought The author deals with the development of early Russian masonry the formation of the Novikov circle in Moscow the programme of Rosicrucianism and the character of its Russian variant and finally the clash between the Rosicrucians and the State The author concludes that the defenders of the Ancien R gime were not wrong In fact the democratic behaviour the critical attitude the practice of participation the freedom of thought the tolerance for the diversity the search for a direct communication with the divinity in short all the attitudes and behaviours first practiced inside the eighteenth century Rosicrucian lodges constituted a cultural experience which spread throughout the entire society Novikov s imprisonment in 1792 and the war against the Rosicrucian literature were attempts to thwart a culture based on the independence of thought that was taking root inside the very establishment representing a menace to its stability

The Visual Dominant in Eighteenth-Century Russia Marcus C. Levitt,2011-10-01 The Enlightenment privileged vision as the principle means of understanding the world but the eighteenth century Russian preoccupation with sight was not merely a Western import In his masterful study Levitt shows the visual to have had deep indigenous roots in Russian Orthodox culture and theology arguing that the visual played a crucial role in the formation of early modern Russian culture and identity Levitt traces the early modern Russian quest for visibility from jubilant self

discovery to serious reflexivity to anxiety and crisis The book examines verbal constructs of sight in poetry drama philosophy theology essay memoir that provide evidence for understanding the special character of vision of the epoch Levitt's groundbreaking work represents both a new reading of various central and lesser known texts and a broader revisualization of Russian eighteenth century culture Works that have considered the intersections of Russian literature and the visual in recent years have dealt almost exclusively with the modern period or with icons The Visual Dominant in Eighteenth Century Russia is an important addition to the scholarship and will be of major interest to scholars and students of Russian literature culture and religion and specialists on the Enlightenment

The Literature of Roguery in Seventeenth- and Eighteenth-century Russia Marcia A. Morris, 2000 This study of the flowering and the antecedents of the picaresque in 17th century Russia seeks to offer new insight into both the genre and its broad appeal to Russian readers Morris resurrects 18th century picaresques revealing their fusion of Western and indigenous aesthetics

Russia and the West in the Eighteenth Century, *Eighteenth Century Russia* Philip Clendenning, Roger P. Bartlett, 1981 *Translation and the Westernization of Eighteenth-Century Russia* Sergey Tyulenev, 2012-09-03 The book considers the role of translation in the reformation of Russia along Western European lines in the eighteenth century Translation is presented as a key social systemic factor in the dynamics of the relationship between the system and its environment between Russia and Western Europe The author draws on contemporary historiography and social theory primarily Niklas Luhmann's social systems theory but also concepts of other sociologists and historians such as Gumilev Bourdieu Habermas Jameson amongst others This allows the author to conduct a comprehensive analysis of social involvements of translation Importantly this case study aspires to pave the way for research of the social role of translation of universal validity

The Jacobites and Russia, 1715-1750 Rebecca Wills, 2002 This groundbreaking study explores the role played by the Jacobite diaspora in Russia in the saga of Jacobite intrigue and British foreign policy in the period between 1715 and 1750 Drawing on both Russian and British sources it follows the changing fortunes of Jacobitism in Russia as a key influence on European diplomacy

The Bentham Brothers and Russia Roger Bartlett, 2022-09-29 The jurist and philosopher Jeremy Bentham and his lesser known brother Samuel equally talented but as a naval architect engineer and inventor had a long love affair with Russia Jeremy hoped to assist Empress Catherine II with her legislative projects Samuel went to St Petersburg to seek his fortune in 1780 and came back with the rank of Brigadier General and the idea famously publicised by Jeremy of the Inspection House or Panopticon The Bentham Brothers and Russia chronicles the brothers later involvement with the Russian Empire when Jeremy focused his legislative hopes on Catherine's grandson Emperor Alexander I ruled 1801-25 and Samuel found a unique opportunity in 1806 to build a Panopticon in St Petersburg the only panoptical building ever built by the Benthams themselves Setting the Benthams projects within an in depth portrayal of the Russian context Roger Bartlett illuminates an important facet of their later careers and offers insight into their world view and way of thought He also contributes towards the history of legal

codification in Russia which reached a significant peak in 1830 and towards the demythologising of the Panopticon made notorious by Michel Foucault the St Petersburg building still relatively unknown is described here in detail on the basis of archival sources The Bentham's interactions with Russia under Alexander I constituted a remarkable episode in Anglo Russian relations this book fills a significant gap in their history **The Military History of Tsarist Russia** F. Kagan, R.

Higham, 2016-04-30 The Military History of Tsarist Russia examines Russian military history from the rise of the Muscovite state to the present even peeking briefly into the future The volume covers Russia's land forces extensively but also covers the development of the Russian Navy and the creation and development of the Russian Air Force parts of the Russian military machine that are frequently neglected in general writings The historical analysis addresses the development and function of the Russian military whether in peace or in war as well as the impact of war and changes in the military upon Russian society and politics Questions of military organization doctrine and technique are paramount as well as the critical question of the interface between the armed forces and society **Russia and the Russians** Geoffrey A. Hosking, 2001 Chronicles the

history of the Russian Empire from the Mongol Invasion through the Bolshevik Revolution to the aftereffects of the Cold War

The Standard of Living and Revolutions in Russia, 1700-1917 Boris Nikolaevich Mironov, 2012 This is the first full scale anthropometric history of Imperial Russia 1700 1917 It mobilizes an immense volume of archival material to chart the growth weight and other anthropometric indicators of the male and female populations in order to chart how the standard of living in Russia changed over slightly more than two centuries It draws on a wide range of data statistics on agricultural production taxation prices and wages nutrition and demography to draw conclusions on the dynamics in the standard of living over this long period of time The economic social and political interpretation of these findings make it possible to reconsider the prevailing views in the historiography and to offer a new perspective on Imperial Russia *The Modernisation of Russia,*

1676-1825 Simon Dixon, 1999-07-29 This is the first book to place Russia's long eighteenth century squarely in its European context The conceptual framework is set out in an opening critique of modernisation which while rejecting its linear implications maintains its focus on the relationship between government economy and society Following a chronological introduction a series of thematic chapters covering topics such as finance and taxation society government and politics culture ideology and economy emphasise the ways in which Russia's international ambitions as an emerging great power provoked administrative and fiscal reforms with wide ranging and often unanticipated social consequences This thematic analysis allows Simon Dixon to demonstrate that the more the tsars tried to modernise their state the more backward their empire became A chronology and critical bibliography are also provided to allow students to discover more about this colourful period of Russian history **Russia in the Nineteenth Century** A. I. U. Polunov, Thomas C. Owen, L. G

Zakharova, 2015-02-12 This is a comprehensive interpretive history of Russia from the defeat of Napoleon to the eve of World War I It is the first such work by a post Soviet Russian scholar to appear in English Drawing on the latest Russian and

Western historical scholarship Alexander Polunov examines the decay of the two central institutions of tsarist Russia serfdom and autocracy Polunov explains how the major social groups the gentry merchants petty townspeople peasants and ethnic minorities reacted to the Great Reforms and why despite the emergence of a civil society and capitalist institutions a reformist evolutionary path did not become an alternative to the Revolution of 1917 He provides detailed portraits of many tsarist bureaucrats and political reformers complete with quotations from their writings to explain how the principle of autocracy although significantly weakened by the Great Reforms in mid century reasserted itself under the last two emperors Polunov stresses the relevance for Russians in the post Soviet period of issues that remained unresolved in the pre Revolutionary period such as the question of private property in land and the relationship between state regulation and private initiative in the economy

An Economic History of Russia: The rise and fall of bondage right James Mavor, 1914

The Rise and Fall of Latin Humanism in Early-Modern Russia Max J. Okenfuss, 1995-08-01

The Rise and Fall of Latin Humanism in Early Modern Russia argues that between 1650 and 1789 Russia flirted with Western Europe's Latin Humanism However all levels of society especially the nobility consistently rejected the pagan authors of Latinate culture propagated by Ukrainian clergy An examination of the printing industry Latin teaching and private libraries in Russia and excursions into the thought of Russia's enlighteners demonstrate that Latin authors had little impact on Russia especially the nobility traditionally regarded as the advocate of Western educational and cultural values The book contributes to our understanding of the reforms of Peter the Great of Catherine's enlightened reputation of the origins of the intelligentsia and of the cultural ties between Russians and the peoples they annexed in early modern times
